**Franks and Lombards in Italian Carolingian Texts** Luigi Andrea Berto,2021-02-22 Franks and Lombards in Italian Carolingian Texts examines how historians of Carolingian Italy portrayed the history of the Lombards Charlemagne s conquest of the Lombard kingdom and the presence of the Franks in the Italian Ppeninsula The different contexts and periods in which these writers composed their works allows readers to focus on various aspects of this period and to highlight the different ways the vanquished remembered Carolingian rule in Italy The memories of these authors are organized by topic ranging from the origin of the Lombards to the conflicts that broke out among the Carolingians after Louis II died in 875 Besides presenting the English translation and the original Latin text of the excerpts from the Italian Carolingian historical works the volume also contains the English translations of the same events recorded in Frankish and papal narrative texts In this way it is possible to compare different memories about the same episode or topic The book will appeal to scholars and students of the Lombards and Carolingians as well as all those interested in medieval Europe

**Politics and Sentiments in Risorgimento Italy** Carlotta Sorba,2021-05-03 This book investigates the narrative of nationhood during the Italian Risorgimento and its ability to reach a new and wider audience In Italy an extraordinary emotional excitement pervaded the struggle for national independence suffusing the speeches and actions of patriots This book shows how this ardour borrowed the tones figures and spectacular nature of the melodramatic imagination feeding the theatre and literature of the time and how it could resonate with a largely uneducated audience An important contribution to the new historiography on the Italian Risorgimento and on nineteenth century nationalism in Europe it offers a fresh perspective on the public sphere during the Risorgimento focusing on the transnational links between political mobilisation

*Companion to Byzantine Law* ,2025-07-24 The so called Byzantine Empire which existed for more than a thousand years with Constantinople as its capital demonstrates the birth of a new world with the wedding of Western and Eastern traditions This study of Byzantine legal texts mainly from the 6th to the 11th centuries illustrates this clearly following the evolution of Roman law into Byzantine law By outlining and analysing the influence of various historical social and religious factors on this progression the present handbook not only presents a condensed picture of the evolution of law in the area beyond the Adriatic Sea but also indirectly sheds light on Byzantine society more broadly Contributors are Kalliopi Kelly Bourdara Wolfram Brandes Zachary Chitwood Giuseppe Falcone Andreas Gkoutzioukostas Fausto Gorla Vasileios Alexandros Kollias Alexander Liarmacopulus Valerio Massimo Minale Eleftheria Papagianni Kalliopi Papakonstantinou Daphne Penna Peter Sarris Dieter Simon Marios Th Tantalos Spyros Troianos and Thomas van Bochove      Political Autobiographies and Memoirs in Antiquity Gabriele Marasco,2015-11-24 Ancient autobiography has been the object of several studies and meetings However these have focused chiefly on the philosophical and literary aspects This book aims to examine the development of political autobiography and memoirs in the Greek and Roman world stressing instead the relation of a single work with the traditions of the genre and also the influence of the respective aims of the authors on the composition of autobiographies At times these works were written as a means of propaganda in a political struggle or to defend a past action and often to furnish material to historians Nonetheless they still preserve the personal viewpoint and voice of the protagonists in all their vividness even if distorted by the aim of defending their record Political Autobiographies and Memoirs in Antiquity will be a highly valuable and useful reference tool for both scholars and students of Greek and Roman history and literature
