## Shared Bread:

**Kincraft** Todne Thomas, 2021-02-22 In *Kincraft* Todne Thomas explores the internal dynamics of community life among black evangelicals who are often overshadowed by white evangelicals and the common equation of the Black Church with an Afro Protestant mainline. Drawing on fieldwork in an Afro Caribbean and African American church association in Atlanta, Thomas locates black evangelicals at the center of their own religious story, presenting their determined spiritual relatedness as a form of insurgency. She outlines how church members cocreate themselves as spiritual kin through what she calls kincraft, the construction of one another as brothers and sisters in Christ. Kincraft, which Thomas traces back to the diasporic histories and migration experiences of church members, reflects black evangelicals' understanding of Christian familial connection as transcending racial, ethnic, and denominational boundaries in ways that go beyond the patriarchal nuclear family. Church members also use their spiritual relationships to navigate racial and ethnic discrimination within the majority white evangelical movement. By charting kincraft's functions and significance, Thomas demonstrates the ways in which black evangelical social life is more varied and multidimensional than standard narratives of evangelicalism would otherwise suggest.

Come as You Are Alex A. Gondola, 2000 Communion is an inexhaustible mystery, a gift of God's grace. Yet because it is familiar, we sometimes take it for granted. Alex Gondola explores the wonder of the Lord's Supper in these captivating and well-illustrated sermons.

Forging Communities Montserrat Piera, 2018-09-15 *Forging Communities* explores the importance of the cultivation, provision, trade, and exchange of foods and beverages to mankind's technological advancement, violent conquest, and maritime exploration. The thirteen essays here show how the sharing of food and drink forged social, religious, and community bonds, and how ceremonial feasts, as well as domestic daily meals, strengthened ties and solidified ethno-religious identity through the sharing of food customs. The very act of eating and the pleasure derived from it are metaphorically linked to two other sublime activities of the human experience: sexuality and the search for the divine. This interdisciplinary study of food in medieval and early modern communities connects threads of history conventionally examined separately or in isolation. The intersection of foodstuffs with politics, religion, economics, and culture enhances our understanding of historical developments and cultural continuities through the centuries, giving insight that today, as much as in the past, we are what we eat, and what we eat is never devoid of meaning.

The Prayer of Jesus Robert M. Solomon, 2009 *Ancient Food Rituals* Amara Jensen, AI, 2025-03-11 *Ancient Food Rituals* explores the deep connections between food, spirituality, and religious ceremonies throughout history. It examines how these practices have shaped human societies and belief systems. Early societies saw success in agriculture and hunting as divine favor, imbuing food with spiritual significance. The book argues these rituals provide insights into cultural values, revealing food as more than just sustenance. The book starts with fundamental concepts like the symbolic meanings of foods such as bread representing life and wine symbolizing transformation. It then delves into specific food rituals from ancient Egypt, Greece, Rome, Mesoamerica, and early Judaism, and

Christianity Each chapter focuses on a particular civilization or religious tradition examining the foods that were considered sacred and the rituals surrounding their preparation and consumption Drawing from archaeological records ancient texts and ethnographic studies the book highlights common threads and unique adaptations across different cultures It culminates in a discussion of the enduring legacy of ancient food rituals in contemporary society showing how modern dietary practices and religious celebrations echo these ancient traditions This approach offers a broad comparative analysis of food and spirituality

Alexandrin, 2017-07-19 Explores the relationship between revelation and reason in medieval Islamic intellectual history In this original study Elizabeth R Alexandrin examines the complex relationships that can be inscribed between medieval Ism l thought as an intellectual tradition with a devotional practice of reliance on the im m and as a politico esoteric system that redefined governance during the F imid caliphate in the eleventh century Alexandrin s work is a departure from recent Western scholarship that focuses on similarities among early Islamic traditions She argues instead that under the guidance of the F imid Ism l chief missionary al Mu ayyad f al D n al Sh r z d 1078 CE the concept of wal yah divine guidance became closely associated with religio political authority on the one hand and the perfection of the individual human being on the other By signaling and affirming how the F imid caliph im m s were the heirs of wal yah and by proposing new definitions of the seal of God s friends kh tim al awliy All h al Mu ayyad broadened the contexts of making esoteric knowledge public and shifted the apocalyptic frameworks of Islamic messianism *The Sufi and the Friar* Minlib Dallh, 2017-07-19 An investigation of the spiritual encounter between a twentieth century Dominican friar and an eleventh century Afghani Sufi master This book explores the profound spiritual encounter between Serge de Beaurecueil 1917 2005 a twentieth century French Dominican friar and Christian mystic and the eleventh century anbal Sufi master Khw ja Abdull h An r of Her t 1006 1089 De Beaurecueil lived much of his Christian discipleship in Cairo and Afghanistan where he became the foremost expert on the life and thought of An r His mystical conversation and scholarly engagement with An r his experience of Islamic hospitality and the transformation of his own practical spirituality or praxis mystica through his experience of dwelling in the abode of Islam provide us with not only a magnificent and luminous meditation on the hidden and abiding presence of God among Muslims but also a contemplation on the quandary of genuine engagement with and openness to the religious other To place a French Dominican friar who died in 2005 and a Sufi who died in 1089 in juxtaposition in the same book is not the most obvious path in comparative religious scholarship Yet Dallh has not only done precisely that but he has also produced a brilliant monograph in the process which makes for a fascinating read Dallh s work exhibits painstaking scholarship which illuminates two notable figures in Christianity and Islam respectively and makes an original contribution to the study of these

two great faith traditions Ian Richard Netton author of Islam Christianity and Tradition A Comparative Exploration Mark  
 Dr. Matthew N. O. Sadiku, 2014-03 Every serious student of the Bible desires to understand the text discover the biblical principles and apply the truths to his her life This commentary is designed to help students pastors and Bible teachers understand the Gospel of Mark in a simple manner Working from the popular New International Version NIV the author provides helpful commentary on the text verse by verse This verse by verse commentary is different from others in two respects First it is brief while some commentaries are unnecessarily wordy and verbose Second it is Pentecostal in outlook This implies that we generally adhere to the doctrine of biblical inerrancy and adopt a literalist approach to the interpretation of the Bible The major aim of this commentary is to expose readers to the Gospel of Mark It is written primarily for the busy pastor Sunday school teacher or Christian leader who desires to learn better the Gospel of Mark The Gospel of Mark is the shortest and simplest of the four Gospels It gives an action packed authentic record of the ministry of our Lord Jesus Christ The inspired story of Mark portrays Jesus Christ as the complete and final revelation of God to His creation

**The Prayer** Christopher Levan, 2018-09-13 How can sixty eight words change the world Seems impossible An even greater mystery these words come in the form of a prayer Christopher Levan shows how early Christians used what we now call The Lord s Prayer as a building block for their movement It was from these sixty eight words that they created the backbone and determination to shape a religious movement that would dramatically alter human history Walking step by step through The Prayer Levan will show how Jesus of Nazareth adapted the economic and spiritual principles from his Jewish heritage and teaching to direct his followers in a simple yet very profound conversation with their Creator In The Prayer Jesus disciples found words to build God s reign on earth the kingdom of God Obviously these sixty eight words are not just words They have power They enact what they express And far from spent these words still contain the ability to enliven and shape the current expressions of God s reign here and now

**The Biblical World of Gender** Celina Durgin, Dru Johnson, 2022-06-14 What were the lives of women and men like in ancient Israel How does it affect their thinking about gender Recent discussions of biblical womanhood and manhood tend to reflect our current concepts of masculinity and femininity and less so the lived world of the biblical authors In fact gender does not often appear to be a noteworthy issue in Scripture at all except in practical matters Nonetheless Genesis 1 invests the image of God itself with male and female making sex central to what it means to be human Instead of working out gender through Genesis s creation and Paul s household codes we want to ask What was life like on an ancient Israelite farmstead in a Second Temple synagogue or in a Roman household in Ephesus Who ran things in the home in the village in the cities Who had influence and social power and how did they employ it Taking insights from anthropology and archaeology the authors of this collection paint a dynamic portrait of gender in antiquity that has been put into conversation with the biblical texts The Biblical World of Gender explores gender backstage in the daily lives and assumptions of the biblical authors and on stage in their writings Table of
