Shanna's Chance Kitch, 2011-07 Her mind wandered again to the upcoming project It was a mystery how the builder had found her After all most of her work was renovation and repair To say she was curious that a total stranger would request her for a mural would be an understatement Her research on Chance Wilding revealed a talented architect builder with skyscrapers in several key Western cities but how would he have heard about her or her work And since her work was not sold in studios nor did she have a website it was going to be her first question Her research also showed he usually worked in Texas And of course the one thing Texas needed was another high rise She wondered how he would take her insistence that she have total control of her design It would be interesting to see When the beautiful and talented painter Shanna Key is hired by the renowned Houston based architect Chance Wilding to create a mural in the lobby of his new high rise in Phoenix Arizona it s a commission that will open up a whole new world for her She ll be swept away from her sleepy laidback Southern town into the hectic life of the rich and famous Her life will only get more interesting when she falls for the man who hired her Will Shanna be able to adjust to this new life Will the gorgeous yet mysterious Chance Wilding be Shanna s Chance at love Find out in Kitch s debut novel Kitch lives in North Carolina Though she s had a short story previously published she s only recently put pen to paper again Shanna s Chance is her first novel She is currently working on her second novel
