**Maik Goth**

## **Shakespeare's Chaucer:**

*Shakespeare and the Middle Ages* Martha W. Driver, Sid Ray, 2014-01-10 Every generation reinvents Shakespeare for its own needs imagining through its particular choices and emphases the Shakespeare that it values The man himself was deeply involved in his own kind of historical reimagining This collection of essays examines the playwright's medieval sources and inspiration and how they shaped his works With a foreword by Michael Almereyda director of the Hamlet starring Ethan Hawke and dramaturge Dakin Matthews these thirteen essays analyze the ways in which our modern understanding of medieval life has been influenced by our appreciation of Shakespeare's plays **Love, history and emotion in Chaucer**

**and Shakespeare** Andrew James Johnston, Russell West-Pavlov, Elisabeth Kempf, 2016-02-05 This collection of essays explores medieval and early modern Troilus texts from Chaucer to Shakespeare The contributions show how medieval and early modern fictions of Troy use love and other emotions as a means of approaching the problem of tradition As these texts reflect on their own traditionality they highlight both the affective nature of temporality and the role of affect in scrutinising tradition itself Focusing on a specific textual lineage that bridges the conventional period boundaries the collection participates in an exchange between medievalists and early modernists that seeks to generate a dialogic encounter between the periods with the aim of further dismantling the rigid notions of chronology and periodisation that have kept medieval and early modern scholarship apart *From Chaucer's Pardoner to Shakespeare's Iago* Maik Goth, 2009 In The Western Canon

The Books and School of the Ages the American critic Harold Bloom claims that Shakespeare drew on Chaucer's Pardoner when creating the villain Iago for his Othello This book turns Bloom's observation of influences within the canon of Western literature into a more complex intermedial analysis of dramatic and literary traditions at the waning of the Middle Ages and the dawn of the Renaissance The discussion of verbal and non verbal codes in Chaucer's presentation of the Pardoner and Shakespeare's depiction of Iago sheds light on the various strands of the Vice's development and shows that Chaucer's pilgrim who descends obliquely from the stage Vices stands at the very beginning of the Vice tradition while Iago is a late development of him who adapts his role to new dramatic challenges Chaucer & the Rival Poet in Shakespeare's Sonnets

Hubert William Ord, 1921 *Shakespeare's Chaucer* Ann Thompson, 1978 *Chaucer Traditions* Ruth Morse, Barry Windeatt, 2006-11-02 An important collection of essays which will be of interest to teachers and students of Chaucer

Shakespeare's Lyric Stage Seth Lerer, 2018-11-29 What does it mean to have an emotional response to poetry and music And just as important but considered less often what does it mean not to have such a response What happens when lyric utterances which should invite consolation revelation and connection somehow fall short of the listener's expectations As Seth Lerer shows in this pioneering book Shakespeare's late plays invite us to contemplate that very question offering up lyric as a displaced and sometimes desperate antidote to situations of duress or powerlessness Lerer argues that the theme of lyric misalignment running throughout The Tempest The Winter's Tale Henry VIII and Cymbeline serves a political

purpose a last ditch effort at transformation for characters and audiences who had lived through witch hunting plague regime change political conspiracies and public executions A deep dive into the relationship between aesthetics and politics this book also explores what Shakespearean lyric is able to recuperate for these victims of history by virtue of its disjointed utterances To this end Lerer establishes the concept of mythic lyricism an estranging use of songs and poetry that functions to recreate the past as present to empower the mythic dead and to restore a bit of magic to the commonplaces and commodities of Jacobean England Reading against the devotion to form and prosody common in Shakespeare scholarship Lerer s account of lyric utterance s vexed role in his late works offers new ways to understand generational distance and cultural change throughout the playwright s oeuvre      *Shakespeare's Blank Verse* Robert Stagg,2022 Offers an alternative account of Shakespeare s blank verse his unrhymed iambic pentameter and provides a new history of the first blank verse in English and of Shakespeare s involvement in its development      **Shakespeare and the Middle Ages** Curtis Perry,John Watkins,2009-05-07 Shakespeare and the Middle Ages brings together a distinguished multidisciplinary group of scholars to rethink the medieval origins of modernity Shakespeare provides them with the perfect focus since his works turn back to the Middle Ages as decisively as they anticipate the modern world almost all of the histories depict events during the Hundred Years War and King John glances even further back to the thirteenth century Angevins several of the comedies tragedies and romances rest on medieval sources and there are important medieval antecedents for some of the poetic modes in which he worked as well Several of the essays reread Shakespeare by recovering aspects of his works that are derived from medieval traditions and whose significance has been obscured by the desire to read Shakespeare as the origin of the modern These essays taken cumulatively challenge the idea of any decisive break between the medieval period and early modernity by demonstrating continuities of form and imagination that clearly bridge the gap Other essays explore the ways in which Shakespeare and his contemporaries constructed or imagined relationships between past and present Attending to the way these writers thought about their relationship to the past makes it possible in turn to read against the grain of our own teleological investment in the idea of early modernity A third group of essays reads texts by Shakespeare and his contemporaries as documents participating in social cultural transformation from within This means attending to the way they themselves grapples with the problem of change attempting to respond to new conditions and pressures while holding onto customary habits of thought and imagination Taken together the essays in this volume revisit the very idea of transition in a refreshingly non teleological way      *Shakespeare's Literary Authorship* Patrick Cheney,2008-06-26 This book considers Shakespeare as a literary figure analysing his full professional career both poetry and plays      *Shakespeare's Ovid and the Spectre of the Medieval* Lindsay Ann Reid,2018 A study of how the use of Ovid in Middle English texts affected Shakespeare s treatment of the poet The debt owed by Shakespeare to Ovid is a major and important topic in scholarship This book offers a fresh approach to the subject in aiming to account for the Middle English literary lenses through which Shakespeare and

his contemporaries often approached Greco Roman mythology Drawing its principal examples from *The Two Gentlemen of Verona* *The Taming of the Shrew* *Romeo and Juliet* *Lucrece* and *Twelfth Night* it reinvestigates a selection of moments in Shakespeare's works that have been widely identified in previous criticism as Ovidian scrutinising their literary alchemy with an eye to uncovering how ostensibly classical references may be haunted by the under acknowledged spectral presences of medieval intertexts and traditions Its central concern is the mutual hauntings of Ovid Geoffrey Chaucer and John Gower in the early modern literary imagination it demonstrates that Ovidian allusions to mythological figures such as Ariadne Philomela or Narcissus in Shakespeare's dramatic and poetic works were sometimes simultaneously mediated by the hermeneutic and affective legacies of earlier vernacular texts including *The Legend of Good Women* *Troilus and Criseyde* and the *Confessio Amantis* LINDSAY ANN REID is a Lecturer in English at the National University of Ireland Galway

**Oxford Guides to Chaucer: Troilus and Criseyde** Barry Windeatt, 2023-08-24 This is a comprehensive critical guide to Chaucer's *Troilus and Criseyde* This new edition has been comprehensively revised in light of the latest scholarly and critical research and with a fully updated bibliography It includes a full account of Chaucer's imaginative deployment of his sources and an extended survey of this narrative poem's innovative combination of a range of generic identities The chapters explain how Chaucer builds thematic significance into his poem's symmetrical structure and the poem's distinctive variety in style and language as well as a full commentary on the poem's concerns with love in the contexts of time and mutability and human free will The Guide explores the poem as an extended debate about the nature and value of love and how love was conceptualized and experienced as a form of service in quest of compassionate reward a quasi religious devotion and a potentially fatal illness always in hope of cure The subjectivities of the chief protagonists are fully analysed as is the poem's problematic ending Alongside discussions of theme and structure there is also an account of what the extant manuscripts of *Troilus and Criseyde* may reveal about the poem's early genesis and a unique survey of responses to *Troilus* from its own times to the present day Barry Windeatt's contribution to the series is a comprehensive single volume guide to *Troilus and Criseyde* bringing together a wide range of material and providing a readable commentary on all aspects of the work Combining the informative substance of a reference book with the coherence of a critical reading the Guide has taken its place as the standard introduction to *Troilus and Criseyde* since its first publication in 1992

*Shakespeare and the Medieval World* Helen Cooper, 2014-09-22 Helen Cooper's unique study examines how continuations of medieval culture into the early modern period forged Shakespeare's development as a dramatist and poet Medieval culture pervaded his life and work from his childhood spent within reach of the last performances of the Coventry Corpus Christi plays to his dramatisation of Chaucer in *The Two Noble Kinsmen* three years before his death The world he lived in was still largely a medieval one in its topography and its institutions The language he spoke had been forged over the centuries since the Norman Conquest The genres in which he wrote not least historical tragedy love comedy and romance were medieval

inventions A high proportion of his plays have medieval origins and he kept returning to Chaucer acknowledged as the greatest poet in the English language Above all he grew up with an English tradition of drama developed during the Middle Ages that assumed that it was possible to stage anything all time all space Shakespeare and the Medieval World provides a panoramic overview that opens up new vistas within his work and uncovers the richness of his inheritance **Geoffrey Chaucer** Jodi-Anne George,2000 At last available in a single volume comprehensive overviews and concise analyses of the key critical texts and approaches to the most studied works of literature By assembling extracts from essays reviews and articles the columbia critical guides provide students with ready access to the most important secondary writings on one or more texts by a given writer each volume Offers a balanced and nuanced approach to criticism drawing on a wide array of British and American sources Explains criticism in terms of key approaches allowing students to grasp the central issues for each work Is edited by a noted scholar who specializes in the writer or work in question Includes notes and a comprehensive bibliography and index The General Prologue to the canterbury tales has long been central to the English literary canon Jodi Anne George provides a detailed introduction to the most important critical debates surrounding The General Prologue The extracts and essays included here date from as early as 1368 when Eustace Deschamps paid the first recorded tribute to Chaucer s genius and move chronologically through to the late 1990s The selections address the opinions of early editors of Chaucer as well as the continuing interest in the poet by other writers throughout the ages Sociological gender based historical and structural readings of The General Prologue are also represented *Shakespeare, National Poet-Playwright* Patrick Cheney,2004-11-25 Shakespeare National Poet Playwright is an important book which reassesses Shakespeare as a poet and dramatist Patrick Cheney contests critical preoccupation with Shakespeare as a man of the theatre by recovering his original standing as an early modern author he is a working dramatist who composes some of the most extraordinary poems in English The book accounts for this form of authorship by reconstructing the historical preconditions for its emergence in England as in Europe including the building of the commercial theatres and the consolidation of the printing press Cheney traces the literary origin to Shakespeare s favourite author Ovid who wrote the Amores and Metamorphoses alongside the tragedy Medea Cheney also examines Shakespeare s literary relations with his contemporary authors Edmund Spenser and Christopher Marlowe The book concentrates on Shakespeare s freestanding poems but makes frequent reference to the plays and ranges widely through the work of other Renaissance writers *Will & Love* Darren Dyck,2023-03-10 Will Love examines four of Shakespeare s love plays Romeo and Juliet Troilus and Cressida Twelfth Night and Antony and Cleopatra in light of the Augustinian psychology at the heart of the theological romance tradition This tradition which Shakespeare inherits from medieval theologian poets such as Boethius Dante Petrarch and Chaucer issues from the idea initially expressed by Augustine in his Confessions that love functions as volitional weight as a kind of magnetism or almost gravitational force that it moves the lover in mysterious ways yet without diminishing his or her agency

Will Love highlights Shakespeare's conception of love in terms of motion and explores the metaphysical ethical psychological and dramatic implications of his doing so **Shakespeare and the Classical Tradition** Lewis Walker, 2019-05-24 This bibliography will give comprehensive coverage to published commentary in English on Shakespeare and the Classical Tradition during the period from 1961-1985. Doctoral dissertations will also be included. Each entry will provide a clear and detailed summary of an item's contents. For poems and plays based directly on classical sources like Antony and Cleopatra and The Rape of Lucrece virtually all significant scholarly work during the period covered will be annotated. For other works such as Hamlet any scholarship that deals with classical connotations will be annotated. Any other bibliographies used in the compiling of this volume will be described with emphasis on their value to a student of Shakespeare and the Classics.

Shakespeare and Chaucer Examinations William Taylor Thom, 1888 Examination papers by pupils of Hollins Institute Virginia Shakespeare and University Drama in Early Modern England Daniel Blank, 2023-01-31 Dramatic performances at the universities in early modern England have usually been regarded as insular events completely removed from the plays of the London stage. Shakespeare and University Drama in Early Modern England challenges that long-held notion, illuminating how an apparently secluded theatrical culture became a major source of inspiration for Shakespeare and his contemporaries. While many university plays featured classical themes, others reflected upon the academic environments in which they were produced, allowing a window into the universities themselves. This window proved especially fruitful for Shakespeare, who as this book reveals had a sustained fascination with the universities and their inhabitants. Daniel Blank provides groundbreaking new readings of plays from throughout Shakespeare's career, illustrating how depictions of academic culture in Love's Labour's Lost, Hamlet, and Macbeth were shaped by university plays. Shakespeare was not unique, however. This book also discusses the impact of university drama on professional plays by Christopher Marlowe, Robert Greene, and Ben Jonson, all of whom in various ways facilitated the connection between the university stage and the London commercial stage. Yet this connection, perhaps counterintuitively, is most significant in the works of a playwright who had no formal attachment to Oxford or Cambridge. Shakespeare, this study shows, was at the center of a rich exchange between two seemingly disparate theatrical worlds. *The Moral Universe of Shakespeare's Problem Plays* Vivian Thomas, 2021-03-30 What is it that makes Shakespeare's problem plays problematic? Many critics have sought for the underlying vision or message of these puzzling and disturbing dramas. Originally published in 1987, the key to Viv Thomas's new synthesis of the plays is the idea of fracture and dissolution in the universe. From the collapse of degree in Troilus and Cressida to the corruption at the heart of innocence in Measure for Measure, to the puzzling status of virtue and valour in All's Well, the most obvious feature of these plays is their capacity to prompt new questions. In a detailed discussion of each play in turn, the author traces the dominant themes that both distinguish and unite them and provides numerous insights into the sources, background, texture, and morality of the plays.

Immerse yourself in heartwarming tales of love and emotion with is touching creation, Tender Moments: **Shakespeares Chaucer** . This emotionally charged ebook, available for download in a PDF format ( PDF Size: \*), is a celebration of love in all its forms.
