Look Away Dixieland James B. Twitchell,2011-03-18 As a boy James Twitchell heard stories about his ancestors in Louisiana and even played with his great grandfather's Civil War sword but he never appreciated the state and the events that influenced a pivotal chapter in his family history His great grandfather Marshall Harvey Twitchell a carpetbagger from Vermont had settled in upstate Louisiana during Reconstruction married a local girl and encountered much success until a fateful day in August 1874 The dramatic story of the elder Twitchell's life and near assassination fuels the author's pursuit of his family's history and a true understanding of the South In Look Away Dixieland Vermont native Twitchell sets out from his current home in Florida on the inauguration day of America's first black president to find the real South and to try to understand the truth about his illustrious ancestor He travels in an RV from Georgia's Okefenokee Swamp across Alabama and Mississippi to Coushatta Louisiana As he drives through the heart of Dixie Twitchell sorts through the prejudices he learned from his northern rearing In searching for the culture he had held at arm's length for so long he tours small town southern life in campgrounds cotton gins churches country fairs and squirrel dog kennels and uncovers some fundamental truths along the way Notably he discovers that prejudices of race class and ideology are not limited by geography As one man from Georgia mockingly summed up North versus South stereotypes Y'all are rude and we're stupid Unexpectedly Twitchell also uncovers facts about his great grandfather and sheds new light on his family's past An enlightening humorous and refreshingly honest search Look Away Dixieland reveals some of the differences and similarities that ultimately define us as a nation

Look Away, Dixieland Leon F. Harris, Frank Lee Beals,1937 Eating, Drinking, and Visiting in the South Joe Gray Taylor,2008-02-01 A lively informal history of over three centuries of southern hospitality and cuisine Eating Drinking and Visiting in the South traces regional gastronomy from the sparse diet of Jamestown settlers who learned from necessity to eat what the Indians ate to the lavish corporate cocktail parties of the New South Brimming with memorable detail this book by Joe Gray Taylor ranges from the groaning plates of the great plantations witnessed by Frederick Law Olmsted and a great many others to the less than appetizing extreme guests often confronted in the South's nineteenth century inns and taverns execrable coffee rancid butter and very dubious meat Taylor describes the diet of the early pioneers with its corn bread beaver tail soup and black bear meat and the creation of the South's regional cuisines including Kentucky's burgoo and south Louisiana's gumbo He tells of the rounds of visitation that were the social lifeblood of the Old South of the fatback and hoe cake that fed plantation slaves and of the starvation diet of the Confederate soldier and civilian Taylor then looks at how technological advances and urbanization have in some cases enhanced but more often diluted the southern eating experience and he finds that despite the introduction of fast food abominations and factory made horrors such as quick grits and canned biscuits the region's sturdy eating drinking and social traditions still flourish in many byways and on some main

avenues of the modern South In a new introduction noted food writer John Egerton looks at what motivated Joe Gray Taylor to undertake this fine study and discusses how southern food studies have progressed since the book was first released
