Seamus Heaney 1995 Nobel Prize In Literature:

Homage to Seamus Heaney, 1996 *Crediting Poetry* Seamus Heaney, 2014-01-13 Seamus Heaney's Nobel Lecture captured here in *Crediting Poetry* is a powerful defense of poetry as the ship and the anchor of our spirit within an ocean of violent divisive politics and world sorrow Beginning with the creaturely existence of his childhood in a thatched farmstead in rural County Derry Heaney traces his path in the wideness of language It is a way forged by listening to the burbles and squeaks of BBC and Radio Eireann from a wireless speaker to the triple rhyme in a line of Yeats but also to the sound of gunfire in Ulster and the keening desolation of all the wounded spots on the face of the earth Out of all these sounds Heaney discovers the necessity of poetic order an order where we can at last grow up to that which we stored up as we grew It is poetry's ability to convey the forces of the marvelous and the murderous together Heaney writes that gives it at once a buoyancy and a holding and persuades us of its truth to life Heaney's lecture not only finds a way of crediting poetry without anxiety or apology but it persuades us eloquently and gracefully of the rightness and thereness of our veritable human being

The Spirit Level Seamus Heaney, 2025-08-22 In *The Spirit Level* as ever with Seamus Heaney personal memory and humble domestic objects a whitewash brush a sofa a swing are endowed with talismanic significance and throughout the collection he addresses his growing concerns which inevitably include the political situation in his native Northern Ireland in a poetry that never ceases to be fluid alert and completely truthful *Seamus Heaney*, 1995 [Seamus Heaney and the Adequacy of Poetry](#) John Dennison, 2015 Seamus Heaney's prose poetics return repeatedly to the adequacy of poetry its ameliorative restorative response to the violence of public historical life It is a curiously equivocal ideal and as such most clearly demonstrates the intellectual origins the humanist character and the inherent strains of these poetics the work of one of the world's leading poet critics of the last thirty years Seamus Heaney and the Adequacy of Poetry is the first study of the development of Heaney's thought and its central theme Eschewing the tendency of Heaney critics to endorse or expand on the poet's poetics in largely adulatory terms it draws on archival as well as print sources to trace the emerging dualistic shape redemptive logic and post Christian nature of Heaney's thought from his undergraduate formation to the expansive affirmations of his late cultural poetics Through a meticulous and wholly new examination of Heaney's revisions to previously published prose it reveals the logical strain of his conceptual constructions so that it becomes acutely apparent just how appropriate that ambivalent ideal adequacy is This book takes seriously the post Christian frequently religious tenor of Heaney's language explicating the character of his thought while exposing its limits Heaney's belief in poetry's adequacy ultimately constitutes an Arnoldian substitute for indeed an afterimage of Christian belief This is the deep significance of the idea of adequacy to Heaney's thought it allows us to identify precisely the late humanist character and the limits of his troubled trust in poetry , **The Who's Who of Nobel Prize Winners, 1901-2000** Louise S. Memories of the Classical Underworld in Irish and Caribbean Literature Madeleine Scherer,2021-09-20 Classical Memories is an intervention into the field of adaptation studies taking the example of classical reception to show that adaptation is a process that can be driven by and produce intertextual memories I see classical memories as a memory driven type of adaptation that draws on and reproduces schematic and otherwise de contextualised conceptions of antiquity and its cultural exports in broadly speaking the twentieth and twenty first centuries These memory driven adaptations differ often in significant ways from more traditional adaptations that seek to either continue or deconstruct a long running tradition that can be traced back to antiquity as well as its canonical points of reception in later ages When investigating such a popular and widespread set of narratives characters and images like those that remain of Graeco Roman antiquity terms like adaptation and reception could and should be nuanced further to allow us to understand the complex interactions between modern works and classical antiquity in more detail particularly when it pertains to postcolonial or post digital classical reception In Classical Memories I propose that understanding certain types of adaptations as intertextual memories allows us to do just that
