Blood Brothers B. Lintner,2016-04-30 From pirates singing Ricky Martin to mob hits carried out with samurai swords Bertil Lintner offers a fascinating look at organized crime in the Asia Pacific Both Western and Asian pundits assert that shady deals are an Asian way of life Some argue that corruption and illicit business ventures gambling prostitution drug trafficking gun running oil smuggling are entrenched parts of the Asian value system Yet many Asian leaders maintain that their cities are safer than Sydney Amsterdam New York

and Los Angeles Making use of expertise gained from twenty years of living in Asia Lintner exposes the role crime plays in the countries of the Far East In *Blood Brothers* he takes you inside the criminal fraternities of Asia examining these networks and their past histories in order to answer one question How are civil societies all over the world to be protected from the worst excesses of increasingly globalised mobsters

The Shanghai Alleyway House Gregory Byrne Bracken, 2013 As a nineteenth century commercial development the alleyway house was a hybrid of the traditional Chinese courtyard house and the Western terraced one Unique to Shanghai the alleyway house was a space where the blurring of the boundaries of public and private life created a vibrant social community In recent years however the city's rapid redevelopment has meant that the alleyway house is being destroyed and this book seeks to understand it in terms of the lifestyle it engendered for those who called it home whilst also looking to the future of the alleyway house Based on groundwork research this book examines the Shanghai alleyway house in light of the complex history of the city especially during the colonial era It also explores the history of urban form and governance in China in order to question how the Eastern and Western traditions combined in Shanghai to produce a unique and dynamic housing typology Construction techniques and different alleyway house sub genres are also examined as is the way of life they engendered including some of the side effects of alleyway house life such as the literature it inspired both foreign and local as well as the portrayal of life in the laneways as seen in films set in the city The book ends by posing the question what next for the alleyway house Does it even have a future and if so what lies ahead for this rapidly vanishing typology This interdisciplinary book will be welcomed by students and scholars of Chinese studies architecture and urban development as well as history and literature

Spymaster Frederic E. Wakeman, 2003 The most feared man in China Dai Li was chief of Chiang Kai shek's secret service during World War II This sweeping biography of China's Himmler based on recently opened intelligence archives traces Dai's rise from obscurity as a rural hooligan and Green Gang blood brother to commander of the paramilitary units of the Blue Shirts and of the dreaded Military Statistics Bureau the world's largest spy and counterespionage organization of its time In addition to exposing the inner workings of the secret police whose death squads kidnappings torture and omnipresent surveillance terrorized critics of the Nationalist regime Dai Li's personal story opens a unique window on the clandestine history of China's Republican

period This study uncovers the origins of the Cold War in the interactions of Chinese and American special services operatives who cooperated with Dai Li in the resistance to the Japanese invasion in the 1930s and who laid the groundwork for an ongoing alliance against the Communists during the revolution that followed in the 1940s Frederic Wakeman Jr illustrates how the anti Communist activities Dai Li led altered the balance of power within the Chinese Communist Party setting the stage for Mao Zedong s rise to supremacy He reveals a complex and remarkable personality that masked a dark presence in modern China one that still pervades the secret services on both sides of the Taiwan Strait Wakeman masterfully illuminates a previously little understood world as he discloses the details of Chinese secret service trade craft Anyone interested in the development of modern espionage will be intrigued by Spymaster which spells out in detail the ways in which the Chinese used their own traditional methods in addition to adapting foreign ways to create a modern intelligence service

Retrofitting Leninism Dimitar Gueorguiev,2021-10-14 Retrofitting Leninism explains through the lens of China how open governance and modern information technology come together to sustain a tightly controlled but socially responsive system of authoritarianism When closed authoritarian regimes reform and open up they often fail most eventually breakdown The People s Republic of China stands as a notable exception How has the ruling Chinese Communist Party maintained power throughout decades of reform and rapid development Drawing inspiration from the CCP s Leninist origins Dimitar Gueorguiev offers a novel and empirically grounded explanation The key to the CCP s staying power he argues is its ability to integrate authoritarian control with social inclusion a combination that is being facilitated by modern telecommunications technology Relying on statistical data media reports and a series of original opinion polls Gueorguiev explores how public input feeds into political oversight and policy planning To unpack how public preferences are acquired processed and prioritized he analyses bottom up representation and coordination in local Chinese legislatures Finally to evaluate the impact of inclusion he shows that public engagement contributes to both policy stability and public satisfaction Although public inclusion is instrumental to the CCP s hold on power Gueorguiev underscores that inclusive authoritarianism greatly depends on the voluntary participation of Chinese citizens which is far from guaranteed A trenchant exploration of the Leninist model today Retrofitting Leninism will reshape our understanding of the authoritarian approach to government and its prospects for the future

Lost in Globalization Leonardo Citterio,Joseph Di Pasquale,2015 Residential construction best expresses the evolution of the Chinese lifestyle over the years and is one of the major problems generated by the new massive Chinese urbanization The city main structure is easily recognizable a large sprawl of buildings almost placed without a hierarchical disposition In the various lots are easily identifiable several patterns Only with the typologies study can be possible understand the relationship between the various political events the lifestyles and the form The contrast in morphology between the different prototypes seem to be a sudden mutation but actually suggest a gradual housing typological evolution lasting over a century

Global Shanghai, 1850-2010 Jeffrey N Wasserstrom,2008-11-25 This

book explores the play of international forces and international ideas about Shanghai looking backward as far as its transformation into a subdivided treaty port in the 1840s and looking forward to its upcoming hosting of China's first World's Fair the 2010 Expo. As such *Global Shanghai* is a lively and informative read for students and scholars of Chinese studies and urban studies and anyone interested in the history of Shanghai. *Run of the Red Queen* Dan Breznitz, Michael Murphree, 2011-01-01 This work closely examines the strengths and weaknesses of the Chinese economic system to discover where the nation may be headed and what the Chinese experience reveals about emerging market economies.

Revolutionary Transformations Anja Blanke, Julia C. Strauss, Klaus Mühlhahn, 2023-04-13 Using first hand material from Chinese archives that are no longer open to researchers and bringing together a leading team of international scholars this volume is a major contribution to the study of the People's Republic of China. Calling into question existing narratives on the foundational decade of the PRC these essays present a nuanced consideration of China in the 1950s by integrating two periods that are often considered separately the relatively happy years 1949-1956 with the relatively unhappy years from 1957 onwards. Exploring the challenges faced in constructing socialism the transnational context and early modes of PRC governance the contributors highlight the ways in which China was shaped by diversity on all levels and scales in how socialism was enacted and experienced. These essays clearly demonstrate how the unevenness of Party control created discrepancies and variations between different regions and between the center and the locale. *China and the West at the Crossroads* Daiyun Yue, 2016-06-23 Beginning with a retrospective of the past century this book offers a panoramic picture of Chinese comparative literature from its nascence in the early 1920s through its evolution in the 1980s to the new development at the turn of the century ending with a prospective look at the future of comparative literature in the 21st century. The articles presented here reveal the author's deep understandings of the literature and culture of her own country and those of other countries. A rich array of case studies and in depth theorizing make it an extremely interesting and enlightening read. Prof Daiyun Yue is a prominent professor at Peking University and a leading figure in Chinese comparative literature. She has served as Head of the Institute for Comparative Literature and Cultural Studies PKU 1984-1998 and the third president of the Chinese Comparative Literature Association 1989-2014. Further she is the founder of *Dialogue Transcultural* a much acclaimed journal of comparative literature. Prof Yue approaches outstanding literature as a bridge to link people of different cultural traditions. The reason why interdisciplinary literary research between two alien cultures is possible is because dialog between alien cultures along with exchange and understanding is more readily realized through literature. Herein lies the value of comparative literature. *Quarry Magazine* Quarry Press Staff, 1994 **Shanghai's Dancing World** Andrew David, 2010-11-03 Drawing upon a unique and untapped reservoir of newspapers magazines novels government documents photographs and illustrations this book traces the origin pinnacle and ultimate demise of a commercial dance industry in Shanghai between the end of the First World War and the early years of the People's Republic.

of China Delving deep into the world of cabarets nightclubs and elite ballrooms that arose in the city in the 1920s and peaked in the 1930s the book assesses how and why Chinese society incorporated and transformed this westernized world of leisure and entertainment to suit its own tastes and interests Focusing on the jazzage nightlife of the city in its golden age the book examines issues of colonialism and modernity urban space sociability and sexuality and modern Chinese national identity formation in a tumultuous era of war and revolution

Shanghai's Dancing World Andrew Field,2010 It was thanks to its cabarets that Old Shanghai was called the Paris of the Orient No one has studied the rise and fall of those cabarets more extensively than Andrew Field His book is packed with fascinating information and attests on every page to his understanding of Shanghai s history LYNN PAN author of Sons of the Yellow Emperor 黄祸 ,1995 黄祸与上海 1997
