This Shared Dream Kathleen Ann Goonan,2011-07-19 Kathleen Ann Goonan introduced Sam Dance and his wife Bette and their quest to alter our present reality for the better in her novel In War Times winner of the John W Campbell Memorial Award for Best Novel and ALA s Best Science Fiction Novel of 2008 Now in This Shared Dream she tells the story of the next generation The three Dance kids seemingly abandoned by both parents when they were younger are now adults and are all disturbed by memories of a reality that existed in place of their world The older girl Jill even remembers the disappearance of their mother while preventing the assassination of John F Kennedy Goonan has created a new kind of utopian Science Fiction novel in which the changes in history have created a present world that is in many ways superior to our own while in other worlds people strive to prevent their own erasure by restoring the ills to ours This Shared Dream is certainly the most provocative Science Fiction speculation of the year and perhaps the decade At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied
