## Sea Longing:

*Sea Longing*, 1998      *The Celtic Breeze* Heather McNeil, 2001-10-15 Delve into a world of kelpies mermaids selkies ghosts warlords and fairies This collection gives you Celtic tales previously unrecorded or only found in obscure compilations Mostly collected by the author on her ancestral home of the Isle of Barra in the Hebrides these lesser known tales from Scotland Ireland and Wales are supported by a brief history of the Celts a glossary of the Gaelic integrated in the stories an appendix of superstitions about fairy protection and bibliographies that reflect the author's extensive research Seventeen ballads collected almost one hundred years ago and excerpts from the author's journal of travels in Scotland make this book a unique and valuable resource for anyone who tells stories      *Lyra Celtica* J. Matthey,      *The People of the Sea* David Thomson, 2020-01-16 Readers will be carried away on successive waves of pleasure and irresistible holistic beauty in this journey to uncover myths of Selchies Seamus Heaney from the introduction When author David Thomson travelled across the coasts of Scotland and Ireland to seek out the legend of the selchies mythological creatures who transform from seals into humans a magical world emerged before him Thomson was enchanted by tales of men rescued by seals in stormy seas and others who took seal women for their wives and had their children suckled by seal mothers The People of the Sea is Thomson's poetic record of his journey into this world and his encounters with people whose connection to the sea and its fertile lore runs deep Winner of the McVitie Prize for his memoir Nairn in Darkness and Light David Thomson offers a splendid resurrection of a life that has almost vanished Timeless and haunting The People of the Sea retains its spellbinding charm and brings to life the enchanting stories of these mysterious creatures of Celtic folklore Daily Telegraph UK I know of few books which so ably open a window on the Gaelic scene today or which so faithfully reflect the mind vigour and courtesy of its people Pounds on the imagination like surf on a reef Observer UK      **Lyra Celtica** Elizabeth Amelia Sharp, J. Matthey, 1924      [The Philosophy of Tolkien](#) Peter Kreeft, 2009-09-03 While nothing can equal or replace the adventure in reading Tolkien's masterwork The Lord of the Rings Peter Kreeft says that the journey into its underlying philosophy can be another exhilarating adventure Thus Kreeft takes the reader on a voyage of discovery into the philosophical bones of Middle earth He organizes the philosophical themes in The Lord of the Rings into 50 categories accompanied by over 1 000 references to the text of Lord Since many of the great questions of philosophy are included in the 50 theme outline this book can also be read as an engaging introduction to philosophy For each of the philosophical topics in Lord Kreeft presents tools by which they can be understood Illustrated      **Captain Jenny & the Sea of Wonders** Duncan Thornton, 2001 Young Captain Jenny and her crew search the Sea of Wonders for the Lost City and on the way they encounter danger and adventure      *Middle-earth Minstrel* Bradford Lee Eden, 2010-04-13 The twentieth century witnessed a dramatic rise in fantasy writing and few works became as popular or have endured as long as the novels of J R R Tolkien Surprisingly little critical attention has been paid to the presence of music in his novels This collection of essays explores the multitude of

musical literary allusions and themes intertwined throughout Tolkien's body of work. Of particular interest is Tolkien's scholarly work with medieval music and its presentation and performance practice as well as the musical influences of his Victorian and Edwardian background. Discographies of Tolkien-influenced music of the 20th and 21st centuries are included.

*The Hero and the Goddess* Jean Houston, 2006-05-01 A blueprint for personal change inspired by Homer's classic shares empowering exercises that reflect every key stage of the story: a process that invites readers to work through loss and suffering, search for the divine Beloved, and share in the joy of arriving home. Original.

**"The" Life of Nelson the Embodiment of the Sea Power of Great Britain** Alfred T. Mahan, 1897      [The Life of Nelson: The Embodiment of the Sea Power of Great Britain \(Complete\)](#) Alfred Thayer Mahan, The Life of Nelson has been written so often that an explanation almost an apology seems due for any renewal of the attempt but not to mention the attractiveness of the theme in itself it is essential to the completeness and rounding off of the author's discussion of the Influence of Sea Power that he present a study from his own point of view of the one man who in himself summed up and embodied the greatness of the possibilities which Sea Power comprehends the man for whom genius and opportunity worked together to make him the personification of the Navy of Great Britain the dominant factor in the periods hitherto treated. In the century and a half embraced in those periods the tide of influence and of power has swelled higher and higher floating upward before the eyes of mankind many a distinguished name but it is not until their close that one arises in whom all the promises of the past find their finished realization their perfect fulfilment. Thenceforward the name of Nelson is enrolled among those few presented to us by History the simple mention of which suggests not merely a personality or a career but a great force or a great era concrete in a single man who is its standard bearer before the nations. Yet in this process of exaltation the man himself even when so very human and so very near our own time as Nelson is suffers from an association which merges his individuality in the splendor of his surroundings and it is perhaps pardonable to hope that the subject is not so far exhausted but that a new worker gleaning after the reapers may contribute something further towards disengaging the figure of the hero from the glory that cloaks it. The aim of the present writer while not neglecting other sources of knowledge has been to make Nelson describe himself tell the story of his own inner life as well as of his external actions. To realize this object it has not seemed the best way to insert numerous letters because in the career of a man of action each one commonly deals with a variety of subjects which bear to one another little relation except that at the moment of writing they all formed part of the multifold life the writer was then leading. It is true life in general is passed in that way but it is not by such distraction of interest among minute details that a particular life is best understood. Few letters therefore have been inserted entire and those which have been chosen because of their unity of subject and of their value as characteristic. The author's method has been to make a careful study of Nelson's voluminous correspondence analyzing it in order to detect the leading features of temperament traits of thought and motives of action and thence to conceive within himself by gradual familiarity even more than by formal

effort the character therein revealed The impression thus produced he has sought to convey to others partly in the form of ordinary narrative daily living with his hero and partly by such grouping of incidents and utterances not always nor even nearly simultaneous as shall serve by their joint evidence to emphasize particular traits or particular opinions more forcibly than when such testimonies are scattered far apart as they would be if recounted in a strict order of time **Find Me** Francesca Riley, 2020-10-23 A magical love An ancient curse To free him she ll give her very soul Skye Sebastian knows he s dangerous Years after a childhood trauma seventeen year old Skye reluctantly returns to the seaside town of her greatest happiness and darkest terrors But the sensitive young artist is stunned when she meets an alluring boy who has long haunted her dreams Ignoring her inner warnings Skye deceives her friends spending more and more time with the enigmatic young man When his true origin and destiny are revealed she searches for a way to save him from his doom unwittingly sealing her own Can Skye unravel the mysteries surrounding her childhood without destroying her one chance for true love Because in fairy tales there is always a price to pay Especially when you re only human Find Me is the engrossing first book in the Immersed fantasy romance series If you like talented but scarred totally human heroines romantic seaside settings and beguiling but dangerous magical beings then you ll love Francesca Riley s immersive bewitching tale Clean YA Tropes human girl loyal bff supernatural cursed boy impossible love irrevocably joined tragic secrets Wind Free Marguerite Dixon Clark, 1924 *Tales of Shipwrecks and Adventures at Sea* James Lindridge, 1846 **The Baltic Sea Region: A Comprehensive Guide** Bernd Henningsen, Tobias Etzold, Krister Hanne, 2017-09-15 The Baltic Sea Region at the crossroads between East and West North and South has long been marked by cultural ethnical and ideological borders Overcoming a history of conflict and separation since the end of the Cold War the countries surrounding the Baltic Sea established widely valued formats of regional cooperation based on shared challenges and opportunities In comparison with larger regions however the Baltic Sea Area is still a blank spot on the global map This volume s intention is to fill this spot with colour and facts It provides students young researchers and other interested parties with basic knowledge of the region The volume offers a comprehensive introduction into its history politics economy and culture taking into account the various countries commonalities and differences By introducing concepts of regionalism and region building as well as analysing the structures of regional cooperation the authors and editors demonstrate the Baltic Sea Area s model function as a European macro region Back cover *The Road to the Isles* Kenneth MacLeod, 1927 **Mapping Middle-earth** Anahit Behrooz, 2024-01-25 In this cutting edge study of Tolkien s most critically neglected maps Anahit Behrooz examines how cartography has traditionally been bound up in facilitating power Far more than just illustrations to aid understanding of the story Tolkien s corpus of maps are crucial to understanding the broader narratives between humans and their political and environmental landscapes within his legendarium Undertaking a diegetic literary analysis of the maps as examples of Middle earth s own cultural output Behrooz reveals a sub created tradition of cartography that articulates specific power dynamics between

mapmaker map reader and what is being mapped as well as the human nonhuman binary that represents human's control over the natural world Mapping Middle earth surveys how Tolkien frames cartography as an inherently political act that embodies a desire for control of that which it maps In turn it analyses harmful contemporary engagements with land that intersect with but also move beyond cartography such as environmental damage human induced geological change and the natural and bodily costs of political violence and imperialism Using historical eco critical and postcolonial frameworks and such theorists as Michel Foucault Donna Haraway and Edward Said this book explores Tolkien's employment of particular generic tropes including medievalism fantasy and the interplay between image and text to highlight and at times correct his contemporary socio political epoch and its destructive relationship with the wider world *The Celtic Review* Donald Mackinnon, Mrs. Elizabeth Catherine (Carmichel) Watson, 1907 Includes section Book reviews
