Shahdaroba - The First and Last Scroll Bernard Paul Badham,

The Mystery of the Copper Scroll of Qumran Robert Feather,2003-06-23 Introduces a radical new perspective on the historical foundations of monotheism based on the enigma of the Copper Scroll of the Essenes Confirms the link between ancient Judaism and the pharaoh Akhenaten Decodes the system of measurements encrypted on the Copper Scroll that has confounded scholars for over 50 years leading to the identification of fabulous lost treasures Points to a radical new understanding of the origins of monotheism The famous Dead Sea Scrolls comprise the oldest collection of Biblical

documents ever discovered Of the Dead Sea Scrolls none has baffled experts more than the 2 000 year old Copper Scroll discovered in 1952 by a team of Bedouin led by Henri de Contenson of the Ecole Biblique in East Jerusalem Appearing to be a list of buried treasure engraved on copper pieces the Copper Scroll is considered to be the work of a secretive Jewish sect of devout Essenes who lived by the Dead Sea around the time of Jesus No one has been able to explain its meaning or discover any of the 64 locations where the Biblical treasures it lists were buried Robert Feather combining his background as a metallurgist with his journalistic expertise has unraveled the enigma of the Copper Scroll in a fascinating study that takes the reader on a journey from ancient Mesopotamia through Canaan into Egypt and back to the shores of the Dead Sea His exploration links the scroll to the ancient Egyptian king Akhenaten confirming a long suspected influence of this pharaoh's religious beliefs on those of the Hebrews The author's findings not only reveal the locations of most of the treasures listed on the Copper Scroll but they also point to a radical new understanding of the origins of monotheism the basis of the three great religions of Judaism Islam and Christianity

The Scroll Robert E. Egan, 2014-04-16 Would the contents of an ancient Egyptian scroll when deciphered threaten the three major religions of the world? Cloutier a French Canadian archaeologist is asked by his longtime friend and colleague Haroun Abdul el Kurdi Department Head of Antiquities and the Cairo Museum to come to Egypt to decipher a perplexing scroll that has just surfaced He is told the author is none other than Moses From the very start there are outside forces trying to get hold of the scroll His acceptance to do the deciphering sets off a series of events that threatens his very life When the scroll is deciphered it reveals that its contents are purely religious and discloses Moses' early religious concepts It is these new concepts that Moses would later pass on to the Children of Israel When a meeting with the religious heads of Judaism Christianity and Islam is held and the contents and author of the scroll are revealed hostility breaks out In the end it is the Vatican ambassador to Egypt who pleads that the scroll be kept a secret hidden away even suggesting that it be destroyed

Literature Brian J. Frost, 2007-12-28 Few historical relics have exerted such a hold on our imaginations as the mummy In 1834 Thomas J Pettigrew's *A History of Egyptian Mummies* was the first scholarly work wholly devoted to the subject providing for its time a remarkable analysis of the different mummification techniques used by the ancient embalmers Such volumes of serious nonfiction have been supplemented over the years by additional works both scholarly and otherwise as well as works of fiction that incorporate and expand upon mummy lore Indeed the popular concept of the mummy as a malevolent monster dates back to the nineteenth century when stories about mummies rising from the dead to terrify the living first captured the imagination of the reading public and set the revived corpse on the path to becoming a major horror icon In *The Essential Guide to Mummy Literature* Brian J Frost provides the first in depth survey and bibliography of works of fiction featuring mummies In this comprehensive volume Frost traces the development of the mummy story paying particular attention to works by Victorian authors and pulp fiction writers as well as stories from the American pulp magazines The annotated bibliography provides synopses of all the key works of fiction in the mummy canon as well as others not so well known Full publication details for each entry with plot summaries of more than 500 works of fiction and abridged descriptions of 250 nonfiction books are provided Additionally a filmography is included along with listings of young adult novels children's storybooks and reference works for both adults and children Well organized and comprehensive *The Essential Guide to Mummy Literature* will appeal to devotees of the horror genre and students of popular literature as well as researchers and librarians *Canadian Book Review Annual*, 1990 *The Decoration on the Cult Chapel Walls of the Old*

Kingdom Tombs at Giza L.H. Roeten, 2014-01-09 In *The Decoration on the Cult Chapel Walls of the Old Kingdom Tombs at*

Giza Leo Roeten presents a method that evaluates the degree of interaction between the various decoration themes that are placed on the western wall of the cult chapels at the tombs of Giza Diagrams resulting from that method show that during the 5th dynasty the focus of the mode of food supply for the ka of the deceased changed from primarily active to primarily magical On the other walls of the chapel this change not only led to the loss of some secondary cultic functions like the inviting and guiding functions but also to an increasing focus on scenes from the daily life of the tomb owner The Pharaoh's Treasure John Gaudet,2018-10-02 For our entire history humans have always searched for new ways to share information This innate compulsion led to the origin of writing on the rock walls of caves and coffin lids or carving on tablets But it was with the advent of papyrus paper when the ability to record and transmit information exploded allowing for an exchanging of ideas from the banks of the Nile throughout the Mediterranean and the civilized world for the first time in human history In The Pharaoh's Treasure John Gaudet looks at this pivotal transition to papyrus paper which would become the most commonly used information medium in the world for more than 4 000 years Far from fragile papyrus paper is an especially durable writing surface papyrus books and documents in ancient and medieval times had a usable life of hundreds of years and this durability has allowed items like the famous Nag Hammadi codices from the third and fourth century to survive
