Seafarers Rights

Victor Oyaro Gekara, Helen Sampson

Seafarers Rights:

Seafarers' Rights in the Globalized Maritime Industry Desislava Nikolaeva Dimitrova, Roger Blanpain, 2010-01-01 The enormous technological financial and structural changes of recent decades have revolutionized the international shipping industry bringing about lower freight rates shorter time in port and fast turnarounds reduction in crew size employment of cheap labour from developing countries avoidance of national regulations and taxes and diminished living and working standards on board Exploitation of seafarers has always existed but now it has become more common and frequent Shipowners can cut costs in various ways but the most profitable and easiest to achieve are those at the expense of labour costs in particular costs for maintaining proper living conditions on board the ship This bulletin examines in detail the structure of the shipping industry focusing on problems concerning the working and living conditions of seafarers on board merchant ships serving the global sea transport system Exploring all levels of maritime policymaking on a global and European level the author analyses seafarers rights in the light of international enforcement mechanisms and particularly in the light of the recent ILO Maritime Labour Convention He also considers relevant case law as well as advisory opinions and policy statements from various pertinent agencies especially in the EU context Among the issues raised and discussed in depth in relation to their effect on seafarers labour standards are the following ship manning companies illicit crewing agencies flags of convenience hours of work and rest wages occupational health and safety accommodation food water and catering recreational facilities filing of grievance and port controls The author shows that expansion and progress of the maritime industry notwithstanding there is a great need for effective enforcement mechanisms in this area This is the first detailed analysis to connect the working and living conditions of seafarers with international supranational and national maritime legislation A giant step towards establishing a global monitoring system to enforce international maritime conventions regarding seafarers labour standards it is sure to make an important contribution to both international labour and employment law and the law of the sea

Seafarers' Rights in China Pengfei Zhang, 2016-09-15 This book critically investigates the conditions of seafarers rights in China in legislation and in practice focusing in particular on the restructuring process following the 2006 Maritime Labour Convention Accordingly it poses key research questions to major Chinese stakeholders to gauge their responses to the Convention to determine whether the protection of Chinese seafarers has actually improved since the advent of the Convention and further to identify the continuing challenges for future improvement The Convention will enter into force in China in November 2016 bringing with it significant changes

Seafarers' Rights Deirdre Fitzpatrick, Michael R. Anderson, 2005-01-27 This book demonstrates how the seafarer working in a truly global industry often falls between the gaps in national and international law As a result seafarers often have inadequate legal protection Seafarers Rights seeks to document the rights and remedies available to seafarers highlight the problem areas examine the legal systems of certain seafaring nations and port states and suggest areas that are ripe for legal

reform *Seafarers' Security Measures Under the MLC 2006* Sandra Lielbarde, 2024-07-19 The book is intended to be about the Maritime Labour Convention 2006 MLC 2006 about seafarers security measures available before MLC 2006 and after its adoption The following security measures will be addressed in the book mandatory financial security established by the MLC 2006 flag State responsibility labour supplying responsibility port State control and a ship arrest The responsibility of the shipowner in respect of the seafarers engaged in work on his ship will be discussed in analysis of nowadays seafarers recruitment process and a legal structure of shipping companies Content will include the analysis of international UNCLOS ILO and IMO conventions UNCCRO s and Vienna Convention on Consular Relations 1963 and national law Denmark Estonia Finland Germany Latvia Norway The Philippines and The UK and relevant legal documents agreements guidelines and court cases Under the MLC 2006 the shipowner has an obligation to ensure appropriate working conditions on board a ship due payment of wages repatriation of seafarers and to fulfil other obligations in accordance with international and national law and the seafarer s employment agreement Even nowadays there are still shipowners who do not take care of the people who work on their ships the crew onboard is left without food and drinking water has not been paid for their work and cannot go back home because the shipowner does not pay for their repatriation Current COVID 19 pandemic turned out to be a serious challenge to the MLC 2006 operation in practice The MLC issues and seafarers employment and social rights continue to be on the agenda of shipping industry It is expected that on 24 December 2024 the amendments of 2022 to the Code of the MLC 2006 will come into force The Guidelines for port State and flag State authorities on how to deal with seafarer abandonment cases were adopted on First Meeting of the Joint ILO IMO Tripartite Working Group to identify and address seafarers issues and the human element held on 13 15 December 2022 The book aims to promote uniformity in implementation of the MLC 2006 by this increasing effectiveness of the MLC 2006 Book will bring a new knowledge in the area of maritime labour law Accordingly the author hopes that the book will be an important contribution for promoting understanding of seafarers rights and shipowners responsibilities under the MLC It is intended that the book will be interesting for the professionals seafarers and also for students in Law shipping faculties **Maritime Work Law Fundamentals: Responsible Shipowners, Reliable Seafarers**

Iliana Christodoulou-Varotsi, Dmitry A. Pentsov, 2007-10-31 The importance of international maritime labour law both as a component of ernational maritime law and in socio political and economic terms has been recognised by the IMO International Maritime Law Institute for a number of years Indeed the Institute has annually organised a course on maritime labour law with the participation of inter alia the International Maritime Organization the ernational Labour Organization the International Transport Workers Federation and the German Shipowners Association It was therefore a great pleasure when the authors invited me to introduce their forthcoming monograph on Maritime Work Law Fundamentals Responsible S powners Reliable Seafarers As the title suggests a fundamental challenge of this branch of international maritime law is to achieve a balance between the interests of the two main stakeholders Institutionally the effort to achieve

this balance dates back a number of decades with its genesis mainly found in the work of the International Labour Organization. It has to be said that whilst this effort achieved great progress it has led to a haphazard plethora of legal instruments.

Human Resource Management in Shipping Lijun Tang, Pengfei Zhang, 2021-03-14 This book sheds light on the nature and causes of the issues and challenges in human resources in shipping and proposes fresh recommendations to manage them. It explains the multiple forces at play including the global regulatory regime, national institutional frameworks, industrial practices, trade union responses and pressures from customers and non-governmental organisations. Human Resource Management in Shipping integrates seafarer employment data released by national maritime authorities and a large body of literature that discusses discrete human resources issues in shipping into a single volume providing readers with a comprehensive understanding of the issues and challenges within human resources in shipping. Beyond this, the book also offers a fresh perspective on some of the long-lasting HRM challenges in the industry such as skills shortage and seafarer recruitment and retention. This book aims to provide readers with systematic and in-depth knowledge of human resource management in shipping and offers researchers a valuable source of reference and a solid foundation on which further development can be built.

The Maritime Labour Convention 2006: International Labour Law Redefined Jennifer Lavelle, 2013-12-13 With the Maritime Labour Convention now in force as of August 2013, the shipping industry is faced with a new international convention that has comprehensive implications across all sectors. This vital text provides timely analysis and thought-provoking essays regarding the Convention's application and enforcement in practice. Hailed as the Seafarer's Bill of Rights and the fourth pillar of the international regulatory regime for quality shipping, the Maritime Labour Convention is set to significantly alter the playing field for key stakeholders. This book offers diverse and interesting commentary in respect of the Convention's impact on core sectors of the shipping industry, identifying both strengths and weaknesses of the Convention as well as potential hurdles that will need to be overcome. Each chapter focuses on a different aspect of the Convention, ranging from individual rights of the seafarer to challenges of flag State implementation. Special attention is given to enforcement through examination of the innovative measures provided in the Convention itself, along with discussion of domestic enforcement mechanisms in certain States. Furthermore, the book evaluates whether the Convention has filled existing gaps in maritime labour law, resolved prior difficulties or created new problems. This book expertly addresses issues of fundamental importance to national authorities, shipping professionals and associations, maritime lawyers and academics worldwide. In memory of Richard Shaw.

The Maritime Labour Convention, 2006 Moira McConnell, Dominick Devlin, Cleopatra Doumbia-Henry, 2011-05-23 The Maritime Labour Convention 2006 (MLC 2006) adopted by the International Labour Organization (ILO) in 2006 is the fourth pillar of the international maritime regulatory regime. It both fills a gap in the 1982 United Nations Convention on the Law of the Sea and complements the International Maritime Organization's (IMO) core conventions on ship safety, security, training and pollution prevention. Aimed at achieving both

decent work for seafarers and fair competition for shipowners the MLC 2006 covers most aspects of maritime labour It establishes an effective enforcement and compliance system with for the first time certification of seafarers working and living conditions on ships With its interwoven labour and social rights and economic goals the MLC 2006 is an international legal instrument that will have a significant impact on approaches to labour standards in other globalized sectors Co authored by international law practitioners and scholars with combined expertise in the public international law of the sea maritime law international labour law and more specifically direct involvement with the development of the MLC 2006 over nearly a decade The Maritime Labour Convention 2006 A Legal Primer to an Emerging International Regime discusses the MLC 2006 within the contexts of labour and maritime law It also includes an appendix with the full Convention text and notes Additional documents cited in the work are also available on the International Labour Organization s website *The World of the Seafarer* Victor Oyaro Gekara,Helen Sampson,2020-12-03 This open access book constitutes an ethnographic mosaic which depicts the contextual complexities of the life and work of seafarers who are employed in the international merchant cargo fleet The collection is based upon the observations and interviews of researchers in multiple disciplines It is woven together to offer a richly detailed insight into the ways in which a complex global industry operates internationally The book covers issues to do with career decisions and recruitment gender life and work on board multinational vessels health and safety issues the regulation of the industry shipboard roles and role conflict and the representation of workers It will be of considerable interest to all students globally who are studying for professional seafaring qualifications to graduate students studying for masters courses in ship and port management and to welfare professionals and policy makers It is of special interest to those connected to the shipping industry who specialize in issues relating to the human element and will serve as a paradigm defining text in this area The Future of Ocean Regime-Building Aldo Chircop,Theodore McDorman,Susan Rolston,2009-02-23 One of the most creative innovations of the international diplomatic community in the 20th century was its invention of the international regime wrote Douglas M Johnston in his last major work published posthumously *The Historical Foundations of World Order The Tower and the Arena* Nijhoff 2008 While regimes often provide order and certainty and a consequent reduction in disputes and misunderstandings regimes are driven by specific concerns With diverse disciplinary backgrounds and perspectives the distinguished contributors to this tribute follow a long tradition of scholarly inquiry into the governance creation operation viability and maintenance of international regimes Their contributions on ocean and environmental regimes as diverse as fisheries ocean dumping maritime security seafarers rights or enhancement of marine environmental protection attest to the depth to which modern international law and the underlying international relations have been transformed into an international law of structured cooperation This book includes biographical and bibliographic notes on Douglas M Johnston **Transport Law in China** James Zhengliang Hu,2024-09-17 Derived from the renowned multi volume International Encyclopaedia of Laws this book provides a systematic

approach to transport law as applied in China The book describes the main sources of transport law jurisdiction and courts state immunity and the legal role of transport intermediaries with detailed reference to maritime law transport by road transport by air transport by rail and inland navigation A special chapter is devoted to multimodal transport Among the elements of transport law considered are the legal status of the vessel its acquisition ownership and registration vessel liens and mortgages the position of master and crew maritime salvage and assistance marine pollution collision and carriage of passengers Other topics discussed include liability and limitation of liability charter parties and transport under bill of lading Case law intergovernmental cooperation agreements and interactions with environmental tax and competition law are also covered Its succinct yet scholarly nature as well as the practical quality of the information it provides make this book a valuable resource for lawyers handling transport contracts or cases affecting China It will also be welcomed by researchers and academics for its contribution to a field that continues to gain significance in the study of comparative law

Seafarers Rights Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Seafarers Rights PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need.

Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Seafarers Rights PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Seafarers Rights free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Seafarers Rights Books

1. Where can I buy Seafarers Rights books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Seafarers Rights book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Seafarers Rights books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing.

Book Swaps: Community book exchanges or online platforms where people exchange books.

6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Seafarers Rights audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Seafarers Rights books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
