All were found guilty of destroying government property and sentenced to three

years in jail Dan Berrigan fled but later turned himself in The Trial of the Catonsville Nine became a powerful expression of the conflicts between conscience and conduct power and justice law and morality Drawing on court transcripts Berrigan wrote a dramatic account of the trial and the issues it so vividly embodied The result is a landmark work of art that has been performed frequently over the past thirty five years both as a piece of theater and a motion picture When Ads Work John Philip Jones,2007 The accepted wisdom in advertising is that ad campaigns are good for building brand recognition and good will but not for immediate sales impact When Ads Work argues the opposite that well planned and well executed advertising campaigns can and should have an immediate impact on sales Featuring numerous examples from recent ad campaigns the new edition of this popular book is a model for any successful advertising research program With a device he calls STAS Short Term Advertising Strength a measure of the immediate effect of advertising on sales the author demonstrates th

claims made by lean production advocates      **Good News for a Change** David Suzuki,Holly Dressel,2009-07-01 We all know the bad news Every day along with all the bulletins on social upheavals and terrorist attacks we read reports of another animal species on the brink of extinction of how our ocean fisheries are collapsing and of the damage industrial development is wreaking on our soil air and water We drive bigger cars eat pesticide sprayed genetically altered foods and consume so much energy that even rich industrialized countries suffer power outages We seem intent on continuing to live this way even though many scientific experts tell us our actions are suicidal The good news Suzuki and Dressel tells us is that thousands of individuals groups and businesses are already changing their ways A growing number of companies are still making money while benefiting their local communities Anti globalization activists and Third World villagers are learning how to practice real participatory democracy and create real community Farmers and ranchers are sharing their land with other species including predators and pests while still prospering Even some governments local and national are starting to base economic development strategies on our collective dependency on nature while decreasing large scale interference in our ecosystems

**Is the Gap Between Rich and Poor Growing?** Robert J. Sims,2006 Authors express various viewpoints in the debate about economic inequality in the United States      **Barack Obama and the Future of American Politics** Paul Street,2015-12-22 Many Americans believe Barak Obama represents a hopeful future for America But does he also reflect the American politics of the past This book offers the broadest and best informed understanding on the meaning of the Obama phenomenon to date Paul Street was on the ground throughout the Iowa campaign and his stories of the rising Obama phenomenon are poignant Yet the author s background in American political history allows him to explore the deeper meanings of Obama s remarkable political career He looks at Obama in relation to contemporary issues of class race war and empire He considers Obama in the context of our nation s political history with comparisons to FDR JFK Bill Clinton and other leaders Street finds that the Obama persona crafted by campaign consultants and filtered through dominant media trends masks the change candidate s adherence to long prevailing power structures and party doctrines He shows how American political culture has produced misperceptions by the electorate of Obama s positions and values Obama is no magical exception to the narrow spectrum electoral system and ideological culture that have done so much to define and limit the American political tradition Yet the author suggests key ways in which Obama potentially advances democratic transformation Street makes recommendations on how citizens can productively respond to and act upon Obama s influence and the broader historical and social forces that have produced his celebrity and relevance He also lays out a real agenda for change for the new presidential administration one that addresses the recent failures of democratic politics      The CQ Researcher Bound Volume 1998 Kathy Koch,Jost K,Cooper M,Masci D,1999-04-15
