Kelley Hunter, 2005-07-03 Of increasing interest to astrologers Lilith is the name given to four astronomical points an asteroid a star a dark ghost moon and the better known Black Moon All four Liliths are discussed and differentiated with the aid of numerous case histories and fascinating insights into the lives of public figures A section of suggested interpretations of Lilith s influence through the signs is included **Absent Mother God of the West** Neela Bhattacharya Saxena, 2015-12-15 This book about the missing Divine Feminine in Christianity and Judaism chronicles a personal as well as an academic quest of an Indian woman who grew up with Kali and myriad other goddesses It is born out of a women s studies course created and taught by the author called The Goddess in World Religions The book examines how the Divine Feminine was erased from the western consciousness and how it led to an exclusive spiritually patriarchal monotheism with serious consequences for both women s and men s psychological and spiritual identity While colonial proselytizing and patriarchal ways have denied the divinity inherent in the female of the species a recent upsurge of body centric practices like Yoga and innumerable books about old and new goddesses reveal a deep seated mother hunger in the western consciousness Written from a practicing Hindu Buddhist perspective this book looks at the curious phenomenon called the Black Madonna that appears in Europe and also examines mystical figures like Shekhinah in Jewish mysticism People interested in symbols of the goddess feminist theologians and scholars interested in the absence of goddesses in monotheisms may find this book s perspective and insights provocative Shrī Ganapati Sachchidananda Parabrahman Dr Jayant Athavale, H.H. Sandeep Alshi, 2025-01-21 When we understand the spiritual science about a Deity it strengthens our faith in the Deity With this perspective emphasis has been laid upon providing information on Shri Ganapati in this Text which is not normally available elsewhere and is useful from the spiritual perspective Hence in this Text the following spiritual information has been included implied meaning of the principal Names of Shr Ga apati various functions and specialties of Ga apati such as the interpreter of the language of light spoken by Deities into the language of sound of the humans the augments of vital energy in our body etc the significance of Ga apati with His trunk curved towards the right and the left why d r v Bermuda grass a fragrant grass

used in the ritualistic worship of Shri Ganesh and red flowers are offered to Ganapati etc *Shakti and Shâkta Essays and Addresses on the Shâkta Tantrashâstra* Arthur Avalon (Sir John Woodroffe), The general Indian Religion or Bharata Dharma holds that the world is an Order or Cosmos It is not a Chaos of things and beings thrown haphazard together in which there is no binding relation or rule The world order is Dharma which is that by which the universe is upheld Dharmate Without Dharma it would fall to pieces and dissolve into nothingness But this is not possible for though there is Disorder Adharma it exists and can exist only locally for a time and in particular parts of the whole Order however will and from the nature of things must ultimately assert itself And this is the meaning of the saying that Righteousness or Dharma prevails This is in the nature of things for Dharma is not a law imposed from without by the Ukase of some Celestial Czar It is the nature of things that which constitutes them what they are Svalakshana dharanat Dharma It is the expression of their true being and can only cease to be when they themselves cease to be Belief in righteousness is then in something not arbitrarily imposed from without by a Lawgiver but belief in a Principle of Reason which all men can recognize for themselves if they will Again Dharma is not only the law of each being but necessarily also of the whole and expresses the right relations of each part to the whole This whole is again harmonious otherwise it would dissolve The principle which holds it together as one mighty organism is Dharma The particular Dharma calls for such recognition and action in accordance therewith Religion therefore which etymologically means that which obliges or binds together is in its most fundamental sense the recognition that the world is an Order of which each man being and thing is a part and to which each man stands in a definite established relation together with action based on and consistent with such recognition and in harmony with the whole cosmic activity Whilst therefore the religious man is he who feels that he is bound in varying ways to all being the irreligious man is he who egoistically considers everything from the standpoint of his limited self and its interests without regard for his fellows or the world at large The essentially irreligious character of such an attitude is shown by the fact that if it were adopted by all it would lead to the negation of Cosmos that is Chaos Therefore all Religions are agreed in the essentials of morality and hold that selfishness in its widest sense is the root of all sin Adharma Morality is thus the true nature of man The general Dharma Samanya Dharma is the universal law governing all just as the particular Dharma Vishesha Dharma varies with and is peculiar to each class of being It follows from what is above stated that disharmony is suffering This is an obvious fact Wrong conduct is productive of ill as right conduct is productive of good As a man sows so he will reap There is an Immanent Justice But these results though they may appear at once do not always do so The fruit of no action is lost It must according to the law of causality which is a law of reason bear effect If its author does not suffer for it here and now in the present life he will do so in some future one Birth and death mean the creation and destruction of bodies The spirits so embodied are infinite in number and eternal The material universe comes and goes Shakti Vanamali, 2008-07-21 Presents the mystery of the Divine Mother in all her manifold aspects Explores more than 30 different goddess aspects of the Shakti force both beneficial

and malefic Includes Sanskrit hymns and classic verses by Sri Auribindo for each of the goddesses Shakti is synonymous with the Devi the Divine Mother or divine power that manifests sustains and transforms the universe She is the womb of all creatures and it is through her that the One becomes the many Our first and primary relationship to the world is through the mother the source of love security and nourishment Extending this relationship to worship of a cosmic being as mother was a natural step found not only in the Shakti cult of Hinduism but also in ancient Greek Egyptian and Babylonian cultures Shakti presents more than 30 goddess incarnations of the Divine Mother that represent both the beneficial and malefic aspects of the Shakti force From Lakshmi Parvati and Saraswati to Durga Chandika and Kali each of the different functions of the female goddesses in the Hindu pantheon is revealed accompanied by traditional Sanskrit hymns classic verses by Sri Auribindo and discussions of tantric philosophy The author draws from the Devi Bhagavatham which describes all the stories of Shakti and the Devi Mahatmyam the most powerful scriptural text that glorifies Shakti in her form as Durga Using these texts she shows that through the power and grace of the Divine Mother we may be released from the darkness of ignorance and taken to the abode of knowledge immortality and bliss the source from which we have come **The Four Desires** Rod Stryker,2011 Shares inspirational anecdotes to encourage readers to pursue happiness outlining step by step meditations and practical exercises for identifying innermost desires and achieving fulfillment **The Magical Crone** Jennifer Reif,Marline Haleff,2003 Redefining the concept of the mature Wiccan this title seeks to turn her into a positive model for the Elder Wiccan women by showing the Crone to be a powerful symbol that embodies all phases of a woman s life Maiden Mother and Crone Complete with suggestions for crafts journal writings rituals and meditations to reinforce the positive aspects of becoming a truly wise woman Wheels of Life Anodea Judith,2012-12-08 As portals between the physical and spiritual planes the chakras offer unparalleled opportunities for growth healing and transformation Anodea Judith s classic introduction to the chakra system which has sold over 300 000 copies has been completely updated and expanded It includes revised chapters on relationships evolution and healing and a new section on raising children with healthy chakras Wheels of Life takes you on a powerful journey through progressively transcendent levels of consciousness View this ancient metaphysical system through the light of new metaphors ranging from quantum physics to child development Learn how to explore and balance your own chakras using poetic meditations and simple yoga movements along with gaining spiritual wisdom you ll experience better health more energy enhanced creativity and the ability to manifest your dreams Praise Wheels of Life is the most significant and influential book on the chakras ever written John Friend founder of Anusara Yoga **Shakti and Shakta** Sir John George Woodroffe,1929 **Shakti and shakta** Arthur Avalon,2021-08-19 There is no word of wider content in any language than this Sanskrit term meaning Power For Shakti in the highest causal sense is God as Mother and in another sense it is the universe which issues from Her Womb And what is there which is neither one nor the other Therefore the Yoginihridaya Tantra thus salutes Her who conceives bears produces and thereafter nourishes all worlds

Obeisance be to Her who is pure Being Consciousness Bliss as Power who exists in the form of Time and Space and all that is therein and who is the radiant Illuminatrix in all beings It is therefore possible only to outline here in a very general way a few of the more important principles of the Shakti doctrine omitting its deeply interesting practice Sadhana in its forms as ritual worship and Yoga Today Western science speaks of Energy as the physical ultimate of all forms of Matter So has it been for ages to the Shaktas as the worshippers of Shakti are called But they add that such Energy is only a limited manifestation as Mind and Matter of the almighty infinite Supreme Power Maha Shakti of Becoming in That Tat which is unitary Being Sat itself

Shakti's New Voice Angela Rudert,2017-10-04 Shakti s New Voice is the first comprehensive study of Anandmurti Gurumaa a widely popular contemporary female guru from north India known for offering spiritual teachings and music on satellite television and the Internet Based on extensive ethnographic fieldwork and religious historical research as well as unexpected and unprecedented outsider contact with the guru Angela Rudert offers an intimate portrait of Gurumaa that will be of interest to the guru s admirers as well as to scholars To examine Gurumaa s innovation Rudert turns to examples drawn from fieldwork research in the guru s ashram and from other locations in India and in the United States These examples specifically discuss Gurumaa s religious pluralism her gender activism and her embrace of new media in order to illuminate elements of continuity and change within the time honored South Asian tradition of guru bhakti devotion to the guru Raised in a Sikh family educated in a Catholic convent school and understood to have attained her enlightenment in Vrindavan the famous Hindu pilgrimage site of Lord Krishna s divine play Gurumaa refuses identification with any particular religious tradition or ism yet her teachings draw from many She speaks strongly often harshly about contemporary issues of gender inequality while calling for women s empowerment and she has established a non governmental organization called Shakti to promote girls education in India In the case of Anandmurti Gurumaa and those spiritual seekers in her fold innovations and re interpretations of tradition come from within the pluralistic setting of Indian religiosity while they exist and act within a global religious milieu

Beyond the Power of Now L. Ron Gardner,2012-09 Eckhart Tolle is perhaps the most popular spiritual guru in the world His books have topped the New York Times Bestseller List and his core teaching achievement of liberation via the power of Now has become the guiding light of the New Age movement But according to L Ron Gardner author of *Beyond the Power of Now* there is a problem a big problem with Tolle s core teaching Tolle never explains what exactly the power of Now is Is it the same thing as Hindu Shakti or the Buddhist Sambhogakaya or the Christian Holy Spirit Tolle doesn t say He continually refers to the Bible and Jesus in his book but shockingly never once mentions the Holy Spirit and how it relates to the Power of Now L Ron makes it clear that the true Power of Now is the Holy Spirit which is the same divine Light energy as Hindu Shakti and the Buddhist Sambhogakaya He explains and extolls the true power of Now and castigates Tolle for failing to identify and

describe it To some Eckhart Tolle is a New Age visionary describing a new earth that can materialize if mankind en masse awakens to the power of Now But according to L Ron Gardner he is simply a histrionic ranter full of empty rhetoric Throughout this book L Ron continually points out from different angles the folly of Tolle s New or Now Age chimera and describes the social system that represents mankind s sociopolitical salvation Beyond Tolle s teaching about the power of Now and rhetoric about a new earth L Ron takes the renowned guru to task on virtually every subject he addresses Most significantly he rebuts his arguments that 1 emotions can be trusted more than thought 2 time is a mind created illusion 3 psychological time is insanity 4 the present moment is the Now 5 the inner body is the direct link to the Now 6 your cells stop aging when you live in the Now 7 women are spiritually more evolved than men and 8 animals such as ducks and cats are Zen masters Eckhart Tolle s teachings are replete with erroneous ideas and L Ron Gardner exposes the major flaws in his principal arguments while providing readers with integral solutions

All-Amareakin Thomas J. Anderson, 2011-03 THIS WORK IS AN IN DEPTH account of a spiritual awakening to the forgotten truth of human consciousness our divine nature It is written for those who feel that there must be more satisfying explanations for the purpose and meaning of life than the ones that are currently offered by science and orthodox religion And it is written for those who truly long for and need a deeper meaning in their life On American Independence Day 1975 Thomas Anderson was immersed in the state of his own radical independence the state of immense inner freedom of the transcendent It was in this

luminous state of consciousness that the term All Amareakin spontaneously came to him as a perfect name for one who is a sincere seeker of truth and understanding who has glimpsed the mystery and awesomeness of the human spirit and wishes to experience this more deeply Again this is the person for whom this is written The author Thomas J Anderson lives in northern Maine where he practices dentistry where he and his wife Pam have raised four children and where on a minute by minute basis he has persisted in applying disciplines of awareness he took up in his twenties These disciplines which have their origin in what are known as the wisdom traditions are forms of self inquiry and meditation with such power that before he d practiced them for very long Anderson had experienced a luminous state of expanded awareness This state described by yogis sages and seers from all times and all traditions is called the Self the Witness the One the Tao and a thousand other names as well Anderson s sole purpose in writing about this exalted state and about the practices that opened him to it is so that readers will see that they can have this experience for themselves

Homegrown Gurus Ann Gleig, Lola

Williamson, 2013-10-29 Today a new stage in the development of Hinduism in America is taking shape After a century of experimentation during which Americans welcomed Indian gurus who adjusted their teachings to accommodate the New World context American Hinduism can now rightly be called its own tradition rather than an imported religion Accordingly this spiritual path is now headed by leaders born in North America Homegrown Gurus explores this phenomenon in essays about these figures and their networks A variety of teachers and movements are considered including Ram Dass Siddha Yoga and Amrit Desai and Kripalu Yoga among others Two contradictory trends quickly become apparent an increasing Westernization of Hindu practices and values alongside a renewed interest in traditional forms of Hinduism These opposed sensibilities innovation and preservation radicalism and recovery are characteristic of postmodernity and denote a new chapter in the American assimilation of Hinduism
