The Oxford Handbook of the Valley of the Kings Richard H. Wilkinson,Kent Weeks,2016-01-19 The royal necropolis of New Kingdom Egypt known as the Valley of the Kings KV is one of the most important and celebrated archaeological sites in the world Located on the west bank of the Nile river about three miles west of modern Luxor the valley is home to more than sixty tombs all dating to the second millennium BCE The most famous of these is the tomb of Tutankhamun first discovered by Howard Carter in 1922 Other famous pharaoh s interred here include Hatshepsut the only queen found in the valley and Ramesses II ancient Egypt s greatest ruler Much has transpired in the study and exploration of the Valley of the Kings over the last few years Several major discoveries have been made notably the many chambered KV5 tomb of the sons of Ramesses II and KV 63 a previously unknown tomb found in the heart of the valley Many areas of the royal valley have been explored for the first time using new technologies revealing ancient huts shrines and stelae New studies of the DNA filiation cranio facial reconstructions and other aspects of the royal mummies have produced important and sometimes controversial results The Oxford Handbook of the Valley of the Kings provides an up to date and thorough reference designed to fill a very real gap in the literature of Egyptology It will be an invaluable resource for scholars teachers and researchers with an interest in this key area of Egyptian archaeology First introductory chapters locate the Valley of the Kings in space and time Subsequent chapters offer focused examinations of individual tombs their construction content development and significance Finally the book discusses the current status of ongoing issues of preservation and archaeology such as conservation tourism and site management In addition to recent work mentioned above aerial imaging remote sensing studies of the tombs architectural and decorative symbolism problems of conservation management and studies of KV related temples are just some of the aspects not covered in any other work on the Valley of the Kings This volume promises to become the primary scholarly reference work on this important World Heritage Site

and Mazghuneh William Matthew Flinders Petrie, 2013-09-19 Reissued here together these two well illustrated excavation reports from 1905 and 1912 cover important archaeological work in Egypt **Memoir of the Egypt Exploration Fund**, 1900 **The Compensations of Plunder** Justin M. Jacobs, 2020-07-13 A very important contribution to the history of collecting in the new context of nationalism in China and in the West innovative and engaging American Historical Review From the 1790s until World War I Western museums filled their shelves with art and antiquities from around the world These objects are now widely regarded as stolen from their countries of origin and demands for their repatriation grow louder by the day In The Compensations of Plunder Justin M Jacobs brings to light the historical context of the exodus of cultural treasures from northwestern China Based on a close analysis of previously neglected archives in English French and Chinese Jacobs finds that many local elites in China acquiesced to the removal of art and antiquities abroad understanding their trade as currency for a cosmopolitan elite In the decades after the 1911 Revolution however these antiquities went from being diplomatic capital to disputed icons of the emerging nation state A new generation of Chinese scholars began to criminalize the prior activities of archaeologists erasing all memory of the pragmatic barter relationship that once existed in China Recovering the voices of those local officials scholars and laborers who shaped the global trade in antiquities The Compensations of Plunder brings historical grounding to a highly contentious topic in modern Chinese history and informs heated debates over cultural restitution throughout the world Clearly the result of a very meticulously researched project The Compensations of Plunder is a well crafted and tremendously enjoyable read P r Cassel University of Michigan [Troja.
