Lincoln Looks West Richard W. Etulain, 2010-03-05 This first ever volume to comprehensively explore President Abraham Lincoln s ties to the American West brings together a variety of scholars and experts who offer a fascinating look at the sixteenth president s lasting legacy in the territory beyond the Mississippi River Editor Richard W Etulain s extensive introductory essay treats these western connections from Lincoln s early reactions to Texas Oregon and the Mexican War in the 1840s through the 1850s and during his presidency providing a framework for the nine essays that follow Each of these essays offers compelling insight into the many facets of Lincoln s often complex interactions with the American West Included in this collection are a provocative examination of Lincoln s opposition to the Mexican War a discussion of the president s antislavery politics as applied to the new arena of the West new perspectives on Lincoln s views regarding the Thirteenth Amendment and his reluctance regarding the admission of Nevada to the Union a fresh look at the impact of the Radical Republicans on Lincoln s patronage and appointments in the West and discussion of Lincoln s favorable treatment of New Mexico and Arizona primarily Southern and Democratic areas in an effort to garner their loyalty to the Union Also analyzed is The Tribe of Abraham Lincoln s less than competent appointments in Washington Territory made on the basis of political friendship and the ways in which Lincoln s political friends in the Western Territories influenced his

western policies Other essays look at Lincoln s dealings with the Mormons of Utah who supported the president in exchange for his tolerance and American Indians whose relations with the government suffered as the president s attention was consumed by the crisis of the Civil War In addition to these illuminating discussions Etulain includes a detailed bibliographical essay complete with examinations of previous interpretations and topics needing further research as well as an extensive list of resources for more information on Lincoln s ties west of the Mississippi Loaded with a wealth of information and fresh historical perspectives Lincoln Looks West explores yet another intriguing dimension to this dynamic leader and to the history of the American West Contributors Richard W Etulain Michael S Green Robert W Johannsen Deren Earl Kellogg Mark E Neely Jr David A Nichols Earl S Pomeroy Larry Schweikart Vincent G Tegeder Paul M Zall *New Women in the Old West* Winifred Gallagher,2022-07-19 A riveting and previously untold history of the American West as seen by the pioneering women who advocated for their rights amidst challenges of migration and settlement and transformed the country in the process Between 1840 and 1910 hundreds of thousands of men and women traveled deep into the underdeveloped American West lured by adventure opportunity and the spirit of Manifest Destiny These settlers soon realized that survival in a new society required women to compromise eastern sensibilities and take on some of their husbands responsibilities At a time when women had very few legal or economic much less political rights these women soon proved just as essential as men to westward expansion During the mid nineteenth century the traditional domestic model of womanhood shifted to include public service with the women of the West becoming town mothers who established schools churches and philanthropies while also coproviding for their families They claimed their own homesteads and graduated from new free coeducational colleges that provided career alternatives to marriage In 1869 the men of the Wyoming Territory gave women the right to vote partly to persuade more of them to move west but with this victory in hand western suffragists fought relentlessly until the rest of the region followed suit By 1914 western women became the first American women to vote a right still denied to women in every eastern state In *New Women in the Old West* Winifred Gallagher brings to life the riveting history of the little known women the White Black and Asian settlers and the Native Americans and Hispanics they displaced who played monumental roles in one of America s most transformative periods Drawing on an extraordinary collection of research Gallagher weaves together the striking legacy of the persistent individuals who not only created homes on weather wracked prairies but also played a vital unrecognized role in the women s rights movement and forever redefined the American woman *Branding the American West* Marian Wardle,Sarah E. Boehme,2016-02-17 Artists and filmmakers in the early twentieth century reshaped our vision of the American West In particular the Taos Society of Artists and the California based artist Maynard Dixon departed from the legendary depiction of the Wild West and fostered new images or brands for western art This volume illustrated with more than 150 images examines select paintings and films to demonstrate how these artists both enhanced and contradicted earlier representations of the West Prior to this period American art

tended to portray the West as a wild frontier with untamed lands and peoples. Renowned artists such as Henry Farny and Frederic Remington set their work in the past invoking an environment immersed in conflict and violence. This trademark perspective began to change however when artists enamored with the Southwest stamped a new imprint on their paintings. The contributors to this volume illuminate the complex ways in which early twentieth century artists as well as filmmakers evoked a southwestern environment not just suspended in time but also permanent rather than transient. Yet as the authors also reveal these artists were not entirely immune to the siren call of the vanishing West and their portrayal of peaceful yet exotic Native Americans was an expansion rather than a dismissal of earlier tropes. Both brands cast a romantic spell on the West and both have been seared into public consciousness. **Branding the American West** is published in association with the Brigham Young University Museum of Art Provo Utah and the Stark Museum of Art Orange Texas. **American Cowboy**, 2002-05. Published for devotees of the cowboy and the West. **American Cowboy** covers all aspects of the Western lifestyle delivering the best in entertainment personalities travel rodeo action human interest art poetry fashion food horsemanship history and every other facet of Western culture. With stunning photography and you are there reportage **American Cowboy** immerses readers in the cowboy life and the magic that is the great American West. **Gold Rushes and Mining Camps of the Early American West**. Vardis Fisher, Opal Laurel Holmes, Opal Laurel Fisher, 1968. Distributed by the University of Nebraska Press for Caxton Press. Vardis Fisher and Opal Laurel Holmes bring together the stories of all of the remarkable men and women and all of the violent contrasts that made up one of the most entrhralling chapters in American history. Fisher a respected scholar and versatile creative writer devoted three years to the writing of this book. **The American West**, 1990.

You Don't Need a Passport to Move to New Mexico. Debora L. Carr, 2009-05. You Don't Need a Passport to Move to New Mexico. By Debora L. Carr. When an east coast Jersey girl moves west to her new home on the range in Albuquerque it does not take long to figure out that they do things differently in New Mexico. She finds she has moved from a state that has perpetually been the butt of comedian's jokes to a state that is generally not even recognized as such by a large portion of the US population. A compilation of firmly tongue in cheek vignettes regarding life in New Mexico as viewed through the eyes of an oftentimes bewildered transplanted Easterner the reader is invited on a rollicking ride through a state filled with weird wonders from moss rocks to the mummy truck and populated with a cast of colorful characters such as Tat2 Tammy the Masked Man of Central Avenue and Jesus on a Harley to name but a few. Born out of the humorous newsletters Debora wrote and sent to friends and family members back east the book relates tales of crazy drivers odd customs and strange roadway sights amid a landscape straight out of a Roadrunner cartoon. All are part of the Land of Enchantment that is known as New Mexico. About the Author. Debora Carr was born and raised in the central New Jersey area graduating from Rutgers University with a BA in Art Education in 1980 and became a successful professional graphic artist and packaging designer. She chose to accompany her parents when they decided to relocate to and retire in Albuquerque New Mexico in 2003 where

she continued her chosen profession of graphic artist working as a one person art department for a small print shop She continued to keep in touch with friends and family members back east by means of periodic humorous newsletters which she called her Albu Quirky Journals in which she detailed her perspective on life in New Mexico These collected essays were developed from those early newsletters and are written in a tongue in cheek style emulating those written by two of her favorite authors James Thurber and Mark Twain She has a penchant for collecting stories and photos of all things weird odd and unusual and is delighted to find that her new home state of New Mexico is overflowing with them **ZANE GREY**
