

Russian Imperialism and Communism

Outcome: Soviet Imperialism and the Fall of Communism

Russian And Soviet Imperialism

**Tracey German, Kornely
Kakachia, Stephen F. Jones**

Russian And Soviet Imperialism:

Russian Imperialism Ariel Cohen, 1996-08-23 The fall of the Soviet Union was one of the most dramatic events of this century It was also one of the most surprising Evidence of the USSR s impending fall was abundantly available both in theory in the writings on empires and on the ground Yet prior to its downfall the very profession that specialized in the study of the Soviet Union held no consensus that the USSR was an empire to begin with Perhaps because many Sovietologists neglected its status as an empire most Americans were taken completely by surprise when the USSR began its precipitous collapse under Mikhail Gorbachev This book subjects the Soviet Union as an empire to systematic scrutiny using tools and methods at the disposal of modern political science Foreign policy specialists defense experts and Russian area analysts will find this book essential The book is also recommended for undergraduate and graduate courses in Russian and Soviet history and the study of empires **Soviet Imperialism** Waldemar Gurian, 1953 **Russian and Soviet Imperialism** James Foote, 1972

Empire De/Centered Maxim Waldstein, Sanna Tuoma, 2016-05-06 In 1991 the Soviet empire collapsed at a stroke throwing the certainties of the Cold War world into flux Yet despite the dramatic end of this last empire the idea of empire is still alive and well its language and concepts feeding into public debate and academic research Bringing together a multidisciplinary and international group of authors to study Soviet society and culture through the categories empire and space this collection demonstrates the enduring legacy of empire with regard to Russia whose history has been marked by a particularly close and ambiguous relationship between nation and empire building and between national and imperial identities Parallel with this discussion of empire the volume also highlights the centrality of geographical space and spatial imaginings in Russian and Soviet intellectual traditions and social practices underlining how Russia s vast geographical dimensions have profoundly informed Russia s state and nation building both in practice and concept Combining concepts of space and empire the collection offers a reconsideration of Soviet imperial legacy by studying its cultural and societal underpinnings from previously unexplored perspectives In so doing it provides a reconceptualization of the theoretical and methodological foundations of contemporary imperial and spatial studies through the example of the experience provided by Soviet society and culture **Soviet Historians and the Study of Russian Imperialism** George M. Enteen, Tatiana Gorn, Cheryl Kern, C. A. Kern-Simirenko, 1979 Russian Imperialism Dietrich Geyer, 1987-01-01 This book offers a fresh and stimulating analysis of the often elusive relationship between domestic and foreign policy in Russia before the First World War Dietrich Geyer one of Germany s leading historians of Russia discusses a wide variety of economic fiscal institutional and ideological developments within imperial Russia In so doing he brings into sharp relief the difficulties faced by the ruling elites in maintaining Russia s great power position in Europe the Near East and the Far East Now available in English for the first time this widely acclaimed book will be welcomed as an indispensable resource by all those who were unable to read the original German edition By far the most perceptive knowledgeable and intelligent work on the last half century of imperial

Russia in print Theodore H Von Laue Russian History This important tightly packed book analyzes the basic problems of Russian imperialism thoroughly and with enormous erudition Scholars concerned with imperialism and Russian domestic and foreign problems will welcome this thought provoking work David MacKenzie American Historical Review A convincing and important analysis of the mutual dependence of autocratic domestic and foreign politics This book ought to be the occasion for a renewed and wide discussion of Russian imperialism and should give rise to further studies of the question Alan Kimball Slavic Review This is a remarkably good book Good in many respects quality of research and writing breadth of view command of the facts balance and penetration in judgment familiarity with relevant theory The book represents a revived and deepened historicism Paul W Schroeder Journal of Modern History Soviet Russian Imperialism Victor S. Mamatey, 1964 Brief survey of the evolution of Soviet rule over many people of Europe and Asia and prospects for the future by a University of Florida historian **Comparative Perspectives on Imperialism and Empire in Late Imperial Russia** Moritz Deutschmann, 2011 Essay from the year 2009 in the subject History Europe Other Countries Modern Times Absolutism Industrialization European University Institute Department of History Florenz language English abstract There are few topics that have been as present in post Soviet histories as empire and its aftermath Tales of century long Russia oppression have become core elements of many historical narratives in the former Soviet republics In Western European scholarship concepts from imperial history and post colonial studies have had a big influence on the historiography of Russia and the Soviet Union However these are recent phenomena in most histories of Russia written in Russia or the Soviet Union itself as well as in the West before 1991 empire has been left out to an astonishing degree Only for the Soviet Union the so called nationality question was a larger topic appearing in Soviet praise for the friendship of the peoples or condemnation of anti Soviet nationalism and Great Russian chauvinism This essay picks up on some of these issues and looks at how various scholars interested in the imperial aspects of Russian history have put them into a comparative perspective Although the number of works is still limited especially compared to the huge number of studies on different Western European empires it is possible to draw some general conclusions This will also be helpful in considering to what extent Russian experiences could reflect back on more general theories of empire or post colonial studies The Strategy of Russian Imperialism Martin Sicker, 1988-05-06 The USSR s different spheres of influence each present their own special problems This is particularly true of areas outside Eastern Europe and areas non contiguous with the borders of the USSR Sicker defines and clarifies the two major Soviet perceptions of policy that radically differ from most western perspectives patience with long term policy and the belief that class struggle law is of primary importance superseding even international law The first part of the book considers the pattern and process of expansion that has created the USSR s current configuration in Eurasia The chapters demonstrate that in many respects Soviet policies are similar in objective to their Czarist forerunners Part II addresses current problems in Soviet geostrategic politics and includes discussions on their evolution and the necessity of

their solution in order to preserve the viability of the USSR's spheres of influence Investigation of the Ukrainian Famine, 1932-1933 United States. Commission on the Ukraine Famine, 1988 *Russia in Asia* Jane F. Hacking, Jeffrey S. Hardy, Matthew P. Romaniello, 2020-07-22 This edited volume presents new research on Russian Asian connections by historians, art historians, literary scholars and linguists. Of particular interest are imagined communities, social networks and the legacy of colonialism in this important arena of global exchanges within the imperial Soviet and post-Soviet eras. Individual chapters investigate how Russians imagined Asia and its inhabitants, how these different populations interacted across political and cultural divides and how people in Siberia, China and other parts of Asia reacted to Russian imperialism both in its formal and informal manifestations. A key strength of this volume is its interdisciplinary approach to the topic, challenging readers to synthesize multiple analytical lenses to better understand the multivalent connections binding Russia and Asia together.

After Empire Karen Barkey, Mark Von Hagen, 2018-05-15 This volume brings together a group of some of the most outstanding scholars in political science, history and historical sociology to examine the causes of imperial decline and collapse of the Russian, Ottoman and Habsburg empires.

Russian Imperialism Revisited Domitilla Sagramoso, 2020-03-05 This book examines the nature of Russia's relations with the former Soviet states (FSS) in particular with countries which formed the Commonwealth of Independent States in order to assess whether there has been a resurgence of Russian imperialism since the collapse of the USSR. The book sets out to determine whether Russian leaders have attempted to restore a sphere of influence over the former Soviet republics or whether Russia's policies reflect a genuine desire to establish normal state-to-state relations with the new states. It adopts a comprehensive approach, analysing Russia's policies towards the FSS across a broad range of areas: energy, trade and investment, military assistance, security provision and peacekeeping, conflict management, political support and alliance formation. While not denying the Kremlin's assertive role in the FSS, this book challenges the assumption that Russia has always intended to restore a sphere of influence over its Near Abroad. Rather, it argues that Russia's policies are much more complex, multi-faceted and often more incoherent than is often assumed. In essence, Russia's actions generally reflect a combination of legitimate state interests, enduring Soviet legacies and genuine concerns over events unfolding along Russia's borders. This book also shows that at times Great Power nostalgia and a real difficulty with discarding Russia's imperial legacy shapes Russia's behaviour towards the FSS. This book will be of great interest to students of Russian politics and foreign policy, East European politics and International Relations in general.

The Soviet War in Afghanistan Milan Hauner, 1991-08-05 In this volume, historian Milan Hauner brilliantly links the lessons of the Soviet invasion of Afghanistan with the East-West political struggles of today. Masterfully, he demonstrates the geographical and historical predicates of Russian imperialism in Asia. His analysis focuses on the failed military campaign in Afghanistan and Soviet diplomacy in Southwest Asia as a whole. The results are impressive. The reader is given the advantage of a fuller historical spectrum and can better grasp the true shape of the present. More

importantly the reader can look into the future From this vantage point the constraints possibilities and obligations of U S diplomacy become more clear Co published with the Foreign Policy Research Institute

History and Politics Adam Jarosz,Ralph Schattkowsky,2018-04-18 History and politics are interlinked with unbreakable bonds as is manifested primarily in the use of historical arguments in political disputes Regardless of the ideological views represented time period and geographical location politicians consistently and frequently use such arguments with a high degree of effectiveness Driven by a variety of motives they use the category of the past re interpret it and decide what should be remembered and what should be removed from the so called collective memory In practice this means that a properly prepared and delivered narrative of the past can become a powerful instrument in the hands of the ruling class influencing the social and political reality of the country concerned Control of the past and its correct reconstruction can thus effectively contribute to gaining boosting and consolidating power by a political entity An appropriately shaped awareness of the past thus serves an only ancillary role to politics satisfying social expectations and ideological visions Thus the past or rather the memory of it when becoming a topic of interest in the domain of politics forces the creators of the politics of history to improve the tools and mechanisms they wield to ensure its more efficient use

The Shadow of Colonialism on Europe's Modern Past R. Healy,E. Dal Lago,Enrico Dal Lago,2014-10-28 Through a range of case studies from eastern and western Europe this book breaks new ground in investigating the extent to which European peoples living within Europe were also subjected to the ideologies and practices of colonialism

The Sovietization of Eastern Europe Balzs Apor,Péter Apor,Rees E. A.,2008-04-21 This essay anthology offers enlightening perspectives on how East Central Europe was transformed into the other Europe during the Cold War era When the Second World War ended a new conflict arose between world powers jockeying for supremacy The Soviet Union pursued a policy of exporting its system of government in a process known as sovietization But there were also governments that sought to adopt a Soviet way of life on their own accord Dictated by ideological imperatives both styles of sovietization employed socialist strategies of state and nation building This volume not only examines the imposition of new forms of government but also the socialist response to modernity as reflected in approaches to new technology and management consumption and leisure patterns religious and educational policy political rituals and attitudes to the past The essays explore the diversity and the tensions within the sovietization process in the countries of the region This collection is a bold and timely attempt at shedding light on a rather insufficiently researched topic the diverse approaches ranging from socio cultural and economic history to psycho history Dr Dragos Petrescu University of Bucharest

Fraternity as an Overlooked Element in Global Politics Joanna Kulska,Anna M. Solarz,2025-05-06 This collection of chapters explores the often overlooked concept of fraternity positioning it alongside freedom and equality as a vital pillar of political discourse from its ancient origins to contemporary practice In a comprehensive framework the book delves into fraternity s evolving meanings contexts and functions across Western and

non Western settings It highlights fraternity s relational dimension examining it as a term that overlaps with solidarity community and civic friendship The contributors investigate fraternity from three key perspectives its ambivalence and complexity rooted in the tension between inward and outward orientations and its dual presence in secular and religious discourse By uncovering these layers the chapters reveal how fraternity continues to shape and redefine our social and political landscapes Targeted towards students academics and general readers this thought provoking anthology invites readers to reconsider the importance of fraternity in modern society and its potential to foster connections in an increasingly fragmented world

The Nationality Problem of the Soviet Union and Russian Communist Imperialism Roman Smal-Stocki,1953

Georgia's Foreign Policy in the 21st Century Tracey German,Kornely Kakachia,Stephen F. Jones,2022-01-27 The South Caucasus is the key strategic region between the Black Sea and Caspian Sea and the regional powers of Iran Turkey and Russia and is the land bridge between Asia and Europe with vital hydrocarbon routes to international markets This volume examines the resulting geopolitical positioning of Georgia a pivotal state and lynchpin of the region illustrating how and why Georgia s foreign policy is multi vectored facing potential challenges from Russia internal and external nationalisms the possible break up of the European project and EU support and uncertainty over the US commitment to the traditional liberal international order

selected solutions to problems in complex analysis mcgill - Aug 15 2023

web honours complex analysis some additional problems¹⁷ these are mostly problems from ahlfors complex analysis page 28
 problem 1 let f, c be holomorphic in D and g, c be holomorphic where f then the map $g \circ f \circ c$ is holomorphic indeed it suffices to
 show that $g \circ f$ is complex differentiable at every point of D and hence as

solutions manual to ahlfors complex analysis docsity - Jun 13 2023

web solutions to ahlfors complex analysis by dustin smith 1 complex numbers 1 1 the algebra of complex numbers 1 1 1
 arithmetic operations 1 find the values of $1 - 2i, 3 + 5i, 3 - 4i, 2 + i, 3 - 2i, 2 + i, n + i, n$ for the first problem we have $1 - 2i, 3$
solutions to ahlfors complex analysis academia.edu - Mar 10 2023

web solutions to ahlfors complex analysis andrés vargas $1 + i, n + i, n$ for the first problem we have $1 - 2i, 3 + 5i, 3 - 4i, 1 - 2i, 1 + i, 2i$ for the
 second problem we should multiply by the conjugate $3 - 4i$

solutions to ahlfors complex analysis - Jul 14 2023

web 4 find the conditions under which the equation $az + bz + c = 0$ in one complex unknown has exactly one solution and compute
 that solution let $z = x + iy$ then $az + bz + c = a(x + iy) + b(x + iy) + c = 0$ $a + b = 0$ $1 - 6a + a + b = 0$ $1 - 6b$ lets consider equation $1 - 6b$ we either have that a
 or $y = 0$ if a then wlog equation $1 - 6a$ can be written as
