Shell Country:

Creating Country Music Richard A. Peterson, 2013-04-26 In *Creating Country Music* Richard Peterson traces the development of country music and its institutionalization from Fiddlin John Carson's pioneering recordings in Atlanta in 1923 to the posthumous success of Hank Williams Peterson captures the free wheeling entrepreneurial spirit of the era detailing the activities of the key promoters who sculpted the emerging country music scene More than just a history of the music and its performers this book is the first to explore what it means to be authentic within popular culture Peterson restores to the music a sense of fun and diversity and possibility that more naive fans and performers miss Like Buck Owens Peterson knows there is no greater adventure or challenge than to act naturally Ken Emerson Los Angeles Times Book Review A triumphal history and theory of the country music industry between 1920 and 1953 Robert Crowley International Journal of Comparative Sociology One of the most important books ever written about a popular music form Timothy White Billboard Magazine **Country Life**, 1906 Catalog of Copyright Entries Library of Congress. Copyright Office, 1976

Responsible Leadership Mark Moody-Stuart, 2017-09-08 As Chairman of the Royal Dutch Shell Group from 1991 2001 and Anglo American plc from 2002 2009 Sir Mark Moody Stuart is as qualified as anyone on the planet to discuss the realities dilemmas and lessons to be learnt from the last 20 years of corporate engagement with sustainability ethics and responsibility In this unique book part memoir part confessional part manifesto for leadership we hear a unique voice from the front line of corporate responsibility Moody Stuart retraces the steps of a remarkable journey from being a postgraduate geologist to being at the helm of two of the largest corporations in the world We hear of dealings with dictators and prime ministers colleagues and NGOs rivals and friends We travel from Syria to Nigeria Iraq to Downing Street and from the machinations of the United Nations to those inside the boardroom of Shell We see Shell's annus horribilis in 1995 unfold through the eyes of an insider and how Brent Spar and the execution of Ken Saro Wiwa sent shockwaves through the company resulting in a complete reappraisal of its mission and principles We hear about the oil and mining sectors and their complicated development role in areas of conflict and corruption the way that markets have failed us on climate change and corruption and how governments need to step up to the global challenges we face We hear how Deepwater Horizon could have been avoided what Shell were asked to do by Tony Blair during the UK fuel blockades of 2000 and why they declined why China is too important to ignore and why the Global Compact is too important to fail We hear lessons from a life spent living in 10 different countries and we come to realize that for corporations trying to do the right thing can sometimes be almost impossible We also come to know a deeply ethical and thoughtful leader who has always tried to do exactly that

From Soul to Hip Hop Tom Perchard, 2017-07-05 The essays contained in this volume address some of the most visible durable and influential of African American musical styles as they developed from the mid 1960s into the 21st century Soul funk pop R B and hip hop practices are explored both singly and in their many convergences and in writings that have often

become regarded as landmarks in black musical scholarship These works employ a wide range of methodologies and taken together they show the themes and concerns of academic black musical study developing over three decades While much of the writing here is focused on music and musicians in the United States the book also documents important and emergent trends in the study of these styles as they have spread across the world The volume maintains the original publication format and pagination of each essay making for easy and accurate cross reference and citation Tom Perchard's introduction gives a detailed overview of the book's contents and of the field as a whole situating the present essays in a longer and wider tradition of African American music studies In bringing together and contextualising works that are always valuable but sometimes difficult to access the volume forms an excellent introductory resource for university music students and researchers

Writers Directory NA NA, 2016-03-05 [Rock Over the Edge](#) Roger Beebe, Denise Fulbrook, Ben Saunders, 2002-04-23 A collection of interdisciplinary essays examining the ever changing communities and discussions connected to American popular music

Popular Music: Popular music analysis Simon Frith, 2004 Popular music studies is a rapidly expanding field with changing emphases and agenda This is a multi volume resource for this area of study

Making Aboriginal Men and Music in Central Australia Ase Ottosson, 2020-05-31 This detailed ethnographic study explores the intercultural crafting of contemporary forms of Aboriginal manhood in the world of country rock and reggae music making in Central Australia Focusing on four different musical contexts an Aboriginal recording studio remote Aboriginal settlements small non indigenous towns and tours beyond the musicians homeland the author challenges existing scholarly political and popular understandings of Australian Aboriginal music men and related indigenous matters in terms of radical social cultural and racial difference Based on extensive anthropological field research among Aboriginal rock country and reggae musicians in small towns and remote desert settlements in Central Australia the book investigates how Aboriginal musicians experience and articulate various aspects of their male and indigenous sense of selves as they make music and engage with indigenous and non indigenous people practices places and sets of values Making Aboriginal Men and Music is a highly original intimate study which advances our understanding of contemporary indigenous and male identity formation within Aboriginal Australian society Providing new analytical insights for scholars and students in fields such as social and cultural anthropology cultural studies popular music and gender studies this engaging text makes a significant contribution to the study of indigenous identity formation in remote Australia and beyond

"My Rebellious and Imperfect Eye", 2021-10-18 My Rebellious and Imperfect Eye Observing Geoffrey Grigson acknowledges and celebrates Geoffrey Grigson 1905 1985 as

an all round man as a distinctive lyrical poet as the exact observer of nature and of men in the past and in the present as a pioneering literary critic and art critic as an unrivalled anthologist as a ground breaking editor as a broadcaster as a botanist the list could be extended In an unsurpassed number of diverse areas of artistic and natural culture Grigson passionately communicated all he experienced and felt to as wide an audience as possible Therefore as the centenary of his birth comes in view it seems singularly appropriate to celebrate Geoffrey Grigson s unique contribution to the twentieth century cultural scene In a writing career spanning nearly sixty years he was unmatched by any of his contemporaries for a range which reaches from the edges of journalism into and beyond the academic world In prose and verse the nineteen contributors to this volume amongst them some of the most distinguished names in contemporary English letters would hardly claim to have covered every aspect of Grigson s genius but they do manage to touch upon most of the territory he illuminated The volume contains a full bibliography of Grigson s work and a number of his drawings *Negocios ProMéxico Febrero 2015*

ProMéxico,2015-03-06 *Negocios ProM xico* shows Mexico s competitive and successful industries as well as its positive business environment The magazine promotes M xico as an excellent business case as a competitive destination for productive investments Through several business cases Mexico is shown as an active player in the global economy *Negocios ProM xico* is read by investors decision makers exporters and Mexican goods and or services buyers abroad *Negocios ProM xico* is a leading communication tool edited by the Mexican federal government to promote the country s trade and investment related opportunities **NEW PARADIGMS OF GENDER INCLUSIVITY** KAUL, ASHA,SINGH,

MANJARI,2012-01-19 Diversity inclusivity and gender mainstreaming have today become the buzzwords in the corporate arena and civil society The reason is increased business requirement for diverse competencies and skill sets Hence the need to have a mixed gender group has become a business imperative Furthermore there is heightened awareness that women are equally competent and talented if not more than men in various professional jobs With increasing job opportunities tapping and retaining this talent through initiation of various programmes within organizations has shown positive results New Paradigms for Gender Inclusivity Theory and Best Practices scripts some of the practices in the form of case studies which organizations have followed to enhance gender inclusiveness These real life case studies highlight the role played by organizations in facilitating the progression of women which indirectly has helped in their growth development and recognition of being a forerunner in promoting diversity The book is divided into three parts Parts I and III begin with a theoretician s perspective on gender inclusiveness and gender mainstreaming in India respectively and close with an academic detailing on reasons and causes for the same Statistical data and models in the last chapter for the two parts validate the corporate governmental and civil society attempts at introducing creative yet simple methodologies to make gender diversity and inclusion a reality in the workplace In Part I six case studies on the following companies Broadridge IBM Daksh Infosys Shell India Jamshedpur Utilities and Services Company Ltd A Tata Enterprise and Wipro have been

presented which discuss the need for gender diversity and inclusiveness drivers and barriers and showcase measures adopted to overcome those barriers Five cases SEWA Indian Police Sakti Indian Railways and RUDI have been presented in Part III which highlight tasks accomplished by women in their area of expertise marketing strategies adopted by the civil society to promote goods produced by women sensitization workshops to address harassment and training workshops Part II Interlude is a break from organizational cases and shares some experiences angst insights and observations on gender diversity and inclusion through a narration a poem and a reflective piece This book on case studies will be extremely useful for postgraduate students pursuing gender studies in Management Institutes students working on gender related dissertation topics and corporate houses keen to learn from best practices of other organizations Additionally it would benefit readers who wish to learn about organizational policies and practices for gender inclusivity

The Cyclopaedia; Or, an Universal Dictionary of Arts, Sciences, and Literature Abraham Rees, 1819

Legal Approaches and Corporate Social Responsibility Adaeze Okoye, 2016-12-08 From the late 20th Century a catalogue of high profile disasters and controversies has drawn attention to the changing relationship between corporations and society This is taking place against the context of globalisation and this change has become the driving force for demands that corporations become socially responsible Corporate social responsibility CSR has therefore emerged as a concept which attempts to encapsulate these demands for social responsibility Yet at the heart of CSR is the debate about the role and relevance of law This book will explore the proposition that CSR is a valid legal enquiry and will suggest a law jobs approach which offers a potential general analytical perspective for examining such fluid concepts such as CSR in law This approach is innovative because of the insistence of some users of CSR on placing law outside the parameters of CSR or giving it a very limited role however Okoye argues here that the very nature of CSR as seeking legitimacy for corporate power pushes to the fore the question of what role law can play Law is an essential and important aspect of legitimacy and thus this work explores a legal theoretical approach that holds potential for a legal framework of CSR This interdisciplinary book will be of great interest to students and scholars of corporate law and business studies in general

Music Genres and Corporate Cultures Keith Negus, 2013-07-04 Music Genres and Corporate Cultures explores the seemingly haphazard workings of the music industry tracing the uneasy relationship between economics and culture entertainment corporations and the artists they sign Keith Negus examines the contrasting strategies of major labels like Sony and Polygram in managing different genres artists and staff How do takeovers affect the treatment of artists Why has Polygram been perceived as too European to attract US artists And how did Warner's wooden floors help them sign Green Day Through in depth case studies of three major genres rap country and salsa Negus explores the way in which the music industry recognises and rewards certain sounds and how this influences both the creativity of musicians and their audiences He examines the tension between rap's public image as the spontaneous music of the streets and the practicalities of the market and asks why country labels and radio stations promote top selling acts like

Garth Brooks over hard to classify artists like Mary Chapin Carpenter and how the lack of soundscan systems in Puerto Rican record shops affects salsa music's position on the US Billboard chart Drawing on over seventy interviews with music industry personnel in Britain and the United States Music Genres and Corporate Cultures shows how the creation circulation and consumption of popular music is shaped by record companies and corporate business styles while stressing that music production takes within a broader culture not totally within the control of large corporations

The Cyclopædia; Or, Universal Dictionary of Arts, Sciences, and Literature. By Abraham Rees, ... with the Assistance of Eminent Professional Gentlemen. Illustrated with Numerous Engravings, by the Most Distinguished Artists. In Thirty-nine Volumes. Vol. 1 [- 39] ,1819 The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950 George

Watson,I. R. Willison,1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries

Corporate Security Responsibility? N. Deitelhoff,K. Wolf,2010-01-13 Corporate Security Responsibility focuses on the role of private business in zones of conflict The book contributes to closing the gap between research on Global Governance and Peace and Conflict Studies It applies a systematic research design to the study of corporate governance contributions to peace and security across a number of cases

Regulating Multinationals in Developing Countries Edwin Mujih,2016-04-08 Edwin Mujih explores the difficulties associated with regulating multinational companies operating in developing countries with a particular focus on extractive industries The author highlights the need to establish an international legally binding framework to ensure that multinationals operate in a socially responsible manner to protect local communities and the environment Edwin Mujih's analysis reveals that the existing mechanisms for controlling the behaviour of huge multinational entities are of normative force only that these are particularly inadequate and that the notion of corporate social responsibility is only meaningful where behaviour can be legally regulated *Regulating Multinationals in Developing Countries* features a study of the Chad and Cameroon Oil and pipeline project which highlights the problems arising in countries that have neither the capacity nor the will to effectively regulate those operating within their borders The author has evaluated compliance by the parties with their social and environmental obligations He has found that despite controversy surrounding inadequate regulation of this project in its incipient stages the system that was put in place following huge opposition from the affected communities and from NGOs is worthy of attention and could stand as a model for similar projects elsewhere This first title in Gower's Corporate Social Responsibility Series to approach CSR from a legal perspective provides insight

not just into the complexity surrounding efforts to regulate multinationals operating in countries with weak regulatory regimes but also into the fundamental nature of multinational corporations and the debate about different notions of CSR itself

Fuel your quest for knowledge with Authored by is thought-provoking masterpiece, **Shell Country** . This educational ebook, conveniently sized in PDF (*), is a gateway to personal growth and intellectual stimulation. Immerse yourself in the enriching content curated to cater to every eager mind.
