Short Term Therapy For Angry Clients:

Short Term Therapy for Angry Clients Bradley P. Barris,1999-06 Learn how to deal with angry clients and abusive partners and develop a short term treatment plan with Bradley P Barris **Anger Treatment for People with Developmental Disabilities** John L. Taylor,Raymond W. Novaco,2005-12-17 Anger and aggression are prevalent problems among people with developmental disabilities and constitute primary reasons for them to be admitted and re admitted to institutions They are also a key reason for the prescribing of behaviour control and anti psychotic medication to this client group Stimulated by growing research in this area mental health and criminal justice professionals have begun to see the benefits of anger assessment and cognitive behavioural anger treatment for people with developmental disabilities There is no prior text to guide anger treatment provision to this client group This text presents a manual guided cognitive behavioural anger treatment protocol grounded in a solid theoretical framework and empirical evidence for its efficacy in clinical practice The assessment and treatment approach is designed to engage and motivate patients with recurrent and deep rooted anger problems and their manifestation in serious aggressive behaviour Accompanying the treatment protocol are a number of worksheets handouts and exercise sheets for clinicians and clients that can be accessed online **Anger, Aggression, and Interventions for Interpersonal Violence** Timothy A. Cavell,Kenya T. Malcolm,2023-05-31 Interpersonal violence has many faces and many names domestic violence child abuse school bullying Anger Aggression and Interventions for Interpersonal Violence reveals what clinical scientists know and what mental health practitioners can do about interpersonal violence To advance the way professionals conceptualize interventions for violent clients contributors consider the complex relation between anger and aggression and discuss how that relation affects treating various forms of interpersonal violence Should treatment focus on anger on aggression or on both Does that decision depend on the form of interpersonal violence or does the anger aggression relation suggest a core set of intervention principles and strategies Readers are provided up to date detailed discussions as well as focused commentaries all written by internationally known researchers This volume will serve as a comprehensive guide for researchers and practitioners alike **Contextual Anger Regulation Therapy for the Treatment of Clinical Anger** Frank L. Gardner,Zella E. Moore,2013-07-24 Intended to fill a gap in the existing counseling literature this text describes the integrative and innovate approach developed by the authors for use in the treatment of clinical anger Anger Regulation Therapy ART This model consists of nine modules that guide the therapist through the treatment of a client dealing with anger and related issues It is also setup so that clinicians can pull relevant components for ART in order to build a unique treatment plan to fit the needs of an individual client The authors begin with a description of clinical anger including how it has been viewed and treated historically as well as its relationship to violence and other psychological and emotional disorders They then describe the Anger Avoidance Model which they also developed and is the basis for ART Each module of ART is then described in detail and case examples are provided to illustrate the concepts

presented Given the lack of available research on this topic as well as the significant impacts that anger aggression and violence can have on the health and well being of an individual this text will be an invaluable resource for mental health practitioners in need of treatments for clinical anger
