From an Existential Vacuum to a Tragic Optimism Barbara A. Heavilin, Charles W. Heavilin, 2014-07-03 From an Existential Vacuum to a Tragic Optimism The Search for Meaning and the Presence of God in Modern Literature employs a new theoretical approach to critical analysis Victor Frankl s logotherapy from the Greek logos for word or reason and often related to divine wisdom a unique form of existentialism On the basis of his observations of the power of human endurance and transcendence the discovery of meaning even in the midst of harrowing circumstances Frankl diagnoses the malaise of the current age as an existential vacuum a sense of meaninglessness He suggests that a panacea for this malaise may be found in creativity love and moral choice even when faced with suffering or death He affirms that human beings may transcend this vacuum discover meaning or even ultimate meaning to be found in Ultimate Being or God and live with a sense of tragic optimism This book observes both the current age s existential vacuum a malaise of emptiness and meaninglessness and its longing for meaning and God as reflected in three genres poetry novel and fantasy Part I Reflections of God in the Poetic Vision addresses tragic optimism hope when there seems to be no reason for hope in poems by William Butler Yeats T S Eliot Samuel Taylor Coleridge and Gerard Manley Hopkins Part II American Angst Emptiness and Possibility in John Steinbeck s Major Novels presents a study of Steinbeck s The Grapes of Wrath East of Eden and The Winter of Our Discontent novels that together form a uniquely American epic trilogy Together these novels tell the story of a nation s avarice corruption and betrayal offset by magnanimity heroism and hospitality Set against the backdrop of Frankl s ways of finding meaning and fulfillment all obliquely implying the felt presence of God the characters are representative Every Americans in whose lives are reflected a nation s worst vices and

best hopes Part III A Tragic Optimism The Triumph of Good in the Fantasy Worlds of Tolkien Lewis and Rowling defines fantasy and science fiction as mirrors with which to view reality J R R Tolkien s The Lord of the Rings C S Lewis s That Hideous Strength and J K Rowling s Harry Potter series are considered in the light of Frankl s logotherapy providing paths to meaning and the ultimate meaning to be found in God In a postmodern fragmented age these works affirm a continuing vision of God often through His felt absence and also a most human yearning for meaning even when there seems to be none providing as Frankl maintains a tragic optimism

Godwired Rachel Wagner,2012-03-12 Godwired offers an engaging exploration of religious practice in the digital age It considers how virtual experiences like stories games and rituals are forms of world building or cosmos construction that serve as a means of making sense of our own world Such creative and interactive activity is arguably patently religious This book examines the nature of sacred space in virtual contexts technology as a vehicle for sacred texts who we are when we go online what rituals have in common with games and how they work online what happens to community when people worship online how religious worlds and virtual worlds nurture similar desires Rachel Wagner suggests that whilst our engagement with virtual reality can be viewed as a form of religious activity today s virtual religion marks a radical departure from traditional religious practice it is ephemeral transient rapid disposable hyper individualized hybrid and in an ongoing state of flux

Theology and Practice of Mission Bruce Riley Ashford,2011-09-01 Theology disconnected from mission is not Christian theology at all The pastors professors and missionaries writing Theology and Practice of Mission provide a clear biblical theological framework for understanding the church s mission to the nations Toward that goal the book holds three major sections God s mission the church s mission and the church s mission to the

nations Part one explores the canon of Christian Scripture from narrative and systematic angles explaining how the mission of God to redeem a people who will be a kingdom of priests to the praise of his glory bear witness to his gospel advance his church and dwell with him forever on a new heaven and earth is communicated in the Bible's four movements Creation Fall Redemption and Restoration Part two sees the mission of God's people in the light of God's mission emphasizing not only preaching and church planting but also gospel witness in every dimension of human culture glorifying God in family church work community through the arts sciences education business and the public square The writers encourage us to live missionally leaving all of our resources at God's disposal for the sake of his kingdom Finally part three contends that the North American church must come to terms with its missional calling just as international missionaries do and gives a starting point and parameters for conceiving the church's mission to all people groups and cultural contexts Chapters here include ones on unreached people groups Muslims Hindus Buddhists and Postmoderns
