Conscription and the Search for Modern Russian Jewry Olga Litvak,2006-12-06 Olga Litvak has written a book of astonishing originality and intellectual force In vivid prose she takes the reader on a journey through the Russian Jewish literary imagination Benjamin Nathans Russian Jews were first conscripted into the Imperial Russian army during the reign of Nicholas I in an effort to integrate them into the population of the Russian Empire Conscripted minors were to serve in practical terms for life Although this system was abandoned by his successor the conscription experience remained traumatic in the popular memory and gave rise to a large and continuing literature that often depicted Jewish soldiers as heroes This imaginative and intellectually ambitious book traces the conscription theme in novels and stories by some of the best known Russian Jewish writers such as Osip Rabinovich Judah Leib Gordon and Mendele Mokher Seforim as well as by relatively unknown writers Published with the generous support of the Koret Foundation **British Books in Print** ,1985

Earthen Vessels Joel A. Carpenter,Wilbert R. Shenk,2012-12-01 Contrary to popular impressions the days of the missionary are far from over North American churches send more missionaries than ever before and 90 percent of them are evangelicals who are not affiliated with the mainline Protestant mission boards The first major historical treatment of the distinctly evangelical wing of twentieth century American missions *Earthen Vessels* truly breaks new ground Covering

territory that missions histories have scarcely explored yet the distinguished historians contributing to this volume portray the North American including Canadian evangelical missionary enterprise from the Student Volunteer Movement to the very recent past The book traces the influences of premillennial eschatology the fundamentalist modernist controversies the rise of independent missions and conservative denominational boards the role of World War II and America s rise to world power the recent development of a distinctly evangelical theology of missions and the growing influence of the Two Thirds World s evangelical leaders While this volume certainly does not contain the last word on these subjects in a number of areas it does offer very nearly the first look With its fresh subject matter and new historical interpretations *Earthen Vessels* will interest church history scholars and students missionaries and ministers and any others who wish to know more about American missions **The Philosopher's Index** ,2008 Vols for 1969 include a section of abstracts **W.F.B. Review** ,2004

America's Identity Crisis Michael Gellert,2022-05-01 This newly revised edition of *The Fate of America* examines the national character of the United States against the backdrop of its history popular culture and media Michael Gellert suggests that the deterioration of America s heroic ideal the heart of its national character is responsible for the country s deepening social ills and the erosion of its vital institutions He calls for a spiritual and intellectual renaissance and a renewed sense of national purpose in order to meet the challenges of the twenty first century With an updated Preface and a new Appendix on the Trump phenomenon s paradoxical effect Gellert profiles the development of the American heroic ideal and how this concept expresses the nation s aspiration toward greatness and its sense of identity **Whitaker's Cumulative Book List** ,1982 **The Red Reborn** John Hendrix,2022-11-14 In a world where the earth is dying and humanity s last hope seems out of reach A brilliant doctor by the name of Herbert Bradshaw would seemingly swoop in to save everyone by giving them inhuman abilities after creating a particle that can rewrite your genetic code After loosely fixing the problem at hand Bradshaw would face many new problems created by his one solution The world would fall into chaos as people began to freely use their powers for their own purposes This in turn leads to the creation of an evil force called The Red The struggle for power between Bradshaw and this being is always at a constant and everyone seems to be in the crossfire Will evil prevail and the brilliance of Doctor Bradshaw catch up with him Read and find out in *The Red Reborn* [Reborn as a Hamster for 233 Days](#) Yi Shu,2020-07-03 Price will be 5 99 for the first two weeks Will be increased to 7 99 afterwards The renowned SI Corporation s chief designer Xiao Yu is young promising and brimming with talent Who would have guessed that the heavens would be jealous of this heroic genius After waking up from a car accident he unexpectedly finds that he is reborn as a hamster Never mind that he d turned into a hamster but the CEO rival he hated the most in his previous life adopted him Hamster Xiao declared Hnn I m gonna screw up your company Chairman Yan The weather is turning cold it s time to buy clothes for my hamster and bankrupt SI along the way **Reborn and Married to His Uncle**□**Part XI**□ T.H.Jessica, In her previous life Zoey was killed before realizing that she had misidentified the man who saved her life back

then After being reborn she kicked away the scumbag man and vowed to take back all the honors she once gifted to her enemies The most important thing firmly hold onto the scumbag s uncle s disabled thighs Some people say That Zoey has nothing but borrowing Russell s influence Financial tycoons medical godfathers beautiful movie queens and tech gurus have all come forward Sorry our zoey never rely on men The whole network is in an uproar Everyone is guessing what their relationship was The next day the video came out a certain disabled guy not only stood up but also blocked the little petite wife in the corner Zoey you are mine *Nation and Word, 1770-1850* Mary Anne Perkins,2016-12-05 The emergence of the modern nation state in Europe and the accompanying rise in national consciousness led to a heightened awareness of the close relationship between language and national identity In this book the author shows that this relationship was expressed through the themes and figures of a language of nationhood drawn from a common European cultural heritage particularly the Classical and Christian traditions Despite its common roots this language became the medium through which the diversity of national characters was expressed The idea of the divine Word for example enabled the sacredness and power of national language to be celebrated The identification of poet and prophet gave Romantic nationalists an authority to speak for and to the nation and the theme of the Chosen People was often adopted to express the elect status of a writer s own nation In conclusion it is shown that this language of nationhood remains a powerful force at the end of the twentieth century
