Love In Chains:

Chain in Chains Alex Flemming, 2005-07-22 Chain in Chains tells the intimate stories of interconnected relationships of a small collection of adults The main characters Jeff and Maria are the central link in the chain Yet this link intertwines with other links in various further chains The story deals with the ecstatic enjoyment sexual liberation and positively stimulating experiences as well as the emotional pressures driven by personal demands and the requirements of society values In short this is story about sex and everything with which it is accompanied As the first novel in a series Chain in Chains releases a number of characters into the world who develop their relationships in various ways and grapple with the freedom to enjoy and the ambivalent requirements of everyday life Not for the prude or fainthearted For some a shocking revelation for most an about time look at what happens especially in the evenings behind closed doors

A Walking Contradiction Sharee Reyes, 2021-08-30 0 0 Well look at that It s been a long time coming Now you will finally be able to dive into my mind and either drown or swim YOU will see parts of me that I ve lost and found The love the lust to my heart on the ground The insecurities but also the confidence The need for reassurance but also no fucks given since You may laugh or cry You may fuck the first person that comes to mind When you read my words my venom shines So sweet yet so seductive You will love it and succumb to it Metaphorically hypnotized Sit back and open your mind in my world where souls unwind Imagination has no limits here You can fulfill your fantasies and face your deepest fear Poetically speaking I am poetically correct You may want to relax My words will have massive side effects Everything in one A Walking Contradiction You will be back when you re done

Faith, Hope, and Love in the Technological Society Franz A. Foltz,Frederick A. Foltz,2018-07-31 Franz and Frederick Foltz examine how modern technology creates an environment that significantly affects Christianity by reducing the mysteries of faith to manageable techniques The body of their work analyzes the effects of technology on the theological virtues of faith hope and love the triad that believers have used for a common narrative to understand and express their thoughts and experiences They begin by looking at how recent developments have brought us into a post truth era by removing words from their context in nature time place and community Popular theologies such as the power of positive thinking the laws of creation the plan for salvation and the prosperity gospel reflect this change by gearing all for efficiently getting what we want and ignoring tradition The authors then examine each of the virtues separately finding that faith has become a risk management tool that depends on confidence in systems rather than personal relationships hope is defined as the expectation that our present desires shall be granted rather than a vision of the future and love has become an intimacy that provides escape from the real world and community rather than a self denying care for them Finally the authors take a look at some appropriate responses **Love in the Time of Horses** Charles Porter,2021-07-31 A horse story for riders A
