

# LORD CHURCHILL'S COUP

*The Anglo-American Empire  
and the Glorious Revolution  
Reconsidered*

STEPHEN SAUNDERS WEBB

# Lord Churchills Coup

**Maura Jane Farrelly**

## **Lord Churchills Coup:**

**Lord Churchill's Coup** Stephen Saunder Webb,1999-01-01 Stephen Saunders Webb argues that both England and its American social experiments were the underdeveloped elements of an empire emerging on both sides of the Atlantic and that the pivotal moment of that empire the so called Glorious Revolution was in fact a military coup driven by religious fears Webb focuses on John Churchill who rises from page boy to Earl of Marlborough winning battlefield glory influence and promotion eventually becoming lieutenant general of the English army **Lord Churchill's Coup** Stephen Saunders Webb,1995 Webb further advances his revisionist interpretation of the British Empire in the 17th century by arguing that both England and its American social experiments were the underdeveloped elements of an empire emerging on both sides of the Atlantic He further shows that the so called Glorious Revolution was in fact a military coup driven by religious fears Illustrations **Lord Churchill's Coup** Stephen S. Webb,2012-09-12 In LORD CHURCHILL S COUP Stephen Saunders Webb further advances his revisionist interpretation of the British Empire in the seventeenth century Having earlier demonstrates that the Anglo American empire was classic in its form administered by an army committed to territorial expansion and motivated by crusading religion Webb now argues that both England and its American social experiments were the underdeveloped elements of an empire emerging on both sides of the Atlantic and that the pivotal moment of that empire the so called Glorious Revolution was in fact a military coup driven by religious fears In a vigorous narrative Webb populates this formative period of the Anglo American past with colorful and commanding characters At the center is John Churchill We see him rise from page boy to earl of Marlborough winning battlefield glory influence and promotion and his corresponding rise from ensign of the English army taking control of the destiny of the later Stuart monarchs of Britain and America Webb shows us Churchill increasingly alarmed by the Catholicizing course of his patron James II and becoming instrumental in the organization of a successful coup to protect Anglicanism and the constitution We see the resulting alliance with William of Orange the Protestant champion of Europe quickly turn sour as William makes himself king and we see Churchill now transformed into imperial politician once again in power able to secure the succession of Queen Anne and negotiate the terms of resumption of war against France Throughout Webb makes it clear that at the heart of Churchill s ascent and actions is his vision of America as a decisive factor in the world war between England and France for impersonal supremacy As the book ends Churchill s American agenda thus becomes central to the war aims of the Grand Alliance **Lord Churchill's Coup** Stephen S. Webb,1997-09-01 20 illustrations in text **Our First Revolution** Michael Barone,2008-06-24 Describes the influence of Britain s Glorious Revolution of 1688 and 1689 on America s founding fathers detailing the impact of the era on the evolution of representative government and the concept of individual liberty

*Marlborough's America* Stephen Saunders Webb,2013-01-01 Scholars of British America generally conclude that the early eighteenth century Anglo American empire was commercial in economics liberal in politics and parochial in policy

somnambulant in an era of salutary neglect but Stephen Saunders Webb here demonstrates that the American provinces under the spur of war became capitalist coercive and aggressive owing to the vigorous leadership of career army officers trained and nominated to American government by the captain general of the allied armies the first duke of Marlborough and that his influence and that of his legates prevailed through the entire century in America Webb's work follows the duke whom an eloquent enemy described as the greatest statesman and the greatest general that this country or any other country has produced his staff and soldiers through the ten campaigns which by defanging France made the union with Scotland possible and made Great Britain preeminent in the Atlantic world Then Webb demonstrates that the duke's legates transformed American colonies into provinces of empire Marlborough's America fifty years in the making is the fourth volume of *The Governors General*

**The Imperial Executive in America** Mary Lou Lustig, 2002 Andros also made significant attempts to increase the population and improve the economy of New York Cover

**Anti-Catholicism in America, 1620-1860** Maura Jane Farrelly, 2018 Farrelly uses America's early history of anti-Catholicism to reveal contemporary American understandings of freedom government God the individual and the community

**Huguenot Soldiers of William of Orange and the Glorious Revolution of 1688** Matthew Glozier, 2008-04-10 Provides an analysis of the political religious and social rationale which underlay Huguenot support for William of Orange in 1688 In the context of the Huguenot exodus from France and the Revocation of the Edict of Nantes the role of the Huguenot soldiers within an international Protestant political context is also explained

**Armies and Political Change in Britain, 1660-1750** Hannah Smith, 2021-11-01 *Armies and Political Change in Britain 1660 1750* argues that armies had a profound impact on the major political events of late seventeenth and early eighteenth century Britain Beginning with the controversial creation of a permanent army to protect the restored Stuart monarchy this original and important study examines how armies defended or destroyed regimes during the Exclusion Crisis Monmouth's Rebellion the Revolution of 1688 1689 and the Jacobite rebellions and plots of the post 1714 period including the 15 and 45 Hannah Smith explores the political ideas of common soldiers and army officers and analyses their political engagements in a divisive partisan world The threat or hope of military intervention into politics preoccupied the era Would a monarch employ the army to circumvent parliament and annihilate Protestantism Might the army determine the succession to the throne Could an ambitious general use armed force to achieve supreme political power These questions troubled successive generations of men and women as the British army developed into a lasting and costly component of the state and emerged as a highly successful fighting force during the War of the Spanish Succession *Armies and Political Change in Britain 1660 1750* deploys an innovative periodization to explore significant continuities and developments across the reigns of seven monarchs spanning almost a century Using a vivid and extensive array of archival literary and artistic material the volume presents a striking new perspective on the political and military history of Britain

**1676** Stephen Saunderson Webb, 1995-12-01 The colonial experience of Americans was not one long march toward independence Sixteen hundred

seventy six was a cataclysmic year of Indian insurrection and civil war in America when the colonies lost their autonomy after King Philip's War and Bacon's Rebellion Stephen Webb makes clear how the forces unleashed in 1676 revolutionized the relationships between the adolescent colonies the imperial government in London and the embattled Algonquin and Iroquois Indians and shows how the political institutions that evolved in the colonies in the next three hundred years reflected this experience

**The 17th and 18th Centuries** Frank N. Magill, 2013-09-13 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who's who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual's life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual's place in history All entries conclude with a fully annotated bibliography

**Defining a British State** L. Steffen, 2001-05-04 Explores the formation of the British state and national identity from 1603-1820 by examining the definitions of sovereignty and allegiance presented in treason trials The king's person remained central to national identity and the state until republican challenges forced prosecutors in treason trials to innovate and redefine sovereign authority

**Damned Souls in a Tobacco Colony** Edward L. Bond, 2000 In this study historian Edward L. Bond provides an inside view of religion in America's first colony Focusing on religion as various expressions of individual and corporate relationship with the divine the author gives the reader a picture of religion and society in colonial Virginia In the process he clarifies our understandings of Virginia's established Anglican Church discusses the theology and devotional practices of the colonists and explains the role of religion in colonial polity Such an approach allows the reader to see both the conservative and progressive elements in the way the earliest colonists in Virginia defined their individual and corporate relationship with God Throughout Bond's analysis he shows that by the end of the seventeenth century Virginians though viewing themselves as Anglicans nonetheless gradually discovered that they were defending an ecclesiastical institution much different from the one they left behind in England

BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

**Elite Foundations of Liberal Democracy** John Higley, Michael Burton, 2006-07-27 This compelling and convincing study represents the culmination of the authors several decades of research on the pivotal role played by elites in the success or failure of political regimes Revising the classical theory of elites and politics John Higley and Michael Burton distinguish basic types of elites and associated political regimes They canvas political change during the modern historical and contemporary periods to identify circumstances and ways in which the sine qua non of liberal democracy a consensually united elite has formed and persisted The book considers an impressive body of cases examining how consensually united elites have fostered forty five liberal democracies and how disunited or ideologically united elites have thus far prevented liberal democracy in more than one hundred other countries The authors argue that obstacles to the

emergence of elites propitious for liberal democracy are more formidable than democratization enthusiasts recognize They assess prospects for the transformation of disunited and ideologically united elites where they now exist ask whether current challenges to Western liberal democracies will undermine their consensually united elites and explore what the rise of the distinctive elite clustered around George W Bush may portend for America s liberal democracy The authors powerful and important argument reframes our thinking about liberal democracy and questions optimistic assumptions about the prospects for its spread in the twenty first century

### **General Percy Kirke and the Later Stuart Army John**

Childs,2014-02-25 General Percy Kirke c 1647 91 is remembered in Somerset as a cruel vicious thug who deluged the region in blood after the Battle of Sedgemoor in 1685 He is equally notorious in Northern Ireland Appointed to command the expedition to raise the Siege of Londonderry in 1689 his assumed treachery nearly resulted in the city s fall and he was made to look ridiculous when the blockade was eventually lifted by a few sailors in a rowing boat Yet Kirke was closely involved in some of the most important events in British and Irish history He served as the last governor of the colony of Tangier played a central role in facilitating the Glorious Revolution of 1688 and fought in the majority of the principal actions and campaigns undertaken by the newly formed standing armies in England Ireland and Scotland especially the Battle of the Boyne and the first Siege of Limerick in 1689 With the aid of his own earlier work in the field additional primary sources and a recently rediscovered letter book John Childs looks beyond the fictionalisation of Kirke most notably by R D Blackmore in Lorna Doone to investigate the historical reality of his career character professional competence politics and religion As well as offering fresh detailed narratives of such episodes as Monmouth s Rebellion the conspiracies in 1688 and the Siege of Londonderry this pioneering biography also presents insights into contemporary military personnel patronage cliques and procedures

From Chivalry to Terrorism Leo Braudy,2010-12-08 Manliness has always been linked to physical prowess and to war indeed the warrior has been the archetypal man across countless cultures throughout time In this magisterial excursion through literature history warfare and sociology one of our most prominent scholars tracks the complex relationship between the changing methods and goals of warfare and shifting models of manhood This journey takes us from the citizen soldiers of ancient Greece to the medieval knights to the misogynistic terrorists of Al Qaeda As he chronicles these transformations Leo Braudy weighs the significance of everything from weapon technology to the hairstyles favored during different eras He offers fresh insights on codes of war and codes of racial purity and on cultural and historical figures from Socrates to Don Quixote to Napoleon to Custer to Rambo Epic in scope and free of academic jargon From Chivalry to Terrorism is a masterwork of scholarship that is both accessible and breathtakingly ambitious

The Protestant International and the Huguenot Migration to Virginia David E. Lambert,2010 In 1700 King William III assigned Charles de Saily to accompany Huguenot refugees to Manakin Town on the Virginia frontier The existing explanation for why this migration was necessary is overly simplistic and seriously conflated Based largely on English language sources with an

English Atlantic focus it contends that King William III grateful to the French Protestant refugees who helped him invade England during the Glorious Revolution 1688 and win victory in Ireland 1691 rewarded these refugees by granting them 10 000 acres in Virginia on which to settle Using French language sources and a wider more European focus than existing interpretations this book offers an alternative explanation It delineates a Huguenot refugee resettlement network within a Protestant International highlighting the patronage of both King William himself and his valued Huguenot associate Henri de Ruvigny Lord Galway By 1700 King William was politically battered by the interwoven pressures of an English reaction against his high profile foreign favorites Galway among them and the Irish land grants he had awarded to close colleagues to Galway and others This book asserts that King William and Lord Galway sponsored the Manakin Town migration to provide an alternate location for Huguenot military refugees in the worst case scenario that they might lose their Irish refuge

War, Religion and Service Matthew Glozier, David Onnekink, 2017-05-15 During the Glorious Revolution of 1688

Huguenot soldiers were at the forefront of William of Orange's army Their role was an important one and they are with justification best remembered for this act among British historians and the public alike Yet Huguenot soldiering existed long before this event and French Protestants and their descendants featured prominently in European armies long afterwards This volume is the first attempt to bring together in a scholarly study essays treating the Huguenots as soldiers in Europe and globally Their story is often fascinating and sometimes poignant as they aided international Protestantism against Catholic foes across Europe and in the New World while remaining under the cross in their homeland of France The book is divided into three sections the first analysing the period prior to the 1685 Revocation of the Edict of Nantes which sealed their fate in France Their role as mercenaries and freedom fighters receives attention as does the complex political motivation that underscored their involvements abroad in the pre Revocation era Chapters examine the Huguenot rationale for foreign service and the dynamics of the Protestant international of which they were such a prominent part Their role in European armies after that date is covered in the second section of the volume with a number of expert studies of Huguenot refugees in the armies of Britain the Netherlands and Russia A third section treats the Huguenot legacy focusing on the aging generation of refugees and their descendants contributions to the countries of their adoption This book contains studies of the Huguenots serving in armies in various countries and examines the lives and actions of a number of individual French refugee commanders who led armies consisting of their compatriots By combining biographical studies of eminent figures with broader considerations of group experience the volume presents a wide ranging and thought provoking collection of material making this the first study of its kind to consistently treat the military contribution made by the Huguenots to Europe at the high point of their importance as a historical group *New York History* Alexander Clarence Flick, 1996

## Whispering the Strategies of Language: An Emotional Journey through **Lord Churchills Coup**

In a digitally-driven world where screens reign great and quick connection drowns out the subtleties of language, the profound secrets and psychological nuances concealed within phrases frequently get unheard. Yet, nestled within the pages of **Lord Churchills Coup** a captivating literary treasure pulsing with fresh emotions, lies an extraordinary journey waiting to be undertaken. Composed by a talented wordsmith, that charming opus encourages viewers on an introspective trip, softly unraveling the veiled truths and profound impact resonating within the fabric of every word. Within the psychological depths of this poignant review, we will embark upon a heartfelt exploration of the book's core subjects, dissect its interesting publishing design, and yield to the powerful resonance it evokes heavy within the recesses of readers' hearts.
