Lockwood,Hans C. Adamson,2018-08-29 Author Charles Lockwood Sink Em All brings his same flair for submarine warfare story telling to his account of Operation Barney the secret mission during World War 2 to extend the conflict in the Pacific beyond the Sea of Japan and closer to the enemy's coastline

On June 9 1945 torpedoes from nine American submarines The Hellcats were launched at dozens of Japanese freighters paralyzing maritime operations between Japan and Korea Each U S sub was equipped with newly designed mine detectors and Mark 18s electronic torpedoes that left no traceable wakes or fume exhausts Operation Barney continued for 15 days and proved a crucial breakthrough in the war with U S submarines sinking 28 Japanese ships totaling some 70 000 tons

Nem is a student of English literature at Delhi University He drifts between classes weed hazy parties and the amorous complexities of campus life until a chance encounter with an art historian steers him into a world of pleasure and artistic discovery Nem s life is irrevocably transformed One day without warning his mentor disappears In the years that follow Nem cocoons himself in South Delhi writing for a chic cultural journal When he is awarded a fellowship to London a cryptic note plunges him into a search for the art historian a search which turns into a reckoning with his past Retelling the myth of Poseidon and his youthful male devotee Pelops Seahorse transforms a simple coming of age story into an epic drama of loss love and healing      *A Pocketful of Feelings* Susie Barbaran,2016-08-15

The purpose of this book is to allow children to become familiar with and to hopefully use in their everyday language many adjectives that describe feelings Too many children when they see the face of a character in a book describe what that character may be feeling as good happy sad or mad I have taught Title 1 children from the first to the sixth grade for the past eleven years and these are my findings I also hope that parents and children alike after reading this book will come to realize that being annoyed can end happily that someone who is teasing someone else will realize that all people are important that its okay to be cranky once in a while and that your cranky face probably is not as pretty as your happy face This book *A Pocketful of Feelings* is a collection of six short stories featuring an adjective describing a feeling These are adjectives that are not as commonly used as they could be I hope you enjoy these stories as much as I do      **Astounding Sea Stories** Tom McCarthy,2017-08-08

Stories that will entertain inform and inspire Few people would want to test their mettle in an ice encrusted boat with Ernest Shackleton or search for the Northwest Passage with Franklin s doomed crew or watch their mates being beheaded by angry pirates like Daniel Collins But it s quite another thing to read these true accounts while settled into a favorite chair Here are stoic and hardy sailors who persevered in the face of travails that would have given even Job pause Their vivid accounts are stronger and more dramatic for their total lack of affectation their frankness and their lack of ego Their gripping stories are custom made for the imaginative reader who seeks adventure in a more controlled environment safe warm and well fed Civilized readers with their armchairs anchored firmly to the living room floor This eclectic collection will not disappoint Some are classics that have endured through time and continue to excite new readers Others are hidden gems about to see the light of a reading lamp for the first time in one hundred years      *A Seahorse Year* Stacey D'Erasmus,2005-10-13

A San Francisco family copes with a teenage son s mental illness in a wonderful book with characters that bounce off the page Elizabeth

Strout Named a Best Book of the Year by Newsday and the San Francisco Chronicle In this profound heart wrenching and resonant Lambda Award winning novel a quintessentially modern family is transformed by the mental breakdown of their adolescent son Francisco Goldman When Christopher disappears from his San Francisco home his extended family comes together in a frantic search But the sixteen year old is in much more trouble than they know and their attempts to both support and save him will challenge their assumptions about themselves and one another In unflinching prose that is both descriptive and soulful Stacey D Erasmio explores the ways in which love moves us to actions that have both redemptive and disastrous consequences sometimes in the same heartbeat Time Out New York Open A Seahorse Year and be mesmerized raved the Advocate of this exquisitely crafted novel that is both deeply satisfying and quietly subversive The New York Times Book Review A winner of the Ferro Grumley Award for Fiction and other honors A Seahorse Year is a stunning achievement Suzan Sherman D Erasmio writes with a graceful sometimes devastating directness in clear crisp phrases lined with subtle lyricism The Boston Globe Alternating perspectives and controlled nuanced writing bring depth and compassion to each character and make D Erasmio an author to watch Library Journal After turning a page or two of A Seahorse Year you ll know you re into something special Out magazine      **Seahorses** Ian Wood,2019-05-29 In the female empowering world of Terrene a world very much like our own but where young girls can have real power a new story has arisen Set on the beautiful Queensland coast in northeast Australia four thirteen year old girls and a boy this time are all riders of the waves they each have the power to call up a seahorse drawn from the crystal blue waters of the Coral Sea But a life on the ocean waves leaves them all at sea when Petra Kerr the Oil Baroness starts pumping illegal oil in the area threatening the precious ecosystem It s up to twins Melbourne and Sydney Fisher Indonesian cousin Memberi Bambang and friends Adelaide Brewer and native Australian Darwin Tonkin to find a way to stop her Their safe plan seems to be working until Petra Kerr learns who they are and decides to stop them before they can stop her Like its predecessor Cloud Fighters this is a top of the line story aimed at middle graders and young teens      *Merchant Vessels of the United States* ,1961      **Poseidon's Steed** Helen Scales Ph.D.,2009-08-27 A fascinating journey with the sea creature that has captured human imagination for thousands of years Poseidon s Steed trails the seahorse through secluded waters across the globe in a kaleidoscopic history that mirrors man s centuries old fascination with the animal sweeping from the reefs of Indonesia through the back streets of Hong Kong and back in time to ancient Greece and Rome Over time seahorses have surfaced in some unlikely places We see them immortalized in the decorative arts in tribal folklore literature and ancient myth and even on the pages of the earliest medical texts prescribed to treat everything from skin complaints to baldness to flagging libido Marine biologist Helen Scales eloquently shows that seahorses are indeed fish though scientists have long puzzled over their exotic anatomy and their very strange sex lives male seahorses are the only males in the animal world that experience childbirth Our first seahorse imaginings appeared six thousand years ago on cave walls in Australia The ancient Greeks called the seahorse hippocampus

half horse half fish and sent it galloping through the oceans of mythology pulling the sea god Poseidon's golden chariot. The seahorse has even been the center of a modern day international art scandal. A two thousand year old winged seahorse brooch was plundered by Turkish tomb raiders and sold to the Metropolitan Museum of Art in New York. A book that is as charming as the seahorse itself, Poseidon's Steed brings to life an aquatic treasure. Seahorses lead quiet lives tucked away out of sight on the seafloor. It is rare to catch a glimpse of a seahorse in its natural habitat. But even if few have seen one live, these exotic seemingly prehistoric creatures exist quite vividly in our imaginations and they have mesmerized scientists, artists, and storytellers throughout time with their otherworldly rarity. Poseidon's Steed is a sweeping journey that takes us from the coral reefs and seagrass meadows of Indonesia where many seahorses make their natural habitat to the back streets of Hong Kong where a thriving black market seahorse trade is concealed. Throughout history seahorses have surfaced in some unexpected places and Scales also follows the seahorse back in time from our most rudimentary seahorse imaginings six thousand years ago on cave walls in Australia to the myths of ancient Greece. Scientists have long puzzled over seahorses' unusual anatomy and their very strange sex lives. And male seahorses are the only males in the animal world that experience childbirth. Seahorses are not what scientists call a keystone species. They rely on a healthy ocean to survive but the marine ecosystem does not rely on them. But their delicate beauty reminds us that we rely on the seas not only to fill our dinner plates but also to feed our imaginations.

**Patrol Area 14** Dave Lotz, 2018-01-05 As the war in the Pacific progressed the role of the US submarines evolved to meet the challenges confronting the United States Navy in the Western Pacific. This story is vividly portrayed in *Patrol Area 14* and details the exploits of the US submarines in one specific patrol area of the Pacific Ocean, the waters of the Mariana Islands whose control became essential to victory in the Pacific for the United States and defeat for Japan. *Patrol Area 14* describes the submarine patrols from solitary patrols beginning in 1942 to aggressively patrolling the offshore waters to bold approaches to harbor entrances to sinking ships within sight of the islands in spite of determined Japanese air and sea anti submarine efforts and supporting the US invasions of the islands in 1944.
