

The background of the book cover is a stylized illustration of a man with a beard and long hair, wearing a red robe. He is holding a long, blue sword diagonally across his chest. The style is reminiscent of a comic book or a graphic novel.

"This book is a timely diagnosis of our contemporary condition, offering a challenging but accessible, difficult but beautiful path forward"

Sulmasy, 2014-05-14 The Healer's Calling addresses the longings of many people in the health care professions for a renewed sense of the transcendent meaning of their work and for a return to the spiritual elements of healing      Healthy Gaians Richard Levitón, 2007-01-02 Headline in boldface and or small caps do in 2 lines maximum The healthier we are in body mind and culture the more we can happily interact with the Spirit of Earth or Gaia who needs our attention now Main text Health how to keep it regain it or even optimize it concerns many today But we usually think of health in personal terms human terms What about the health of the Earth To be healthy rather than sick has planetary implications and Healthy Gaians shows you ways of improving your health to help improve the planet's Welcome to a diverse anthology of 70 articles on human health drawn from a journalistic career spanning 25 years Here are bodywork cancer the immune system vaccinations eurythmy chakras Jungian psychology intuition conflict resolution healing with art music sound and color singing to the dying dreams water rejuvenation the poetics of the elements near death experiences the purpose of evil myth living and quantum shamanic adventures You'll get familiar with lots of natural health modalities such as herbalism acupuncture flower essences and bionutrient fortification And meet a stimulating group of health pioneers such as R D Laing William Irwin Thompson Barbara Walker Fred Alan Wolf Robert Sardello Caroline Myss M F K Fisher Kyriacos Markides and Rowena Kryder among others Each gives innovative ways to free ourselves from the ill health constraints of body mind and culture as part of the larger process of becoming healthy Gaians exactly what the planet needs from us There are many ways to better health The important thing is to start getting healthy so you can help the planet in its time of need Then the Earth can start sending back the good health vibrations to you now you're back in the health loop Note Be sure to note boldface two line headline at top this is 250 words but the book's format will be large and it will fit easily without crowding      *North and South* Elizabeth Gaskell, 2023-08-09T23:40:25Z By the mid nineteenth century the transition of textile production in England from a cottage craft to mechanized factories was complete Still the effects of the industrial revolution remain distant from the idyllic rural parish in the New Forest where Margaret Hale grows up But with her father's crisis of conscience in ministry the country

lanes of Hampshire give way to the crowded urban streets of the industrial North of England Mr Hale's new role as a private tutor brings Margaret into contact not only with her father's favorite student one of the masters of a factory but also leads to her meeting and caring for the poor families of factory workers Margaret finds her sympathies torn as she grows to understand the differing outlooks and interests of masters and men especially as an industrial dispute brings the lives of both classes into crisis But there is much more to Margaret's life than politics and economics An accomplished and beautiful young woman she finds her abilities stretched by personal family tragedies and her affections tested by differing claims on her life both from intimate family members and from suitors smitten by her unstudied charms North and South would have been titled Margaret Hale if Elizabeth Gaskell had had her way She was overruled by Charles Dickens in whose magazine Gaskell's novel was first serialized and who insisted on the present title Dynamics between the leading characters have often reminded readers of Jane Austen's *Pride and Prejudice* although in the case of Gaskell's protagonists these qualities are more evenly distributed Contemporary critics were less than enthusiastic about the women's perspective in the book but appreciation has grown steadily and significantly for Gaskell's writing and insights in North and South Her sensitive handling of Mr Hale's religious scruples her unsentimental portrayal of the urban working poor and her prescient depiction of shifting social and gender roles all find a contemporary appeal Although once neglected among Gaskell's works successive adaptations for television the latest in 2004 have won for the book a higher profile and wider readership This book is part of the Standard Ebooks project which produces free public domain ebooks
