Blake,Jeffrey A. Keshen,Norman J. Knowles,Barbara J. Messamore,2017-05-18 Driven by its strong narrative Conflict and Compromise presents Canadian history chronologically allowing a better understanding of the interrelationships between events Its main objective is to demonstrate that although Canadian history has been marked by cleavages and conflicts there has been a continual process of negotiation and a need for compromise which has enabled Canada to develop into arguably one of the most successful and pluralistic countries in the world The authors have drawn from all genres characterizing the present state of Canadian historiography including social military cultural political and economic approaches In doing so their aim is to challenge readers to engage with debates and interpretations about the past rather than simply to study for an exam The first volume begins with the history of Canada s Indigenous inhabitants prior to

the arrival of Europeans and ends with the nation building project that got underway in 1864 The book is illustrated with over 50 images maps and figures all designed to support its mission to provoke intellectual curiosity      **Liberal**

**Nationalisms** James Kennedy,2015-04-01 A revealing comparative history of nationalist politics in Scotland and Quebec

**Towards a Godless Dominion** Elliot Hanowski,2023-10-15 In recent surveys one in four Canadians say they have no religion A century ago Canada was widely considered to be a Christian nation and the vast majority of Canadians claimed they were devoutly religious But some were determined to resist In the 1920s and 30s groups of militant unbelievers formed across Canada to push back against the dominance of religion Towards a Godless Dominion explores both anti religious activism and the organized opposition unbelievers faced from Christian Canada during the interwar period Despite Christianity s prominence anti religious ideas were propagated by lectures in theatres through newspapers and out on the streets Secularist groups in Montreal Toronto Winnipeg and Vancouver actively tried to win people away from religious belief In the first two cities they were met with stiff repression by the state which convicted unbelievers of blasphemous libel broke up their meetings and banned atheistic literature from circulating In the latter two cities unbelievers met social disapproval rather than official persecution Looking at interwar controversies around religion such as arguments about faith healing and fundamentalist campaigns against teaching evolution Elliot Hanowski shows how unbelievers were able to use these conflicts to get their skeptical message across to the public Challenging the stereotype of Canada as a tolerant secular nation Towards a Godless Dominion returns to a time when intolerant forms of Christianity ruled a country that was considered more religious than the United States      **Canadian Founding** Janet Ajzenstat,2007-05-28 A new interpretation of confederation contends that the founding fathers were John Locke s disciples champions of universal human rights and popular sovereignty Winner John T Saywell Prize for Canadian Constitutional Legal History 2009      **A Brief History of Canada** Roger E. Riendeau,2007 Presents a concise history of Canada from the time of early exploration by Europeans to the present day
