Earle,2014-03-01 A universal test of great writers is the quality of their response to the human dilemma Prophet in the Wilderness traces the development of that response in the works of the Argentine writer Ezequiel Martínez Estrada from the first ambitious poems

to its definitive expression in the essays and short stories His theme is progressive disillusionment in history and in personal experience both of which are interpreted in his work as accumulations of error Modern civilization he believes has created many more problems than it has solved Like Schopenhauer Freud and Spengler the three thinkers who influenced him most Mart nez Estrada found in real events and circumstances all the symbols of disenchantment Many today have begun to share this disenchantment for since the publication of X Ray of the Pampa in 1933 the real world has become more and more like his symbolic world Prophet in the Wilderness examines Mart nez Estrada s foremost concern the world as a complex reality to be discovered behind the image of one s own most intimate community For him the community assumed many forms Buenos Aires the enigmatic metropolis the cathedral in his story The Deluge the innumerable family of Marta Riquelme Argentina itself in his masterpiece X Ray of the Pampa Mart nez Estrada is the great solitary of Hispanic American literature independent of all fashions and trends With Borges he had become by 1950 one of the two most discussed writers in Argentina

An Expedition to the Ranquel Indians Lucio V. Mansilla, 2014-09-05 The encounter between Native American peoples and Europeans and their descendants has marked the history of every nation in the Americas both North and South Lucio Mansilla s Una excursi n a los indios ranqueles published in Argentina in 1870 is one of very few works in American letters that presents a vivid firsthand account of a noncombative encounter between Native American and European civilizations This volume is the first English translation of Mansilla s classic work Long noted for its humor adventurousness and narrative ingenuity the book offers penetrating insights into fundamental issues of civilization and barbarism immigration ethnic and racial diversity and land ownership and tenancy Mansilla alone among his contemporaries espoused open dialogue as the best approach to the Indian problem Although the peace accord he sought to enact with the Ranquels was summarily disregarded by the Argentine government which slowly gravitated towards a policy of ethnic cleansing and expropriation of Indian lands the Expedition does narrate a rehearsal for a reconciliation that in the end never took place

Between civilization & barbarism Francine Masiello, 1992 Evoking the famous watchwords of Argentine president Domingo Sarmiento 1868-74 *Between Civilization and Barbarism* explores the positioning of women within the Argentine nation and argues that women neither sought alliance with the civilizing agenda of leading statesmen nor found identity in the extreme poses of barbarism to which some intellectuals had condemned them Instead women used literary and political texts to surpass the tightly outlined roles assigned to them Beginning with literary and journalistic texts written by and about women from the time of Sarmiento Francine Masiello traces strategic shifts in the discourse on gender at moments of national crisis She considers not only novels and guides to female behavior written by and for privileged women but also newspapers and political tracts produced by women of the working class Extending her study into the urban expansion and modernization of the 1920s Masiello explores the nature of gender relations posited in treatises on crime and public disorder and in the texts of avant garde and social realist writers In addressing such representations of women as well as the effects of ideology and history on writing Masiello offers bold new insights into the development of Latin American women's literature and illuminates the role of women in forming the culture of present day Argentina
Eva Perón Julie Taylor, 1981-02-15 Eva Perón one of the most powerful women in the world at the time of her death in 1952 rose from humble origins to international renown as First Lady of Argentina and the force behind the throne of her husband Juan Perón Despite her immense popularity she was inaccessible to the people of Argentina and so images were constructed around her to fill that void According to Julie M Taylor these myths around Eva Perón reflect Argentine culture and political history at the time of her seven year reign With a brief biography of Eva Perón serving as a backdrop Taylor offers a detailed analysis of the principal myths that grew around this enigmatic woman Taylor shows that she is remembered by different classes and political factions as saint a revolutionary or a whore depending on whether she was interpreted as an embodiment or as a violation of the Argentine feminine ideal Booklist Highly commendable it deliberately eschews the sensationalism that characterizes earlier biographies Taylor instead concentrates on the myths that have lingered since her death This book transcends biography *Gentlemen's Quarterly* A

concise and brilliant examination of the legends that arose in Argentina during the lifetime of a woman who broke with Argentine tradition and became a political figure in her own right New Yorker **Three Traveling Women Writers**
Natália Fontes de Oliveira, 2017-09-13 This book presents an alternative framework for reading nineteenth century women's travel narratives by challenging the traditional paradigms which often limit women's space in print culture For the first time through a comparative lens a Latin American woman's travel narrative is analyzed concomitantly with the narratives of a North American and a European writer Contrary to the common assumption that Latin American women were powerless victims of imperialism elite women had access to the predominant philosophies of their time traveled around the globe and wrote about their experiences This book examines how an Argentinian writer together with an English and an American writer manipulate their bourgeois identity to inhabit the male dominated sphere of print culture By travelling and publishing travel narratives the three traveling women writers search for empowerment to establish their authority as writers and shapers of knowledge in literature Utilizing several concepts and criticisms including Aristotle's rhetoric Foucault's theories travel writing criticism postcolonial discourse and feminist literary criticism this volume attempts to challenge old fashioned archetypes and confinements of gender for traveling women writers in the nineteenth century
