Search For Truth The seeker begins... BRYAN RADZIN, 2014-08-18 I don't have so much tricks up my sleeve as much as journalistic fundamentals to take down powerful and influential people that think they're completely above the law and won't ever get caught I want to show them that we're watching and they will be held accountable So if a politician is only in it for the money and say they want illegals to leave is there a possibility they don't want them to leave Is there a chance they really want them here because immigrant labor is cheaper than American Are politicians making money hand over fist because the companies that employ immigrants make truckloads of it themselves and therefore contribute more to campaigns The vigilante types are probably linked to the corrupt politicians who both stand to lose equally if immigrants were made legal The politicians would lose the status quo of cheap labor they can take advantage of and the vigilantes would have to deal with a multi racial society which is all meant to benefit the status quo **Search For Truth: The next step...**

its universities is under attack by the ideological Left dominated by advocates of Wokeism and Critical Race Theory Marshall
McLuhan was a brilliant thinker best known for his insight that the medium is the message Universities as well as our entire
educational medium including the K 12 system that feeds its graduates into the university and societal systems are powerful
and overarching mechanisms that we use to shape our understanding For Western nations the ideal of the university and of
education generally has been to provide us with analytical skills knowledge and the ability to create and nurture a healthy
society that benefits as many people as possible That ideal and the university as educational and social medium is under
severe attack The power to use the university as an overarching medium that offers a strong sense of legitimacy to even
flawed and overstated arguments and assertions is why the institution is a target of an ideological Left that is now dominated
by advocates of Wokeism and Critical Race Theory Once obtaining a strong power base in university disciplines and
administrations the revolutionaries of race gender and other radical interests metamorphosed from heroic moral beacons
fighting and railing against injustice and revealed themselves as ideological dictators The truth is that what we now refer to
as the Woke Critical Race Theory activist movement particularly that controlled by those who came to power in the past
thirty years or so were not simply seeking to expand the nature and content of the university curriculum or even what is
taught in the K 12 system Their intent was and is to destabilize transform and supplant what is taught They seek to create a
culture that elevates their interests while aggressively repressing anything they see as an obstacle to power including
healthy discourse and debate The activists of the Woke Critical Race Theory Movement are not an honest intellectual
movement They are intense and aggressive political strategists self styled revolutionaries seeking to use our educational
systems with the framed narrative of Diversity Equity and Inclusion DEI that is actually one of Division Enmity and
Intimidation Indoctrination all the while claiming their interests are benign and aimed at healing In reality they are
fracturing our fundamental social order sowing discord and deliberately suppressing the freedom of speech and thought
essential to the well being of our democratic republic *Conformity Colleges The Destruction of Intellectual Creativity and

counter and reverse this revolution Nothing of significance can be done to stop what is going on unless the DEI
administrative bureaucracy that now controls universities is dismantled or substantially weakened
