Radicalizing Lawrence Robert Burden, 2021-12-28 In this study of D H Lawrence and critical theory Robert Burden pays particular attention to the critical formations that underpin the reception history of the main novels including the much maligned leadership novels because strong readings have always contested the meaning and

significance of Lawrence and because there has been a persistent reluctance to approach his writing through post structuralist theory This study demonstrates in some detail that once Lawrence s texts are the objects of the newer critical paradigms their principles of coherence are understood differently and that older notions of textual unity are displaced by aesthetic structures of degrees of generic and linguistic destabilization This enables a radicalizing of Lawrence s fiction by drawing out its deconstructive effects on his myth making and essentialist notions of the self The sexual identities represented in the fiction are read as experiments or thought adventures as Lawrence himself characterized his work The different approaches to Lawrence s writing in this study lead to a radical reassessment of his relationship to Modernism especially in the light of the more elastic concept of Modernism in recent discussion and one which traditional Lawrence scholars have ignored What emerges is a more self deconstructive Lawrence with some surprising results *Romeo and Juliet (First International Student Edition) (Norton Critical Editions)* William Shakespeare,2016-10-15 This much anticipated Norton Critical Edition of Shakespeare s best known play is based on the Second Quarto widely agreed to be the most authoritative early text By carefully selecting extracts from sources scholars and scriptwriters Gordon McMullan tells a series of stories about Romeo and Juliet globally and from their legend s origins to the present day The Norton Critical Edition includes Introductory materials and explanatory annotations by Gordon McMullan as well as numerous images Sources and early rewritings by Luigi Da Porto Matteo Bandello Pierre Boaistuau Kareen Seidler and Thomas Otway among others Critical readings and later rewritings spanning four centuries and including those by Stanley Wells Wendy Wall Dymphna C Callaghan Jill L Levenson Nia h Cusack David Tennant and Courtney Lehmann A Selected Bibliography
