of President Trump's immigrant grandfather who as a young man built hotels for miners in Alaska during the Klondike gold rush. His son Fred took advantage of the New Deal using government subsidies and loopholes to construct hugely successful housing developments in the 1940s and 1950s. The profits from Fred's enterprises paved the way for President Trump's roller coaster ride through the 1980s and 1990s into the new century. With his talent for extravagant exaggeration he calls it truthful hyperbole. President Trump turned the deal making know how of his forebears into an art form. By placing this much publicized life within the context of family Gwenda Blair adds a new dimension to the larger than life figure who ascended to the American Presidency. *The Literary Digest*, 1917
