Shantymen and Shantyboys William Main Doerflinger, 1951 Songs of the Sailor and Lumberman William Main Doerflinger, 1972 **Sea Shanties** Karen Dolby, 2021-09-16 A rousing collection of the most memorable and feel good shanties in maritime history *Logging and Lumbermens' Songs of the United States and Canada* Liz Knapp, 1979 The Erie Canal Sings Bill Hullfish, Dave Ruch, 2019-06-17 Life working along the banks of the Erie Canal is preserved in the songs of America's rich musical history Thomas Allen's Low Bridge Everybody Down has achieved iconic status in the American songbook but its true story has never been told until now Erie songs such as The Erie Is a Risin would transform into The C O Is a Risin as the song culture spread among a network of other canals including the Chesapeake and Ohio and the Pennsylvania Main Line As motors replaced mules and railroads emerged the canal song tradition continued on Broadway stages and in folk music recordings Author Bill Hullfish takes readers on a musical journey along New York's historic Erie Canal *The Ballad Collectors of North America* Scott B. Spencer, 2012 Much has been written about the songs gathered in North America in the first half of the 20th century However there is scant information on those individuals responsible for gathering these songs The Ballad Collectors of North America How Gathering Folksongs Transformed Academic Thought and American Identity fills this gap documenting the efforts of those who transcribed and recorded North American folk songs Both biographical and topical this book chronicles not only the most influential of these song catchers but also examines the main schools of thought on the collection process the leading proponents of those schools and the projects that they shaped Contributors also consider the role of technology especially the phonograph in the collection efforts Chapters organized by region cover such areas as Appalachia the West and Canada while others devoted to specialized topics from the cowboy tune and occupational song to the commercialization of folk music through song collections and anthologies Ballad Collectors investigates the larger role of the ballad in the development of American identity from the national appreciation of cowboy songs in popular culture to the use of Appalachian song forms in radio broadcasts to the role of dustbowl ballads in the urban folk revival of the 1950s and 1960s Finally this collection assesses the changing role of songs and song texts in the academic fields of folklore anthropology musicology and ethnomusicology Scholars and students of American cultural and social history as well as fans of North American folk and popular music will find The Ballad Collectors of North America a fascinating story of how the American folk tradition gained greater visibility fueling the revolutions that would follow in the writing and performance of American music **An American Singing Heritage** Norm Cohen, Carson Cohen, Anne Dhu McLucas, 2021-12-20 This edition brings together representative transcriptions of folk songs and ballads in the British Irish American oral tradition that have enjoyed widespread familiarity throughout twentieth century America Within are the one hundred folk songs that most frequently occurred in a methodical survey of Roud's Folk Song Index catalogues of commercial early country or hillbilly recordings and relevant archival collections The editors selected sources for transcriptions in a

broad range of singing styles and representing many regions of the United States The selections attempt to avoid the biases of previous collections and provide a fresh group of examples many heretofore unseen in print The sources for the transcriptions are recordings of traditional musicians from the 1920s through the early 1940s drawn from 1 commercial recordings of hillbilly musicians and 2 field recordings in the collection of the Library of Congress s Archive of American Folk Song now part of the Archive of Folk Culture Each transcription is accompanied by a brief contextualizing essay discussing the song s history and influence recording and performance information whenever available and an examination of the tune The edition begins with a substantive essay about the history of folk song recordings and folk song scholarship and the nature of traditional vocal music in the United States

Music in Every Classroom James D. Sporborg, 1998-09-15 When used appropriately music can be a powerful tool to support and enrich learning Developed for music specialists and nonspecialists this annotated bibliography helps you find print and nonprint materials that support the integration of music across the K 8 curriculum Arranged by subject area and topics within disciplines the annotations describe the works and provide

information on format and media musical arrangement individual song titles for recorded material and grade appropriateness in addition to standard bibliographic information Emphasis is on educational resources and materials with practical applications rather than on theoretical works Author title and subject indexes provide quick and easy access *Many voices* Carole Henderson Carpenter,1979-01-01 This volume provides a historical overview of the development and role of Anglo Canadian folklore studies in Canada and their relationship to similar research conducted with respect to French Canadians minority groups within Canada within the wider Canadian context and at the international level Published in English **The Forgotten Songs of the Newfoundland Outports** Anna Kearney Guigné,2016-12-12 In 1951 musician Kenneth Peacock 1922 2000 secured a contract from the National Museum of Canada today the Canadian Museum of History to collect folksongs in Newfoundland As the province had recently joined Confederation the project was deemed a goodwill gesture while at the same time adding to the Museum s meager Anglophone archival collections Between 1951 and 1961 over the course of six field visits Peacock collected 766 songs and melodies from 118 singers in 38 communities later publishing two thirds of this material in a three volume collection *Songs of the Newfoundland Outports* 1965 As the publication consists of over 1000 pages *Outports* is considered to be a bible for Newfoundland singers and a valuable resource for researchers However Peacock s treatment of the material by way of tune text collations use of lines and stanzas from unpublished songs has always been somewhat controversial Additionally comparison of the field collection with *Outports* indicates that although Peacock acquired a range of material his personal preferences reqlently guided his publishing agenda To ensure that the songs closely correspond to what the singers presented to Peacock the collection has been prepared by drawing on Peacock s original music and textual notes and his original field recordings The collection is far ranging and eclectic in that it includes British and American broadsides musical hall and vaudeville material alongside country and western songs and local compositions It also highlights the influence of popular media on the Newfoundland song tradition and contextualizes a number of locally composed songs In this sense it provides a key link between what Peacock actually recorded and the material he eventually published As several of the songs have not previously appeared in the standard Newfoundland collections *The Forgotten Songs* sheds new light on the extent of Peacock s collecting The collection includes 125 songs arranged under 113 titles along with extensive notes on the songs and brief biographies of the 58 singers Thanks to the Research Centre for the Study of Music Media and Place a video of the launch event held in St John s Newfoundland is available at <https://www.youtube.com/watch?v=ghj6E6QiLI> t 21s Published in English **Paul Clayton and the Folksong Revival** Bob Coltman,2008-09-05 *Paul Clayton and the Folksong Revival* is the first biography of the folk singer and song collector Paul Clayton 1931 1967 Preeminently a scholar balladeer Clayton is credited with the Top Ten hit *Gotta Travel On* and single handedly brought hundreds of obscure folksongs t *Selling Folk Music* Ronald D.
