Peter Klimley, 2008-06-17 Marine biologist Pete Klimley swims with the sharks He was one of the first scientists to free dive among sharks and he has spent nearly thirty years studying shark behavior sometimes swimming in schools of several hundred sharks From his firsthand observations he has learned that sharks are not the vicious man eaters that we imagine but fascinating animals with complex behaviors Most people who think of sharks at all think immediately of great white sharks But there are more than four hundred species of shark Dr Klimley has studied several species most notably the great white and the hammerhead He describes the great white as the athlete among sharks and the hammerhead as the Ph D of the shark world In *The Secret Life of Sharks* Dr Klimley reveals the significant discoveries he made about hammerhead navigation and great white eating habits By studying hammerheads gathered around underwater seamounts Dr Klimley learned that hammerheads rely on sophisticated tracking of ocean floor magnetism to navigate His long term study of great white sharks off the California coast demonstrated that these huge sharks prefer to eat seals and sea lions because of the energy contained in their fatty bodies They are selective eaters not the man eaters we expect and they sometimes go weeks between meals But Dr Klimley did observe a ritualized behavior that great whites practice in order to avoid deadly disputes over prey that one shark has captured and another wants Although we have learned a great deal about shark behavior says Dr Klimley there is much that we do not know Unfortunately we are destroying these magnificent creatures of the deep through overfishing and degradation of the oceans Already some populations of sharks have declined steeply Vividly written by one of the foremost authorities on sharks *The Secret Life of Sharks* is a fascinating account of some of the world s most magnificent animals      [Guy Harvey's Underwater World](#) Guy Harvey, 2021-06-01 This strikingly beautiful large format book showcases Guy Harvey s around the world fishing and diving adventures Drawing from meticulous notes knock out photographs and Guy s signature artwork Guy weaves together fascinating stories scientific discoveries and insights into the behavior of dozens of gamefish species to give us an up close picture of his time on and in the water Chapters highlight expeditions to the Bahamas Caribbean Belize Cuba the Caymans Bermuda the Yucatan and Mexico Canada Alaska Costa Rica Australia and the Galapagos truly the international fishing experiences of a lifetime Guy is a world class angler diver photographer and artist whose contributions to conservation and scientific research are as recognized as his accomplishments in sport and art Guy has lived the life anglers dream of and this is the book that documents that dream      **Beyond Disney: The Unofficial Guide to SeaWorld, Universal Orlando, & the Best of Central Florida** Bob Sehlinger, Seth Kubersky, 2015-12-08 A guide to non Disney theme parks attractions restaurants outdoor recreation and nightlife in Orlando and central Florida Features include the latest information on the new Harry Potter attractions at Universal Studios as well as step by step touring plans that save four hours of waiting in line at Universal Studios and Universal s Island of Adventure      [Boys' Life](#) , 1982-02 Boys Life is the official youth magazine for
