Shantyboat On The Bayous:

Shantyboat on the Bayous Harlan Hubbard, 1990 Between 1802 when the young Kentucky artist William Edward West began to paint portraits while on a downriver journey and 1920 when the last of Frank Duveneck's students worked in Louisville a large number of notable portrait artists were active in Kentucky and the Ohio River Valley In *Lessons in Likeness* Portrait Painters in Kentucky and the Ohio River Valley 1802-1920 Estill Curtis Pennington charts the course of those artists as they painted a variety of sitters drawn from both urban and rural society The work is illustrated when possible from The Filson Historical Society collection of some four hundred portraits representing one of the most extensive holdings available for study in the region Portraiture involves artists and subjects known as sitters and is an art that combines elements of biography aesthetics and cultural history Private portraits often attract an oral history that enlivens the more colorful aspects of local tradition and culture Public portraits of towering figures such as George Washington Henry Clay and Abraham Lincoln were often reproduced in printed format to satisfy popular demand and subsequently attained an iconic timeless status *Lessons in Likeness* is organized in two parts Part One the cultural chronology serves as a backdrop to the biographies of the portrait artists This section identifies stylistic sources and significant historical moments that influenced the artists and their milieus Rather than working in isolation portrait artists were connected to the world around them and influenced by prevailing trends in their trade Early in the nineteenth century for instance Matthew Jouett journeyed to Boston for study with Gilbert Stuart and upon his return to Kentucky painted in a style that subsequently influenced an entire generation Later artists notably Oliver Frazer and William Edward West studied the lessons of Thomas Sully in Philadelphia Sully popularized the lush warmly colored and highly flattering style of portraiture practiced by many of the itinerant artists whose careers were facilitated by the introduction of steam and rail travel The Civil War provoked a dramatic shift in the cultural terrain further augmented by the rise of photography and the emergence of academic art centers Painters who had previously worked with a master painter or learned on their own were now able to study at established schools especially in Cincinnati which became one of the leading centers for the teaching of art in late nineteenth century America Several of the teachers there Frank Duveneck and Thomas Satterwhite Noble in particular had firsthand experience with avant garde European styles notably the realism and naturalism practiced in Munich and Paris in the last quarter of the nineteenth century and then taught in the art schools of New York and Philadelphia Part Two profiles the artists from this area and period who have appeared in previous art historical literature and have an identifiable body of work represented in public and private collections Individual biographies provide details of the artists' lives sources for further study and locations of works in public collections

Shantyboats and Roustabouts Gregg Andrews,2022-12-07 Winner of the James V Swift Medal for Excellence in Maritime Literature Winner of the Missouri History Book Award Winner of the John Lyman Book Award Winner of the Hamlin Garland Prize in Popular History Shantyboat dwellers and steamboat roustabouts formed an organic part of the cultural landscape of the Mississippi River bottoms during the rise of industrial America and the twilight of steamboat packets from 1875 to 1930 Nevertheless both groups remain understudied by scholars of the era Most of what we know about these laborers on the river comes not from the work of historians but from travel accounts novelists songwriters and early film producers As a result images of these men and women are laden with nostalgia and minstrelsy Gregg Andrews s *Shantyboats and Roustabouts* uses the waterfront squatter settlements and Black entertainment district near the levee in St Louis as a window into the world of the river poor in the Mississippi Valley exploring their daily struggles and experiences and vividly describing people heretofore obscured by classist and racist caricatures *Anna Hubbard Mia*

The Woodcuts of Harlan Hubbard Harlan Hubbard,1994-11-09 Hubbard was a gifted writer but during his lifetime he was better known as an artist He painted in both oil and watercolor but over the years he also cut and printed approximately 170 woodcuts It was in this medium that his potential as an artist was most full realized [Life on the Mississippi](#) Rinker Buck,2023-05-16 In this epic enchanting blend of history adventure master American storyteller Rinker Buck builds a wooden flatboat from the grand flatboat era of the 1800s and sails it down the Mississippi River illuminating the forgotten past of America s first western frontier **Life-Changing Homes** Kirsten Dirksen,Nicolas Boullosa,2025-05-27 A unique and daring collection of homes and the stories of those who have changed their lives by changing their surroundings from YouTube sensation Kirsten Dirksen and Nicol s Boullosa of kirstendirksen faircompanies For most people the search for a home involves setting a budget finding a place then filling rooms with stuff But Kirsten Dirksen and Nicol s Boullosa believe the search for a home is a search for meaning and that the right dwelling can set the direction for one s life Fifteen years ago armed with a camera and limitless curiosity they set out across the globe to prove their theory and to challenge traditional assumptions about what makes a home Now that the past few years have completely altered the way we live and work most of us are asking the same questions and seeking homes that reflect our lifestyles and values The dozens of spaces featured in Life Changing Homes urge readers to think differently about their own lives and what might be possible and the gorgeous photography and thought provoking writing share the inspiring stories of those who have made the change **Distant Neighbors** Gary Snyder,Wendell Berry,2014-05-13 The letters are valuable for ecologists students and teachers of

contemporary American literature and for those of us eager to know how these two distant neighbors networked negotiated and remained friends San Francisco Chronicle In Distant Neighbors both Berry and Snyder come across as honest and open hearted explorers There is an overall sense that they possess a deep and questing wisdom hard earned through land work travel writing and spiritual exploration There is no rushing no hectoring and no grand gestures between these two just an ever deepening inquiry into what makes a good life and how to live it even in the depths of the machine age Orion Magazine In 1969 Gary Snyder returned from a long residence in Japan to northern California to a homestead in the Sierra foothills where he intended to build a house and settle on the land with his wife and young sons He had just published his first book of essays Earth House Hold A few years before after a long absence Wendell Berry left New York City to return to land near his grandfather s farm in Port Royal Kentucky where he built a small studio and lived there with his wife as they restored an old house on their newly acquired homestead In 1969 Berry had just published Long Legged House These two founding members of the counterculture and of the new environmental movement had yet to meet but they knew each other s work and soon they began a correspondence Neither man could have imagined the impact their work would have on American political and literary culture nor could they have appreciated the impact they would have on one another Snyder had thrown over all vestiges of Christianity in favor of becoming a devoted Buddhist and Zen practitioner and had lived in Japan for a prolonged period to develop this practice Berry s discomfort with the Christianity of his native land caused him to become something of a renegade Christian troubled by the church and organized religion but grounded in its vocabulary and its narrative Religion and spirituality seemed like a natural topic for the two men to discuss and discuss they did They exchanged more than 240 letters from 1973 to 2013 remarkable letters of insight and argument The two bring out the best in each other as they grapple with issues of faith and reason discuss ideas of home and family worry over the disintegration of community and commonwealth and share the details of the lives they ve chosen to live with their wives and children Contemporary American culture is the landscape they reside on Environmentalism sustainability global politics and American involvement literature poetry and progressive ideals these two public intellectuals address issues as broad as are found in any exchange in literature No one can be unaffected by the complexity of their relationship the subtlety of their arguments and the grace of their friendship This is a book for the ages
