**Unpopular Privacy** Anita Allen, 2011-10-17 Can the government stick us with privacy we don't want? It can, it does, and according to Anita L. Allen, it may need to do more of it. Privacy is a foundational good, Allen argues, a necessary tool in the liberty lover's kit for a successful life. A nation committed to personal freedom must be prepared to mandate privacy protections for its people, whether they eagerly embrace them or not. This unique book draws attention to privacies of seclusion, concealment, confidentiality, and data protection undervalued by their intended beneficiaries and targets, and outlines the best reasons for imposing them. Allen looks at laws designed to keep website operators from collecting personal information, laws that force strippers to wear thongs, and the myriad employee and professional confidentiality rules, including insider trading laws that require strict silence about matters whose disclosure could earn us small fortunes. She shows that such laws recognize the extraordinary importance of dignity, trust, and reputation, helping to preserve social, economic, and political options throughout a lifetime.

*In Search of Corky* Paul J. Greenhalgh, Jr., 2008-10-01 Corky lured me into his story of fame, addiction, lies, and discovery of the only true path to freedom. In our world, athletes are idols, someone whom followers desire what they have. What we desperately need is heroes, someone we want to emulate. The transition from idol to hero is a common challenge for all addicts. Each of us battles his own addictions, destructive behaviors that we cannot control. Addiction is loss of self. This is the story of Corky's pain and acceptance by the One source of hope. If ever a life appeared wasted, it was Corky's during the eighteen months I knew him. As a teenager in Newark, he perfected a deadly jump shot. His skill carried him to the Pistons and the Lakers. But first, he spent endless hours perfecting Newark city basketball moves as the only white kid in the neighborhood. He was compelled by an inner urge that guided him when and how to pass and when to shoot. Minimal notice was given to responsibility. For two years, he set scoring records in junior college. Corky strutted into George Washington University. Coach Bill Reinhart molded a team that became champions of the Southern Conference. Corky is still the highest scorer for three-year players. He finished as game-high scorer in the East vs. West college All-Star game in Madison Square Garden. It was 1955, and his picture appeared on the cover of Life magazine. After pro basketball, Corky fell under a deadly addiction to gambling. His story is told through the memories of those who knew him. My own interaction with

Frankl, 2006-06-01 Psychiatrist Viktor Frankl's memoir has riveted generations of readers with its descriptions of life in Nazi death camps and its lessons for spiritual survival Between 1942 and 1945 Frankl labored in four different camps including Auschwitz while his parents brother and pregnant wife perished Based on his own experience and the experiences of others he treated later in his practice Frankl argues that we cannot avoid suffering but we can choose how to cope with it find meaning in it and move forward with renewed purpose Frankl's theory known as logotherapy from the Greek word logos meaning holds that our primary drive in life is not pleasure as Freud maintained but the discovery and pursuit of what we personally find meaningful At the time of Frankl's death in 1997 *Man's Search for Meaning* had sold more than 10 million copies in twenty four languages A 1991 reader survey for the Library of Congress that asked readers to name a book that made a difference in your life found *Man's Search for Meaning* among the ten most influential books in America Sonorous Desert Kim Haines-Eitzen, 2024-04-16 Deserts have a long religious history Think of the biblical stories of the ancient Israelites migrating through deserts after they had been freed from slavery in Egypt and the stories from the New Testament of Jesus being tempted in the desert Early Christian monks and hermits were deeply influenced by such stories drawing from them the lesson that the desert is an important place It's the place to which one flees the cacophony and distractions of the marketplace and town square in order to hear and contemplate the voice of God in solitude Of course the practice of withdrawal was a Graeco Roman ideal as well as a biblical one and some early monks were surely influenced by pre Christian philosophical ideas about the power of solitude too Alone or in monastic communities which paradoxically blended the communal and the solitary monks found something surprising in the harsh desert environment while they went there in search of silence they found that the desert too is rich with sound which one can appreciate if one pays attention One has to learn to listen to the subtle natural sounds of the desert in order to become quiet and still enough to listen with the ear of the heart in the words of the sixth century AD monk Benedict of Nursia Kim Haines Eitzen has written a book about the sayings anecdotes and stories of these desert monks based on her reading of a wide range of texts written in Greek Coptic and Latin between the third and seventh centuries including letters treatises and philosophical and practical instructions for monastic life This material speaks to the interdependence between humans and other animals and between humans and the environment The author highlights the ways in which monks wrestled with the sounds of the desert and how they used these

to cultivate a quality of inner listening She invites her readers to reflect with her on what we might learn about our own world from their experience and stories how in the midst of our cacophonous surroundings we might cultivate a sense of inner quietude And how we might grapple with the tensions that those early monks also felt between the pulls of solitude and community Accompanying this book are a set of audio recordings the author made in desert environments

**How Wilderness Visitors Choose Entry Points and Campsites** Robert C. Lucas,1990 , **The Pleasure of God** J. Ellsworth Kalas,2016-01-28 How can anything be ordinary if we find the glory of God there Whatever might be said of life s most thrilling or transformative moments most of our time is spent in ordinary things We spend a third of our lives sleeping In our adult lives perhaps a quarter to a third of each week is spent at work And then there s more of the common stuff eating waiting in line bathing getting dressed and watching TV So it is that our seventy eighty or ninety years go by in common ways and we have no idea where they ve gone Is there glory in any of this Where is the abundant life of which Jesus spoke In this inspiring new work J Ellsworth Kalas says that the glory is found not just in the ecstasy of love or victory but in all of life whether ecstatic or ordinary Kalas believes it is possible to live with such joy and gladness of hearts that we find our ordinary lives graced by the pleasure of God He offers a guide to spiritual contentment in the midst of busy lives showing us the meaning in those seemingly small aspects of every day

**A Pastor Must Be a Stephen** Ed Garrett,2021-05-06 In a time when the clergy is considered a vocation rather than a calling the aspiring pastor must take heed to biblical guidelines set for the office God s Word sets clear qualifications for the ministry Although not a pastor the deacon Stephen of the Book of Acts was an exemplar of true pastoral directives A Pastor Must Be a

Stephen is a study of the characteristics exhibited by Stephen in Acts 6:8-7:60. The directives of successful preaching and powerful leadership shown by this man of God must be a trademark of the contemporary pastorate. Stephen's zeal, fervor, and knowledge of biblical truth is indicative of godly fear and responsibility incumbent upon the gospel ministry. The walk of life of a pastor must be a holy convocation. The life of Stephen is a paradigm of a gospel minister.
