**John Ellis**

## Sharp End Of War:

**The Sharp End of War** John Ellis, 1980 De Allierede H re Fronttjeneste soldaterliv **The Nature of War in the Information Age** David J. Lonsdale, 2004-06 Much of today's Revolution in Military Affairs RMA literature subscribes to the idea that the information age will witness a transformation in the very nature of war In this book David Lonsdale puts that notion to the test **Canada's Great War, 1914-1918** Brian Douglas Tennyson, 2014-11-25 Canada's Great War 1914 1918 How Canada Helped Save the British Empire and Became a North American Nation describes the major role that Canada played in helping the British Empire win the greatest war in history and somewhat surprisingly resulted in Canada's closer integration not with the British Empire but with its continental neighbor the United States When Britain declared war against Germany and Austria Hungary in August 1914 Canada was automatically committed as well because of its status as a Dominion in the British Empire Despite not having a say in the matter most Canadians enthusiastically embraced the war effort in order to defend the Empire and its values In Canada's Great War 1914 1918 historian Brian Douglas Tennyson argues that Canada's participation in the war weakened its relationship with Britain by stimulating a greater sense of Canadian identity while at the same time bringing it much closer to the United States especially after the latter entered the war Their wartime cooperation strengthened their relationship which had been delicate and often strained in the nineteenth century This was reflected in the greater integration of their economies and the greater acceptance in Canada of American cultural products such as books magazines radio broadcasting and movies and was symbolized by the astonishing American response to the Halifax explosion in December 1917 By the end of the war Canadians were emerging as a North American people no longer fearing close ties to the United States even as they maintained their ties to the British Commonwealth Canada's Great War 1914 1918 will interest not only Canadians unaware of how greatly their nation's participation in the First World War reshaped its relationship with Britain and the United States but also Americans unacquainted with the magnitude of Canada's involvement in the war and how that contribution drew the two nations closer together Taste of War Lizzie Collingham, 2012-03-29 A New York Times Notable Book of 2012 Food and in particular the lack of it was central to the experience of World War II In this richly detailed and engaging history Lizzie Collingham establishes how control of food and its production is crucial to total war How were the imperial ambitions of Germany and Japan ambitions which sowed the seeds of war informed by a desire for self sufficiency in food production How was the outcome of the war affected by the decisions that the Allies and the Axis took over how to feed their troops And how did the distinctive ideologies of the different combatant countries determine their attitudes towards those they had to feed Tracing the interaction between food and strategy on both the military and home fronts this gripping original account demonstrates how the issue of access to food was a driving force within Nazi policy and contributed to the decision to murder hundreds of thousands of useless eaters in Europe Focusing on both the winners and losers in the battle for food The Taste of War brings to light the striking fact that

war related hunger and famine was not only caused by Nazi Germany and Imperial Japan but was also the result of Allied mismanagement and neglect particularly in India Africa and China American dominance both during and after the war was not only a result of the United States immense industrial production but also of its abundance of food This book traces the establishment of a global pattern of food production and distribution and shows how the war subsequently promoted the pervasive influence of American food habits and tastes in the post war world A work of great scope The Taste of War connects the broad sweep of history to its intimate impact upon the lives of individuals **Wartime** Paul Fussell, 1990-10-25 Winner of both the National Book Award for Arts and Letters and the National Book Critics Circle Award for Criticism Paul Fussell's The Great War and Modern Memory was one of the most original and gripping volumes ever written about the First World War Frank Kermode in The New York Times Book Review hailed it as an important contribution to our understanding of how we came to make World War I part of our minds and Lionel Trilling called it simply one of the most deeply moving books I have read in a long time In its panoramic scope and poetic intensity it illuminated a war that changed a generation and revolutionized the way we see the world Now in Wartime Fussell turns to the Second World War the conflict he himself fought in to weave a narrative that is both more intensely personal and more wide ranging Whereas his former book focused primarily on literary figures on the image of the Great War in literature here Fussell examines the immediate impact of the war on common soldiers and civilians He describes the psychological and emotional atmosphere of World War II He analyzes the euphemisms people needed to deal with unacceptable reality the early belief for instance that the war could be won by precision bombing that is by long distance he describes the abnormally intense frustration of desire and some of the means by which desire was satisfied and most important he emphasizes the damage the war did to intellect discrimination honesty individuality complexity ambiguity and wit Of course no Fussell book would be complete without some serious discussion of the literature of the time He examines for instance how the great privations of wartime when oranges would be raffled off as valued prizes resulted in roccoco prose styles that dwelt longingly on lavish dinners and how the high mindedness of the era and the almost pathological need to accentuate the positive led to the downfall of the acerbic H L Mencken and the ascent of E B White He also offers astute commentary on Edmund Wilson's argument with Archibald MacLeish Cyril Connolly's Horizon magazine the war poetry of Randall Jarrell and Louis Simpson and many other aspects of the wartime literary world Fussell conveys the essence of that wartime as no other writer before him For the past fifty years the Allied War has been sanitized and romanticized almost beyond recognition by the sentimental the loony patriotic the ignorant and the bloodthirsty Americans he says have never understood what the Second World War was really like In this stunning volume he offers such an understanding The Cost of War Professor Stephen Garton, 2020-04-01 War has shaped Australian society profoundly When we commemorate the sacrifices of the Anzacs we rightly celebrate their bravery but we do not always acknowledge the complex aftermath of combat In The Cost of War Stephen Garton traces the experiences of Australia's veterans and asks

what we can learn from their stories He considers the long term effects of war on returned servicemen and women on their families and communities and on Australian public life He describes attempts to respond to the physical and psychological wounds of combat from the first victims of shellshock during WWI to more recent understandings of post traumatic stress disorder And he examines the political and social repercussions of war including debates over how we should commemorate conflict and how society should respond to the needs of veterans When the first edition of *The Cost of War* appeared in 1996 it offered a ground breaking new perspective on the Anzac experience In this new edition Garton again makes a compelling case for a more nuanced understanding of the individual and collective costs of war

**Military Adaptation In War: With Fear Of Change** Professor Williamson Murray, 2015-11-06 *Military Adaptation in War* addresses one of the most persistent problems that military organizations confront namely the problem of how to adapt under the trying terrifying conditions of war This work builds on the volume that Professor Williamson Murray edited with Allan Millett on military innovation a quite different issue though similar in some respects In Clausewitzian terms war is a contest an interactive duel which is of indeterminate length and presents a series of intractable problems at every level from policy and strategy down to the tactical Moreover the fact that the enemy is adapting at the same time presents military organizations with an ever changing set of conundrums that offer up no easy solutions As the British general James Wolfe suggested before Quebec War is an option of difficulties Dr Murray provides an in depth analysis of the problems that military forces confront in adapting to these difficulties

**The Embattled General** William F. Stewart, 2015-11-01 Lieutenant General Sir Richard Turner 1871-1961 was a capable but controversial Canadian general who played a critical role in the development of the Canadian Corps up to 1917 and contributed significantly to its success thereafter Despite his many accomplishments including being awarded the Victoria Cross Turner is often portrayed as a political appointee and repeated failure representations that ignore minimize or misconstrue his successes as a combat commander and head of Canadian forces in England In *The Embattled General* William Stewart reveals Turner's tactical operational and administrative contributions to the Canadian war effort Uniquely Turner held senior commands in both combat arms and administration Stewart narrates and analyzes Turner's successes and failures in the Boer War and the First World War's battles of Ypres Festubert St Eloi and the Somme He also studies Turner's career after his transfer to command Canadian forces in England in December 1916 where Turner reformed an administration in chaos After the war Turner post war played a key role in the formation of the Royal Canadian Legion Based on exhaustive research from over 1 200 volumes of material including many previously untouched sources *The Embattled General* provides a balanced and just re evaluation of Turner identifying his merits as well as his flaws

[Ivan's War](#) Catherine Merridale, 2006 Drawing on previously closed archives interviews with veterans and private letters and diaries Merridale presents the first comprehensive history of the Red Army rank and file

**Parameters**, 1981 [The War Beat](#), Pacific Steven Casey, 2021-04-05 The definitive history of American war reporting in the Pacific theater of World War II from

the attack on Pearl Harbor to the atomic bombings of Hiroshima and Nagasaki After almost two years slogging with infantrymen through North Africa Italy and France Ernie Pyle immediately realized he was ill prepared for covering the Pacific War As Pyle and other war correspondents discovered the climate the logistics and the sheer scope of the Pacific theater had no parallel in the war America was fighting in Europe From Pearl Harbor to Hiroshima and Nagasaki *The War Beat Pacific* provides the first comprehensive account of how a group of highly courageous correspondents covered America's war against Japan what they witnessed what they were allowed to publish and how their reports shaped the home front's perception of some of the most pivotal battles in American military history In a dramatic and fast paced narrative based on a wealth of previously untapped primary sources Casey takes us from MacArthur's doomed defense on the Philippines and the navy's overly strict censorship policy at the time of Midway through the bloody battles on Guadalcanal New Guinea Tarawa Saipan Leyte and Luzon Iwo Jima and Okinawa detailing the cooperation as well as conflict between the media and the military as they grappled with the enduring problem of limiting a free press during a period of extreme crisis *The War Beat Pacific* shows how foreign correspondents ran up against practical challenges and risked their lives to get stories in a theater that was far more challenging than the war against Nazi Germany while the US government blocked news of the war against Japan and tried to focus the home front on Hitler and his atrocities

**In the Shadow of War** Michael S. Sherry, 1995-01-01 Prize winning historian Michael S Sherry shows how war has defined modern America and argues that militarization has reshaped every facet of American life its politics economics culture social relations and place in the world 17 illustrations

*A Companion to World War I* John Horne, 2012-01-30 *A Companion to the First World War* brings together an international team of distinguished historians who provide a series of original and thought provoking essays on one of the most devastating events in modern history Comprises 38 essays by leading scholars who analyze the current state of historical scholarship on the First World War Provides extensive coverage spanning the pre war period the military conflict social economic political and cultural developments and the war's legacy Offers original perspectives on themes as diverse as strategy and tactics war crimes science and technology and the arts Selected as a 2011 Outstanding Academic Title by CHOICE

**Intoxicating Pleasures** Lisa Sheryl Jacobson, 2024 In popular memory the repeal of US Prohibition in 1933 signaled alcohol's decisive triumph in a decades long culture war But as Lisa Jacobson reveals alcohol's respectability and mass market success were neither sudden nor assured It took a world war and a battalion of public relations experts and tastemakers to transform wine beer and whiskey into emblems of the American good life Alcohol producers and their allies a group that included scientists trade associations restaurateurs home economists cookbook authors and New Deal planners powered a publicity machine that linked alcohol to wartime food crusades and new ideas about the place of pleasure in modern American life In this deeply researched and engagingly written book Jacobson shows how the yearnings of ordinary consumers and military personnel shaped alcohol's cultural reinvention and put intoxicating pleasures at the center of

broader debates about the rights and obligations of citizens      *The Canadian Experience of the Great War* Brian Douglas Tennyson, 2013-05-01 Although the United States did not enter the First World War until April 1917 Canada enlisted the moment Great Britain engaged in the conflict in August 1914 The Canadian contribution was great as more than 600 000 men and women served in the war effort 400 000 of them overseas out of a population of 8 million More than 150 000 were wounded and nearly 67 000 gave their lives The war was a pivotal turning point in the history of the modern world and its mindless slaughter shattered a generation and destroyed seemingly secure values The literature that the First World War generated and continues to generate so many years later is enormous and addresses a multitude of cultural and social matters in the history of Canada and the war itself Although many scholars have brilliantly analyzed the literature of the war little has been done to catalog the writings of ordinary participants men and women who served in the war and wrote about it but are not included among well known poets novelists and memoirists Indeed we don't even know how many titles these people published nor do we know how many more titles were added later by relatives who considered the recollections or collected letters worthy of publication Brian Douglas Tennyson's *The Canadian Experience of the Great War A Guide to Memoirs* is the first attempt to identify all of the published accounts of First World War experiences by Canadian veterans

*Military in America* Peter M. Karsten, 1986-08-27 In *The American Military Tradition* historians John M Carroll and Colin F Baxter gather an esteemed group of military historians to explore the pivotal issues and themes in American warfare from the Colonial era to the present conflict in Iraq From the reliance on militia and the Minutemen of the American Revolution to the all volunteer specialized troops of today these twelve essays analyze the continuities and changes in the conduct of war over the past three centuries In this completely revised second edition new essays explore Napoleonic warfare the American Civil War the Plains Wars in the West the War against Japan the nuclear arms race and the War on Terror The book while not avoiding the nature of battle goes beyond tactics and strategy to include the enormous social and political impact of America's wars      *Arms And Judgment* Sheldon M. Cohen, 2019-03-04 This book examines the justifications of the use of armed force and their limits as well as the law of war It is a moral enquiry and adopts an interdisciplinary approach The divergence between legality and morality and its significance is one of the underlying themes of the book      *The War* Geoffrey C. Ward, Ken Burns, 2020-02-04 The vivid voices that speak from these pages are not those of historians or scholars They are the voices of ordinary men and women who experienced and helped to win the most devastating war in history in which between 50 and 60 million lives were lost Focusing on the citizens of four towns Luverne Minnesota Sacramento California Waterbury Connecticut Mobile Alabama The War follows more than forty people from 1941 to 1945 Woven largely from their memories the compelling unflinching narrative unfolds month by bloody month with the outcome always in doubt All the iconic events are here from Pearl Harbor to the liberation of the concentration camps but we also move among prisoners of war and Japanese American internees defense workers and schoolchildren and families who struggled simply to stay together while

their men were shipped off to Europe the Pacific and North Africa Enriched by maps and hundreds of photographs including many never published before this is an intimate profoundly affecting chronicle of the war that shaped our world From the Hardcover edition

**Public Schools and the Second World War** David Walsh,Anthony Seldon,2020-09-30 A historical analysis of the contribution of Great Britain s public schools to the conduct of World War II Following their ground breaking book on Public Schools and the Great War David Walsh and Anthony Seldon now examine how those same schools fared in the Second World War They use eye witness testimony to recount stories of resilience and improvisation in 1940 as the likelihood of invasion and the terrors of the Blitz threatened the very survival of public schools They also assess the giant impact that public school alumni contributed to every aspect of the war effort The authors examine how the People s War brought social cohesion with the opportunity to end public school exclusiveness to the fore encouraged by Winston Churchill among others That opportunity was ironically squandered by the otherwise radical Clement Attlee s post war Labour government prolonging the public school problem right through to the present day The public schools shaped twentieth century history profoundly never more so than in the conduct of both its world wars The impact of the schools on both wars was very different as were the legacies Drawing widely on primary source material and personal accounts of inspiring courage and endurance this book is full of profound historical reflection and is essential reading for all who want to understand the history of modern Britain

**What Is War?** Mary Ellen O'Connell,2012-05-16 The meaning of armed conflict is reported on by prominent international law scholars from four continents together with perspectives by military historians soldiers just war scholars political scientists peace studies scholars and war correspondents offering a unique interdisciplinary exploration

## **Sharp End Of War Introduction**

In today's digital age, the availability of Sharp End Of War books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Sharp End Of War books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Sharp End Of War books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Sharp End Of War versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Sharp End Of War books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Sharp End Of War books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Sharp End Of War books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library.

lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Sharp End Of War books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Sharp End Of War books and manuals for download and embark on your journey of knowledge?

### **FAQs About Sharp End Of War Books**

1. Where can I buy Sharp End Of War books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Sharp End Of War book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Sharp End Of War books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing,

and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
