Garcia,2015-03-10 This book uses evolutionary psychology as a lens to explain religious violence and oppression The author a clinical psychologist examines religious scriptures rituals and canon law highlighting the many ways in which our

evolutionary legacy has shaped the development of religion and continues to profoundly influence its expression The book focuses on the image of God as the dominant male in Judaism Christianity and Islam This traditional God concept is seen as a reflection of the dominant ape paradigm so evident in the hierarchical social structures of primates with whom we have a strong genetic connection The author describes the main features of male dominated primate social hierarchies specifically the role of the alpha male as the protector of the group his sexual dominance and use of violence and oppression to attain food females and territory in group altruism vs out group hostility us vs them and displays of dominance and submission to establish roles within the social hierarchy The parallels between these features of primate society and human religious rituals and concepts make it clear that religion especially its oppressive and violent tendencies is rooted in the deep evolutionary past This incisive analysis goes a long way toward explaining the historic and ongoing violence committed in the name of religion *Magical Realism in Contemporary Chicano Fiction* Roland Walter,1993

The Enigma of Good and Evil: The Moral Sentiment in Literature Anna-Teresa Tymieniecka,2006-08-27 Striking toward peace and harmony the human being is ceaselessly torn apart in personal social national life by wars feuds inequities and intimate personal conflicts for which there seems to be no respite Does the human condition in interaction with others imply a constant adversity Or is this conflict owing to an interior or external factor of evil governing our attitudes and conduct toward the other person To what criteria should I refer for appreciation judgment direction concerning my attitudes and my actions as they bear on the well being of others At the roots of these questions lies human experience which ought to be appropriately clarified before entering into speculative abstractions of the ethical theories and precepts Literature which in its very gist dwells upon disentangling in multiple perspective the peripeteia of our life experience offers us a unique field of source material for moral and ethical investigations Literature brings preeminently to light the Moral Sentiment which pervades our life with others our existence tout court Being modulated through the course of our experiences the Moral Sentiment sustains the very sense of literature and of personal human life Tymieniecka **The Westminster Review** ,1835 **Is God Man's Friend?** Carole J.

A Mirror for Lovers William F. Zak,2013-02-07 *A Mirror for Lovers* Shakespeare's Sonnets as Curious Perspective by William F. Zak seeks to identify in Shakespeare's sonnet sequence the structural and thematic features of the satirical tradition born in Plato's Symposium. Through this study, Zak traces the power of an idea to endure, reanimate, and enrich itself through time. Plato's discrimination of the true nature of love in *The Symposium* born anew in its medieval reincarnations *The Romance of the Rose*, *The Vita Nuova*, and *The Canzoniere* of Petrarch. The tradition begun in Plato's Symposium was then resuscitated in the Elizabethan sonnet sequence revival, most notably in Shakespeare's Sonnets. With extended examination of all the texts in the Q manuscript, *A Mirror for Lovers* makes a case for the mutually illuminating relationship among the sonnets to the fair young man and the dark lady, A Lover's Complaint, and the mysterious dedication that until now have never received attention as an integral symbolic matrix of meaning.

Divine-Human Encounter Harold Kasimow,2024-05-30 In his seminal work *God in Search of Man*, Heschel illustrates three paths to God and provides a practical guide for how the modern mind can open itself to God, or more precisely, through which the contemporary mind can respond to a God who is in search of human beings. In this book, Harold Kasimow clarifies the meaning of Heschel's path to God by devoting one chapter to each of the three aspects of this path. Using this path to God in its three aspects as an organizing principle, this book illustrates how Heschel's thought presents a balance between the rational and mystical poles of the Jewish tradition. A careful content analysis of his thinking reveals that Heschel is an authentic Jewish voice who presents an accurate Jewish theology. The first chapter is devoted to the Hasidic influence on Heschel, which Kasimow feels is most important for understanding Heschel's thought. The final chapter focuses on Heschel's unique attitude toward Asian religious traditions, which are becoming critical for authentic religious dialogue today.
