Shape Of Pneumatology:

The Shape of Pneumatology John McIntyre, 2004-07-01 Addresses one of the most difficult aspects of the doctrine the heterogeneity of the biblical and traditional material from which it is derived and points to the areas where church must act to recover the sense of the immediacy of the Holy Spirit Role of the Holy Spirit in Protestant Systematic Theology Wilson Varkey, 2011-08 This volume is a meticulously researched text on pneumatology that puts the major pneumatological issues together without confining to the traditional way of dealing with the doctrine of the Holy Spirit Although pneumatology has been a neglected field in theological discussions of the past there is a renewal of interest among theologians on pneumatology today This renewal of interest has led to the formation of this work on the role of the Holy Spirit in the Protestant Systematic Theology Through highlighting the role and significance of the Holy Spirit in the whole divine action this volume contends that pneumatology is not a dull theological locus but rather an essential theological disposition relevant for today The detailed arguments found within challenge and inspire the contemporary pneumatological discussions as it relates to all the facets of theological reflection and action **The Spirit in Public Theology** Vincent E. Bacote, 2010-11-01 In *The Spirit in Public Theology* Bacote shows how Dutch politician and church leader Abraham Kuyper lived a thoroughly Christian life and explains why Christians need to follow Kuyper by taking their faith into the public sphere Identifying the characteristics of a true Christian worldview Bacote demonstrates the need for a public theology that stresses engagement between the church and the world *The Spirit in Public Theology* should be required reading for pastors students and all Christians who want to take their faith beyond the four walls of the Church **The Holy Spirit as Person and Power** Rob Yule, 2020-01-10 In just over one hundred years the Pentecostal charismatic movement has transformed world Christianity Noted for their rediscovery of spiritual gifts and commitment to world evangelization 700 million Pentecostals and charismatics now account for more than 27 percent of the global Christian movement The Pentecostal charismatic movement has been more noted for its activism than for theological reflection But this may be changing *The Holy Spirit as Person and Power* challenges traditional theology to take account of what has been disclosed in the dynamism and variety of charismatic experience The author is a theologically trained practitioner impacted in midlife by a transforming experience of the Holy Spirit He has been a hands on leader in the renewal movement Now in his later years he reflects on the meaning of the grace imparted to the church by the renewing activity of God's Spirit This is not the work of an enthusiast claiming a new revelation Rather the author draws attention to many nuances in the Bible's description of the Spirit that have been overlooked in traditional pneumatology By relating these insights to Orthodox Catholic Protestant and evangelical theology he has produced a book with ecumenical implications for all branches of world Christianity The Holy Spirit and Worship Elizabeth Welch, 2022-06-30 The Holy Spirit has become an object of greater attention in Trinitarian theology and indeed in the broader life of the Church since the rise of Pentecostalism at the beginning of the twentieth century Different

understandings of the Holy Spirit have had different impacts on worship here Elizabeth Welch examines four surprising overlaps in the thought of two radically different traditions of the church about the relationship between the Holy Spirit and worship These traditions are represented by John Owen from seventeenth century England and John Zizioulas from contemporary Greece Welch explores in turn the common themes of the personal and relational nature of the triune God the immediacy of the encounter with God through the Holy Spirit in worship the role of the Holy Spirit in leading people into truth and the transformative nature of worship that draws people into sharing God's purpose for the world In each the insights of Owen and Zizioulas shed new light on the ongoing debate in the Church today Types of Pentecostal Theology Christopher A. Stephenson, 2016-10 In this the first critical study of the major theologians of pentecostalism Christopher A Stephenson establishes four original categories that classify recent pentecostal theologians methodologies in systematic constructive theology **Theory of Pneumatology** Johann Heinrich Jung-Stilling, 1834 The New Cambridge Companion to Christian Doctrine Michael Allen, 2022-11-17 This Companion guides the reader through the main topics and the most significant methods for practicing Christian theology The essays in this first part engage the ten most notable loci in Christian doctrine The ten essays in the second part address the most significant movements that have broad impact upon the practice of Christian doctrine **The Mission of the Triune God** Adam Dodds, 2017-07-31 Lesslie Newbigin was arguably the greatest missionary thinker of the twentieth century After a successful missionary career in south India Newbigin pioneered missionary engagement with the secular West and resurgent Islam He also led the way in arguing that the Church's mission can only be understood in light of the doctrine of the Trinity Over fifty years ago Newbigin called for the further development of missionary thinking grounded in the Triune being of God This work is in response to that call Adam Dodds provides the first in depth study of Newbigin's trinitarian theology of mission Dodds constructs a systematic account of the central features of the mission of the Triune God the Triune being of God the mission of the Son the mission of the Holy Spirit and the mission of the church This book contributes to our understanding of the work of Lesslie Newbigin offers a systematic theological account of the mission of the Triune God and contributes to the retrieval of Christian mission from the theological margins back to a place of central importance to Christian theology **In Search of the Spirit: Selected Works, Volume One** John R. Levison, 2023-11-13 In his trailblazing studies of the spirit in Jewish and Christian Antiquity John R Jack Levison shatters theological and exegetical taxonomies Should the spirit be understood as breath or Spirit or both Is the spirit directed to creation or salvation or both Is the spirit a force or an angel or both Does the spirit inspire ecstasy or wisdom or both When Levison transfers the starting point of pneumatology from the New Testament to the Hebrew Bible from Christianity to Judaism questions swell assumptions detonate and expectations flourish Consequently Levison's studies are considered impressive and provocative Review of Biblical Literature delightful engaging Catholic Biblical Quarterly compelling eloquent sensitive Word and World and a remarkable read Themelios with profound

ramifications for both Jewish and New Testament Studies Journal of Jewish Studies Now for the first time selections of his breathtaking array of studies are available in three accessible volumes This volume in which you will discover some of the programmatic studies Levison published on the biblical literature of both testaments reveals why Reading Religion A Publication of the American Academy of Religion forecasts that Levison will continue to be at the center of our most fruitful discussions of pneumatology

The Holy Spirit and Christian Mission Roji T. George, 2019-09-10 This is a collection of articles from various church backgrounds and theological viewpoints It reaffirms the necessity and urgency of a pneumatic missiology It does not speak of God's saving mission as originating simply from God it highlights the central role of the Spirit in the effective mission of the church

The Holy Spirit in African Christianity Chigor Chike, 2015-04-01 This book is a study of what African Christians living in Britain believe about the Holy Spirit

Faith Seeking Understanding Daniel L. Migliore, 2014-08-08 A superb standard Christian theology text for nearly a quarter century Daniel Migliore's Faith Seeking Understanding explores all of the major Christian doctrines in freshly contemporary ways This third edition offers new FOR FURTHER READING suggestions at the end of each chapter a substantial expansion of the glossary and new material incorporated throughout including a section on Christians and Muslims Further the three imaginary theological dialogues culminating the book pointedly playful exchanges that have delighted countless readers are here joined by a fourth dialogue between Karl Barth and Friedrich Nietzsche on atheism All in all a new generation of students pastors and Christian educators eager to better understand the rich heritage central themes and contemporary challenges of Christian theology will find both guidance and stimulation in Migliore's updated work

The Triune God and the Charismatic Movement Jim Purves, 2007-01-01 All emotion and no theology Or a fundamental challenge to reappraise and realign our Trinitarian theology in the light of Christian experience This study of Charismatic renewal as it found expression within Scotland at the end of the twentieth century evaluates the use of Patristic Reformed and contemporary models of the Trinity in explaining the workings of the Holy Spirit

Network Church Andy Lord, 2012-03-19 Pentecostal churches have grown over the last century but only a limited amount has been written about their ecclesiology Much of the existing work focuses on congregational models and contemporary practice This book argues the need for a pentecostal systematic approach to ecclesiology Utilising the method of Amos Yong a pentecostal ecclesiology based on a network church structure is developed Systematic issues of catholicity are addressed through mission insights on partnership and a hospitable approach to contextualisation is developed This book therefore suggests new ways forward in pentecostal studies and ecclesiology

Mapping Modern Theology Kelly M. Kapic, Bruce L. McCormack, 2012-04-01 This textbook offers a fresh approach to modern theology by approaching the field thematically covering classic topics in Christian theology over the last two hundred years The editors leading authorities on the history of nineteenth and twentieth century theology have assembled a respected team of international scholars to offer substantive treatment of important doctrines and key debates in modern theology

Contributors include Kevin Vanhoozer John Webster Veli Matti Kärkkäinen and Michael Horton The volume enables readers to trace how key doctrinal questions were discussed where the main debates lie and how ideas developed Topics covered include the Trinity divine attributes creation the atonement ethics practical theology and ecclesiology *The Mediation of the Spirit* Mark J. Cartledge, 2015-07-22 How might a distinctively Pentecostal and charismatic theological perspective inform and enrich the discourse of academic practical theology In order to address that question Mark Cartledge in this book probes the relationship between Scripture experience and the Holy Spirit by means of the concept of mediation that is how the divine is experienced in the world An expert in both Pentecostal theology and practical theology Cartledge offers a unique intervention into practical theology through the lens of the Holy Spirit He presents an original reading of Pentecost and the Spirit reception texts in the book of Acts and engages with current literature in both Pentecostal studies and practical theology Further Cartledge places his whole discussion within a broader Protestant theological framework and he interrogates an existing congregational study to provide a real life example of theological intervention **Holy Spirit and Salvation** Veli-Matti Kärkkäinen, 2010-01-01 Theologians from the early church to the present have written much about the Holy Spirit and Christian salvation This extensive sourcebook of primary theological texts makes many of these writings available with a description of their context and importance Especially valuable are more recent works emerging from theologians in Africa Asia and Latin America This global perspective coupled with the broad selection of writings from the history of theology makes this the most complete collection of primary source material on these topics **The Spirit Shaped Church** Swarup Bar, 2021-02-23 In *The Spirit Shaped Church* Swarup Bar argues that the church is defined by its relationship with others A relational church depends on the porousness of its borders which means that while a church has its distinctiveness it ought to be open to negotiate relational engagements with the world around it This sort of relationally distinct permeable church is found to be possible through the leading of the Spirit and the work of Christ Such engagement is found to be relevant in a plural religious cultural context and in situations of marginalization in India The Spirit Shaped Church reflects an ongoing commitment on the part of Fortress Press to engage the needs of Christian communities around the world The book is aimed at teachers clergy students and anyone with an interest in the lived experience of Christians in India *Journal of Theology for Southern Africa*, 2004
