Rhodes,2019-11-15 For American children raised exclusively in wartime that is a Cold War containing monolithic communism turned hot in the jungles of Southeast Asia and the first to grow up with televised combat Vietnam was predominately a mediated experience Walter Cronkite was the voice of the conflict and grim nightly statistics the most recognizable feature But as involvement grew Vietnam affected numerous changes in child life comparable to the childhood impact of previous conflicts chiefly the Civil War and World War II whose intensity and duration also dominated American culture In this protracted struggle that took on the look of permanence from a child s perspective adult lives were increasingly militarized leaving few preadolescents totally insulated Over the years 1965 to 1973 the vast majority of American children integrated at least some elements of the war into their own routines Parents in turn shaped their children s perspectives on Vietnam while the more politicized mothers and fathers exposed them to the bitter polarization the war engendered The fighting only became truly real inasmuch as service in Vietnam called away older community members or was driven home literally when families shared hardships surrounding separation from cousins brothers and fathers In seeing the Vietnam War through the eyes of preadolescent Americans Joel P Rhodes suggests broader developmental implications from being socialized to the political and ethical ambiguity of Vietnam Youth during World War II retained with clarity into adulthood many of the proscriptive patriotic messages about U S rightness why we fight heroism or sacrifice In contrast Vietnam tended to breed childhood ambivalence but not necessarily of the hawk and dove kind This

unique perspective on Vietnam continues to complicate adult notions of militarism and warfare while generally lowering expectations of American leadership and the presidency **American Book Publishing Record** ,2003 *Ed Monk and the Tradition of Classic Boats* Bet Oliver,1998 The comfortable and beautiful boats designed by Ed Monk have been treasured for cruising working and living aboard since the 1920s From interviews with those who knew Ed Monk personally and those who own his boats today this book is in part a biography of the man and in part the story of his creations *Unglued Devotional* Lysa TerKeurst,2012-12-18 Are you bombarded with emotions such as fear anger or regret that dominate your day The good news is you can learn how to have better reactions which will lead to better relationships Lysa knows what it s like to become emotionally unglued but she s also learned that the Bible provides a pathway to help us process and manage our emotions This companion devotional to the bestselling book Unglued provides extra encouragement as readers learn how to handle their emotional struggles Each devotion includes A daily opening Scripture Thought for the Day Devotion Closing prayer God gave us emotions to experience life not destroy it Today embrace how you were made and find peace with yourself and others Undertow Michael Buckley,2015-05-05 Mysterious beings appear on the shores of dystopian Brooklyn in a saga blending action suspense and romance by the author of the Sisters Grimm series Sixteen year old Lyric Walker s life is forever changed when she witnesses the arrival of 30 000 Alpha a five nation race of ocean dwelling warriors on her beach in Coney Island The world s initial wonder and awe over the Alpha quickly turns ugly and paranoid and violent and Lyric s small town transforms into a military zone with humans on one side and Alpha on the other When Lyric is recruited to help the crown prince a boy named Fathom assimilate she begins to fall for him But their love is a dangerous one and there are forces on both sides working to keep them apart Only what if the Alpha are not actually the enemy What if they are in fact humanity s best chance for survival Because the real enemy is coming And it s more terrifying than anything the world has ever seen Overflows with innovative terrifying monsters human emotional and undersea Reads like an action movie E Lockhart author of *We Were Liars* Crashes over you in waves of emotion allowing glimpses of family and loyalty before dragging you into the depths of human prejudice cultural mistrust and political corruption A G Howard New York Times bestselling author of the *Splintered* series A solidly entertaining adventure with the perfect amount of romance and danger Buckley has created a phenomenal new heroine Smart and snarky with rough edges and a killer fashion sense Lyric is a girl to be celebrated SLJ starred review
