Seal Wars:

Seal Wars Paul Watson, 2002 *Seal Wars Twenty Five Years on the Front Lines* is the bold and sprawling memoir of Canadian rebel Paul Watson. To some a hero, to others a fucking seal loving piece of merde. Sea Shepherd Captain Paul Watson recounts his 25 years on the front lines in the war to stop the slaughter of the Canadian harp seal. The memoir begins with an incident in 1995 when Watson was holed up in a hotel in the Magdalen Islands with actor Martin Sheen. An angry mob of sealers stormed the hotel and Watson had to be taken out by police and airlifted to safety. Watson then remembers the childhood experiences that shaped his adult consciousness. He runs through a history of the seal hunt and moves into the campaigns he has fought in, starting in 1976 with a Greenpeace crew off Labrador including forays onto the ice floes with Brigitte Bardot, Farley Mowat, and Pierce Brosnan. Captain Paul Watson grew up on Canada's east coast. He was a founding member of Greenpeace, is an active supporter of North American native peoples, and a veteran of Wounded Knee. He is the founder and president of the Sea Shepherd Conservation Society. And he has been the captain of a succession of ships dedicated to the protection of the world's oceans, most recently *Whales Forever*. *Seal Wars* Janice Scott Henke, 1985. An American viewpoint on Newfoundland sealing. Includes chapters on the victims of the seal wars, methods of killing, a history of seal management in Canada, and protest organizations. *Seal* Victoria Dickenson, 2015-11-15. Playful and inquisitive seals have long been interested in humans, and humans have reciprocated that interest, falling for their beauty, grace, and charm as they frolic alongside our boats or loll on sandy shores. In this newest entry in the Animal series, Victoria Dickenson traces the history of our interaction with these beautiful, fascinating swimmers from the centuries of hunting in which people killed countless seals for their skin, oil, and meat to the present when the white-furred baby seal has become one of the most potent symbols of the need for ecological conservation. Along the way, she offers an approachable account of seal biology and behavior and delineates the threats they face from habitat destruction and climate change. Beautifully illustrated and packed with stories from folklore, myth, and history, *Seal* offers a richly immersive view of a much-loved, storied creature. **I, John** James C. Taylor, 2015-04-19. This is a verse-by-verse commentary on the Book of Revelation presented from a Post-tribulation Rapture point of view. It includes discussion of who John was, that received the Revelation, the probable time in which it was received and written, a look at possible interpretations of the meaning and purpose of the Revelation, and other issues related to this magnificent symbolic work. In this presentation, the main body of the Revelation is shown as a series of Seven Visions, each with its own story to tell and each ending with the Return of the Lord or an event heralding that Return. Seven Visions all rolled into one great glorious truth given on the Isle of Patmos to John by Jesus Christ. Worthy to Escape Adrian Zenz, Marlon L. Sias, Adrian Zenz, 2012-11. A captivating fresh analysis of Bible prophecy that sheds new light on God's eternal truths about the events of the End Times. **Tractate Berakoth** A. Lukyn Williams, **Make It a Green Peace!** Frank Zelko, 2013-04-03. The emergence of Greenpeace in the late 1960s from a loose-knit group of anti-nuclear and anti-

whaling activists fundamentally changed the nature of environmentalism its purpose philosophy and tactics around the world And yet there has been no comprehensive objective history of Greenpeace s origins until now Make It a Green Peace draws upon meeting minutes internal correspondence manifestos philosophical writings and interviews with former members to offer the first full account of the origins of what has become the most recognizable environmental non governmental organization in the world Situating Greenpeace within the peace movement and counterculture of the 1960s Frank Zelko provides a much deeper treatment of the group s groundbreaking brand of radical media savvy direct action environmentalism than has been previously attempted Zelko traces the complex intellectual and cultural roots of Greenpeace to the various protest movements of the 1950s and 1960s highlighting the influence of Quakerism with its practice of bearing witness Native American spirituality and the non violent resistance of Gandhi Unlike the more strait laced less confrontational Sierra Club and Audubon Society early Greenpeaceers smoked dope dropped acid wore their hair long and put their bodies on the line interposing themselves between the harpoons of whalers and the clubs of seal hunters to save the animals and achieve what they hoped would be a lasting transformation in the way humans regarded the natural world And while it may not have achieved its most revolutionary goals Greenpeace inarguably created a heightened awareness of environmental issues that endures to this day Narrating the key campaigns and arguments among the group s early members Make It a Green Peace vividly captures all the drama pathos and occasional moments of absurd comic relief of Greenpeace s tumultuous first decade

New Social Movements, Class, and the Environment John-Henry Harter, 2011-05-25 *New Social Movements Class and the Environment* explores the history of Greenpeace Canada from 1971 to 2010 and its relationship to the working class In order to understand the ideology behind Greenpeace the author investigates its structure personnel and actions The case study illustrates important contradictions between new social movement theory and practice and how those contradictions affect the working class In particular Greenpeace's actions against the seal hunt against forestry in British Columbia and against its own workers in Toronto demonstrate some of the historic obstacles to working out a common labour and environmental agenda The 1970s saw an explosion of new social movement activism From the break up of the New Left into single issue groups at the end of the 1960s came a multitude of groups representing the peace movement environmental movement student movement women's movement and gay liberation movement This explosion of new social movement activism has been heralded as the age of new radical politics Many theorists and activists saw and still see new social movements and the issues or identities they represent as replacing the working class as an agent for progressive social
