Lopoponax Roman:

Opoponax Monique Wittig, 1966 **Lectures on Roman Husbandry** Charles Daubeny, 1857 **Lectures on Roman Husbandry, delivered before the University of Oxford; comprehending such an account of the system of agriculture, the treatment of domestic animals, the horticulture &c., pursued in ancient times, as may be collected from the *Scriptores rei rusticae* ... With notices of the plants mentioned in Columella and Virgil** Charles Daubeny, 1857 Chemistry, Theoretical, Practical, and Analytical Sheridan Muspratt, 1860 A Practical Manual of the Treatment of Club-foot Lewis Albert Sayre, 1854 *The Elements of materia medica and therapeutics v.2, 1854* Jonathan Pereira, 1854 **Beautiful War** James Douglas Davis, 2010 Beautiful War explores the interdependent political linguistic and erotic registers of lesbian feminism in Monique Wittig's novels querying in particular how they function collectively to destabilize male hegemony and heterosexism Beginning with the assertion that Wittig expressly dismantles the Classical veneration of la belle femme in order to create an agent more capable of social change la femme belliqueuse the author traces the permutations of violence through her four novels *L'Opoponax* *Les Guérillères* *Le Corps Lesbien* and *Virgile Non* and examines the relevance of brutality to Wittig's feminist agenda Drawing on literary criticism intellectual and political history queer theory and feminist theory in his readings of the primary texts the author argues that Wittig's oeuvre constitutes a progressive textual actualization of paradigm shifts toward gender parity and a permanent banishment of the primacy of male and heterosexist political and sexual discourse Literature and the Development of Feminist Theory Robin Truth Goodman, 2015-12 This book offers an insightful look at the development of feminist theory through a literary lens Stressing the significance of feminism's origins in the European Enlightenment it traces the literary careers of feminism's major thinkers in order to elucidate the connection of feminist theoretical production to literary work **General Catalogue of Printed Books** British Museum. Department of Printed Books, 1969 The Perfume Handbook N. Groom, 2012-12-06 In 1948 I was posted as a Political Officer to a remote part of south west Arabia on the edge of the great desert called the Empty Quarter In valleys made fertile by seasonal flood waters lay the remains of an ancient civilization I found inscriptions and the ruin sites of towns palaces and temples Almost buried under the sand dunes were the tumbled walls of a great city From here two thousand years before huge camel caravans had trudged their way along 1600 miles of burning sand and rocks to Petra and Gaza burdened with a most precious cargo frankincense myrrh and other perfume materials for the courts temples and perfume shops of Rome My book *Frankincense and Myrrh* delved into the details of this romantic trade and led to a broader interest in the perfumes of ancient times Then researching on behalf of a perfume house into the Arab contribution to perfumery I came across the collection of perfume recipes assembled by the Arab philosopher scientist Yaquub al Kindi which have never been translated into English some which I have translated myself are now included in an appendix to this book I realized that in that work I had found key evidence to demonstrate how the medieval Arab perfume makers had

been the bridge in perfume history between ancient and modern times Perfumery could now be seen as an art with a continuous history of development since the dawn of civilization Studies of the Northern Campus Martius in Ancient Rome Robert E. A. Palmer,1990 This is a print on demand edition of a hard to find journal Treats ancient sites and monuments in the northern Campus Martius For centuries during the Republic the field of the god Mars lay outside the city of Rome on its northwestern limit Some political activities and many religious activities took place there Pompey and Caesar began to alter the aspect of the land with a theater and its great colonnade a hall of assembly and on the edge of the city a new forum with a temple Emp Augustus and his son in law Agrippa quickened the process of urbanization with a building program combined with efforts to bring the Tiber River under control Here is the story of the development of the terrain from the end of the Republic to the onset of church bldg Illus **The Elements of Materia Medica and Therapeutics**

Pereira,1853 Aromatherapeutic Blending Jennifer Peace Rhind,2015-10-21 Investigating the intricacies of aromatherapeutic blending this book explores the concept of synergy and presents evidence for the biological and therapeutic actions of essential oils and absolutes It encourages the practitioner to reflect on their approaches to treatment and provides guidance on building effective and safe blends *Women Writers of Ancient Greece and Rome* Ian Michael Plant,2004 Despite a common perception that most writing in antiquity was produced by men some important literature written by women during this period has survived Edited by I M Plant *Women Writers of Ancient Greece and Rome* is a comprehensive anthology of the surviving literary texts of women writers from the Graeco Roman world that offers new English translations from the works of more than fifty women From Sappho who lived in the seventh century B C to Eudocia and Egeria of the fifth century A D the texts presented here come from a wide range of sources and span the fields of poetry and prose Each author is introduced with a critical review of what we know about the writer her work and its significance along with a discussion of the texts that follow A general introduction looks into the problem of the authenticity of some texts attributed to women and places their literature into the wider literary and social contexts of the ancient Graeco Roman world
