John D. Stevens

Shaping The First Amendment The Development Of Free Expression Commtext Series:

Shaping the First Amendment John D. Stevens, 1982-10 An unusual history and philosophical review of the development of free speech guarantees particularly in America is presented in *Shaping the First Amendment* The book traces the development of free speech from the ancient world to the American revolution and measures the impact of wars on the First Amendment

Secrets of Victory Michael S. Sweeney, 2003-01-14 During World War II the civilian Office of Censorship supervised a huge and surprisingly successful program of news management the voluntary self censorship of the American press In January 1942 censorship codebooks were distributed to all American newspapers magazines and radio stations with the request that journalists adhere to the guidelines within Remarkably over the course of the war no print journalist and only one radio journalist ever deliberately violated the censorship code after having been made aware of it and understanding its intent *Secrets of Victory* examines the World War II censorship program and analyzes the reasons for its success Using archival sources including the Office of Censorship s own records Michael Sweeney traces the development of news media censorship from a pressing necessity after the attack on Pearl Harbor to the centralized yet efficient bureaucracy that persuaded thousands of journalists to censor themselves for the sake of national security At the heart of this often dramatic story is the Office of Censorship s director Byron Price A former reporter himself Price relied on cooperation with rather than coercion of American journalists in his fight to safeguard the nation s secrets

Social Research in

Communication and Law Jeremy Cohen, Timothy Gleason, 1990-01-01 It is not unusual for communication and media researchers to study law or legal issues nor is it uncommon for legal scholars to study communication law But it is something of a departure for the two to commingle which is what Cohen and Gleason have accomplished in this innovative volume *Social Research in Communication and Law* is a practical guide for conducting research involving both legal and communication questions Offering rich citations and examples from existing literature this engaging volume shows communication law scholars how to make more effective use of the methodologies employed in communication science Topics addressed include reconciling communication and law social research approaches to libel and theories pertaining to freedom of expression Cohen and Gleason have produced a valuable book that can be effectively used to supplement courses in communication law history sociology and media ethics In addition scholars and researchers in the above fields will also benefit from this unique volume Cohen and Gleason provide a practical guide for conducting research involving both legal and communication questions The book shows communication law scholars how to make more effective use of the social science methodologies *Journal of Broadcasting and Electronic Media*

Shaping the First Amendment John D. Stevens, An unusual history and philosophical review of the development of free speech guarantees particularly in America is presented in *Shaping the First Amendment* The book traces the development of free speech from the ancient world to the American revolution and measures the impact of wars on the First Amendment

Movies as Mass Communication Garth S.

Jowett, James M. Linton, 1989-09 Since the publication of the first edition of *Movies as Mass Communication* in 1980 cinema has been incorporated into academic discussions of the mainstream mass media Most introductory media and society courses now include a section on the cinema In this second edition Professors Jowett and Linton address both the persistent tendency to position the cinema as a separate form of entertainment with a specialized audience and the extensive interrelationships between the cinema and other media The authors also examine the economic sociological psychological and political aspects of film

Prime-Time Television Muriel G. Cantor, Joel M. Cantor, 1992 Using multiple methods the authors of this classic text now in its Second Edition present a broad historical and systematic model showing the interaction of the various social legal economic political and organizational factors which ultimately lead to the evening network fare in the United States The book discusses fundamental changes in television including production and distribution the loss of viewers to cable and video the reduction of television regulations and the contraction of segments of viewing audiences A look at television drama as both an economic commodity and a cultural construct reveals the creative struggle and financial negotiations among a variety of different sectors

The Television News Interview Akiba A. Cohen, 1987-06 How and why does television news interviewing differ from country to country In this comparative study of the news in the UK the US Israel and West Germany Cohen shows that while the structure and content of TV news is very similar interviews reflect political social and cultural factors Cohen examines news interviewing from theoretical empirical and practical perspectives Through a comprehensive literature review content analysis and personal interviews with reporters he demonstrates that news interviews should be viewed as social constructs Publisher description

Examining Newspapers Gerald C. Stone, 1987-06 Examining Newspapers reviews recent significant findings about newspapers and the newspaper industry Arranged in chapters from news gathering through writing editing management readership and audience effects this insightful volume focuses on continuing important themes in newspaper research The author presents key studies and synthesizes their results to draw conclusions concerning what current research tells us about publishing audience relevant information and about competing successfully for people's time and dollars In addition the volume is extensively referenced to lead readers back to the original research articles from which answers have been drawn

Bowker's Law Books and Serials in Print, 1986

Understanding Video Jarice Hanson, 1987-06-01 *Understanding Video* examines the aesthetic perceptual and practical uses of new video technologies Bringing together social and theoretical perspectives Hanson shows us ways of understanding both the content and form of this important medium She considers video as a form of visual communication and discusses the impact of video technology in the arts in industry and in the home She also develops a theory of video communication

Precision Journalism David Pearce Demers, David Demers, Suzanne Nichols, 1987-06 *Precision Journalism* introduces professional journalists and students to quantitative research methods essential to their work It is a comprehensive and accessible guide to news gathering techniques such as public opinion polling and content analysis Step by step the elements

and procedures of social research are clearly and concisely described This practical volume is an ideal text supplement for journalism courses and an easy to use reference tool for working journalists

Television and Children Aimee Dorr, 1986-04
Aimee Dorr examines children's interaction with television emphasizing the child's active role in making sense of television She discusses specific examples of programmes watched by children the sense they make of advertising and programming what children know about the medium what a formal feature is what effects television can have how effects are studied and what literacy curricula look like

Freedom of the Press Ralph Edward McCoy, 1993
Ralph E McCoy's Freedom of the Press An Annotated Bibliography covered some four hundred years of press freedom in the English speaking world and was hailed by a reviewer as the most useful annotated bibliography ever produced on the topics of freedom and censorship in mass communication This second supplement covering the years from 1978 to 1992 contains more than 3 900 entries and follows the pattern and scope of both the original bibliography and the first supplement which covered the years from 1967 to 1977 An annotated bibliography of books pamphlets journal articles dissertations films and other materials relating to freedom of the press in the English speaking world the bibliography defines the word press generically to include all media of mass communications books newspapers and other printed matter but also motion pictures recordings radio and television broadcasts and to a limited extent stage plays Annotations in this supplement are descriptive rather than critical and both positive and negative statements on press freedom are included Whenever possible the author's own words have been used to summarize the work or to express salient points of view Articles on the nature and effect of pornography that do not deal directly with press freedom but provide background information are included The present volume is more selective than the original and the first supplement particularly in covering news events One or two reports are often used to represent a much larger number of articles available thereby eliminating much duplication The format of this volume however follows that of the earlier volumes it is arranged alphabetically by personal or corporate author or by title where the author is unknown To facilitate a subject approach to the work a comprehensive subject index identifies topics concepts countries individuals court decisions and titles of censored works

Media Economics Robert G. Picard, 1989-10
The media of Western Europe and the US are for the most part capitalist ventures operated by private parties for the purpose of generating profit and are thus subject to the operational principles of the market system Even non profit orientated media such as public broadcasting are influenced

Criticizing the Media James B. Lemert, 1989-03
Criticizing the Media demonstrates in specific and practical ways how much has been missed by ignoring empirically based criticism of the media and how social science techniques can be used to evaluate and criticize the performance of present and future news media Employing actual case studies and examples of empirically based criticism Lemert discusses the application of empirical techniques to major unanswered issues facing the news media suggests how to think about doing such research in the future and considers new questions critics should be asking about the news media He demonstrates how to do empirical research in the news media area as well as how

to recognize and understand criticisms based on these findings **American Book Publishing Record** ,1983-04

Television in America George Comstock,1991-08-12 This new substantially revised edition of a classic text on television features updated statistics issues and topics including descriptions and analysis of emerging technologies The author synthesizes three decades of empirical research theory and speculative extrapolation to examine the political social and economic forces shaping television There is explicit historical coverage of the development of the three major programming genres entertainment news and sports and of television as a whole in terms of distinctive major technological developments competitive forces audience behaviour and programming **The Media Reporter** ,1982 *Current Publications in Legal and Related Fields* ,1983 *Bulletin of the Public Affairs Information Service* Public Affairs Information Service,1983
