Board of Supervisors, 1913 *Worlding the Western* Neil Campbell, 2022-09-13 *Worlding the Western* views the fiction of the Western United States as a focal point for a reexamination of the consequences of the exceptionalism and closed borders of the Trump Era At a time of bounded individualism new nativism climate emergency and migration crises author Neil Campbell argues that fiction offers

opportunities to challenge the dark side of globalization He proposes worlding as a different and more open form of politics Diversity disparity and opposition are central to the dynamic frictional fiction considered in this book The American West provides a powerful test case in which these features are present and yet historically have often been masked or denied in the rush toward unanimity and nation building Worlding is therefore a positive critical concept through which to view the notion of a single world under pressure **Construction** ,1911 **Contract Record and Engineering Review** ,1909
