finely wrought and deeply felt Not merely a coming of age story Goldberg s first novel delicately examines the unraveling fabric of one family The outcome of this tale is as startling and unconventional as her prose which wields its metaphors sharply and rings with maturity The work of a lyrical and gifted storyteller Bee Season marks the arrival of an extraordinarily talented new writer Strategies for Educating African American Children Judith Clair-Hull,2006-10-30 Ideal for teachers of African American children ages six through eleven Educators will be equipped with tools to create powerful Afro centric curriculum for their students Topics covered in the book include Contemporary learning theories Personality development of primary and junior students Effective African American teaching styles Addressing the spiritual needs of AA childrenThis book fills a particular need as there are very few resources focused specifically on the Christian spiritual education of African American children
