Mary of Mercy in Medieval and Renaissance Italian Art Katherine T. Brown, 2017-07-05 Mater Misericordiae Mother of Mercy emerged as one of the most prolific subjects in central Italian art from the late thirteenth through the sixteenth centuries With iconographic origins in Marian cult relics brought from Palestine to Constantinople in the fifth century the amalgam of attributes coalesced in Armenian Cilicia then morphed as it spread to Cyprus An early concept of Mary of Mercy the Virgin standing with outstretched arms and a wide mantle under which kneel or stand devotees entered the Italian peninsula at the ports of Bari and Venice during the Crusades eventually converging in central Italy The mendicant orders adopted the image as an easily recognizable symbol for mercy and aided in its diffusion In this study the author's primary goals are to explore the iconographic origins of the Madonna della Misericordia as a devotional image by identifying and analyzing key attributes to consider circumstances for its eventual overlapping function as a secular symbol used by lay confraternities and to discuss its diaspora throughout the Italian peninsula Western Europe and eastward into Russia and Ukraine With over 100 illustrations the book presents an array of works of art as examples including altarpieces frescoes oil paintings manuscript illuminations metallurgy glazed terracotta stained glass architectural relief sculpture and processional banners

Purkis, Matthew Gabriele, 2016 Essays on the various manifestations of Charlemagne and his legends This book explores the multiplicity of ways in which the Charlemagne legend was recorded in Latin texts of the central and later Middle Ages moving beyond some of the earlier canonical raw materials such as Einhard s *Vita Karoli Magni* to focus on productions of the eleventh to fifteenth centuries A

Full of Grace Judith Dupre, 2010-11-02 Two thousand years ago a girl from Nazareth was transformed by a simple yes into the Mother of God the subject of sublime devotion divisive controversy and extravagant speculation A mother and a virgin a saint and a peasant a woman both tragic and triumphant Mary has held sway over the human imagination for centuries Yet she has never felt as relevant to our everyday lives as she does today In *Full of Grace* Judith Dupr the bestselling author of *Churches* offers an intimate exploration of this beloved figure now and through the ages In a series of poignant stories and essays Dupr examines Mary's artistic cultural and historical influence and at the same time shows how Mary's human journey of love compassion grief and humble strength inextricably connects her to our modern lives Accompanied by a breathtaking visual feast ranging from classic Renaissance portraits to unexpected contemporary images Dupr's text offers insights into the Virgin Mary as a mother and as a religious icon Visits to the great shrines of Marian pilgrimage Lourdes Medjugorje Fatima and the Basilica of Our Lady of Guadalupe underscore the author's journey to find Mary's meaning in her own life In an essay about Mary in the Qur'an we see how Mary far from being an exclusively Catholic figure emerges as one of the central women in Islam Another piece details the author's travels in the Holy Land a landscape wracked by religious strife but still overflowing with the spirit of generosity that Mary embodies From Sudanese refugee camps to the painful reminders of Auschwitz from the struggle of divorce to the challenges of raising a child with autism we see how Mary's tenderness bravery and grace infuse the story of every mother young and old For men and women seeking to better understand their own life journey this book looks at the many miracles large and small along the way From the Hardcover edition

Mary in Early Christian Faith and Devotion Stephen J. Shoemaker, 2016-01-01 For the first time a noted historian of Christianity explores the full story of the emergence and development of the Marian cult in the early Christian centuries The means by which Mary mother of Jesus came to prominence have long remained strangely overlooked despite or perhaps because of her centrality in Christian devotion Gathering together fresh information from often neglected sources including early liturgical texts and Dormition and Assumption apocrypha Stephen Shoemaker reveals that Marian devotion played a far more vital role in the development

of early Christian belief and practice than has been previously recognized finding evidence that dates back to the latter half of the second century Through extensive research the author is able to provide a fascinating background to the hitherto inexplicable explosion of Marian devotion that historians and theologians have pondered for decades offering a wide ranging study that challenges many conventional beliefs surrounding the subject of Mary Mother of God *The Sacred Home in Renaissance Italy* Abigail Brundin, Deborah Howard, Mary Laven, 2018-07-11 The Sacred Home in Renaissance Italy explores the rich devotional life of the Italian household between 1450 and 1600 Rejecting the enduring stereotype of the Renaissance as a secular age this interdisciplinary study reveals the home to have been an important site of spiritual revitalization Books buildings objects spaces images and archival sources are scrutinized to cast new light on the many ways in which religion infused daily life within the household Acts of devotion from routine prayers to extraordinary religious experiences such as miracles and visions frequently took place at home amid the joys and trials of domestic life from childbirth and marriage to sickness and death Breaking free from the usual focus on Venice Florence and Rome The Sacred Home investigates practices of piety across the Italian peninsula with particular attention paid to the city of Naples the Marche and the Venetian mainland It also looks beyond the elite to consider artisanal and lower status households and reveals gender and age as factors that powerfully conditioned religious experience Recovering a host of lost voices and compelling narratives at the intersection between the divine and the everyday The Sacred Home offers unprecedented glimpses through the keyhole into the spiritual lives of Renaissance Italians Mexican Phoenix D. A. Brading, 2001 Juan Diego to whom the Virgin Mary appeared in 1531 miraculously imprinting her likeness on his cape was canonised in Mexico in 2002 by Pope John Paul II In 1999 the revered image of Our Lady of Guadalupe had been proclaimed patron saint of the Americas by the Pope How did a poor Indian and a sixteenth century Mexican painting of the Virgin Mary attract such unprecedented honours Across the centuries the enigmatic power of the image has aroused fervent devotion in Mexico it served as the banner of the rebellion against Spanish rule and despite scepticism and anti clericalism still remains a potent symbol of the modern nation This book traces the intellectual origins the sudden efflorescence and the adamant resilience of the tradition of Our Lady of Guadalupe and will fascinate anyone concerned with the history of religion and its symbols Arch Of Society Thomas Levy, 1995-01-01 This volume marks a departure from earlier descriptive archaeological summaries of the Holy Land Taking an anthropological and socio economic perspective many of the leading archaeologists who work in Israel and Jordan today present timely and concise summaries of the archaeology of this region Chronologically organized each chapter outlines the major cultural transitions which occurred in a given archaeological period To explain the processes which were responsible for culture change a review is made of the most recent research concerning settlement patterns innovations and technology religion and ideology and social organization The material culture of every period of human history in the Holy Land is explored from the earliest prehistoric hominids through the Biblical and historical periods and up to modern 20th century

times Each chapter is accompanied by settlement pattern maps and a plate highlighting the major artifacts which archaeologists use to identify the material culture of the period In addition windows are presented which focus on major social issues and controversies such as The Agricultural Revolution the Israelite Conquest of Canaan and Ancient Metal Working and Social Change This volume should provide students and the general reader with a useful reference volume concerning the archaeology of societies which lived and live in the Holy Land Creative Art Rockwell Kent, Lee Simonson, 1931 Includes book reviews Collecting Art in the Italian Renaissance Court Leah R. Clark, 2018-06-28 This book presents a new perspective on the Italian Renaissance court by examining the circulation collection and exchange of art objects *Sing of Mary* Stephanie A. Budwey, 2014 Throughout the history of Christianity Mary has been a beacon of hope to many who look to her While Christians have always prayed to Mary they have also sung to her in times of joy and sorrow *Sing of Mary* analyzes Marian hymnody throughout Christianity and particularly in the Roman Catholic Church in the United States from 1854 to today focusing not only on the texts and music but also on the contexts out of which these hymns came By using a holistic methodology drawing from anthropology history liturgy musicology psychology sociology and theology this study takes an interdisciplinary approach toward studying Marian theology and devotion through the lens of hymnody This volume accessible to both laypeople and academics provides readers with a clear and full understanding of Marian hymnody by looking at many examples throughout the history of Christianity up through the present thus shedding light on the history of Marian devotion and theology The work concludes by providing hope for the future of Marian congregational song particularly by exploring how the Magnificat can help Marian congregational song be meaningful to a wide range of Christians **Cross Veneration in the Medieval Islamic World** Charles Tieszen, 2016-02-28 One of the most common religious practices among medieval Eastern Christian communities was their devotion to venerating crosses and crucifixes Yet many of these communities existed in predominantly Islamic contexts where the practice was subject to much criticism and often resulted in accusations of idolatry How did Christians respond to these allegations Why did they advocate the preservation of a practice that was often met with confusion or even contempt To shed light onto these questions Charles Tieszen looks at every known apologetic or polemical text written between the eighth and fourteenth centuries to include a relevant discussion With sources taken from across the Mediterranean basin Egypt Syria and Palestine the result is the first in depth look at a key theological debate which lay at the heart of these communities religious identities By considering the perspectives of both Muslim and Christian authors *Cross Veneration in the Medieval Islamic World* also raises important questions concerning cross cultural debate and exchange and the development of Christianity and Islam in the medieval period This is an important book that will shine much needed light onto Christian Muslim relations the nature of inter faith debates and the wider issues facing the communities living across the Middle East during the medieval period **Mother Queens and Princely Sons** S. Ray, 2012-10-15 This study explores representations of the Madonna and Child in early

modern culture It considers the mother and son as a conceptual religio political unit and examines the ways in which that unit was embodied and performed Of primary interest is the way mothers derived agency from bearing incipient rulers
