The Sea of Galilee Boat Shelley Wachsmann,2013-11-11 Wachsmann punctuates the absorbing details of preserving this artifact with the rich history that surrounds the Sea of Galilee making this a uniquely enduring and personal work Wachsmann transports us enabling us to savor this voyage with him on one of the greatest archaeological expeditions of the twentieth century

The Sea Of Galilee Boat Shelley Wachsmann,2000-07-13 This remarkable true story recounts one of the great discoveries of the century finding a 2000 year old boat from the Sea of Galilee Shelley Wachsmann a respected nautical archaeologist shares the joy and drama he felt in discovering and excavating the first ancient boat from this biblical location Through his perceptive eyes we experience the adventure of a lifetime as he offers his personal account of first setting eyes on and then preserving this unique treasure Wachsmann is a master storyteller interweaving his own unforgettable story of this challenging excavation with the writings of the past Jews and Christians alike will be captivated by his search for the boat s identity Wachsmann like a detective hunts down clues that will reveal the boat s actual history Since the boat turns out to be a 2000 year old craft he carefully examines the Gospels for passages that will shed light on this wondrous vessel This ever curious author also traces Jewish historical texts to discover that the Sea of Galilee during the boat s vibrant past was the setting for one of the most tragic massacres of Jews the Battle of Migdal During this sea battle we learn Roman soldiers mercilessly slaughtered Jews as they attempted to escape in boats like this one turning the Sea of Galilee into a sea of crimson The saga of tenderly extracting this extraordinary boat from the earth protecting its timbers and restoring it to health is a compelling tale on its own Wachsmann impresses us with the dedication and creativity of his makeshift team in improvising answers to the seemingly impossible logistic problems that dog them every step of the way Still generosity abounds and actual rainbows appear as scores of volunteers pull together to save this singular monument of the past Wachsmann punctuates the absorbing details of preserving this artifact with the rich history that surrounds the Sea of Galilee making this a uniquely enduring and personal work

Building Bridges of Time, Places, and People J. Marc. Merrill, 2012-06 From Chapter 5 By a quirk of fate says Darcie Conner Johnston the eruption of Mt Vesuvius in 79 AD caught Pompeii at a time of great spiritual change. As a gateway south and east to Greece and Egypt and the Eurasian landmass beyond the city was heir to a panoply of faiths. A host of foreign gods had begun to usurp the positions of the venerable Olympian deities and the imperial Roman pantheon. Christians were likely to have been here as well though the evidence of their presence is sketchy. Page 71 of Pompeii The Vanished City Besides the evidence that has already been presented more remains to demonstrate that once again the accepted historical point of view is incorrect. For example This second volume of Building Bridges of Time Places and People presents the overwhelming evidence that some of the most prominent leaders of the New Testament Church left the lands of Judea and Galilee when war between Rome and the Jews seemed certain and they settled in Pompeii and Herculaneum. These leaders included Simon Peter Paul Luke and John Mark the author of The Gospel of Mark. They were accompanied by converts such as Cornelius the centurion who was the first Gentile to be baptized and by the mother of Christ. This volume also investigates the town of Sepphoris in Galilee and makes a compelling case for the claim that the Messiah of the New Testament grew up there rather than in Nazareth his identity hidden until he began his ministry at the age of 30.
