

An aerial photograph of a city at sunset. The sun is low on the horizon, creating a warm, orange glow that filters through the air. The city below is a dense grid of buildings and streets, with a prominent highway interchange visible on the left side. The overall mood is contemplative and romantic.

So it was possible to
love a stranger.

Love Of Strangers:

Love Tony Milligan, 2014-10-14 What is love What is it to be loved Can we trust love Is it overrated These are just some of the questions Tony Milligan pursues in his novel exploration of a subject that has occupied philosophers since the time of Plato Tackling the mood of pessimism about the nature of love that reaches back through Schopenhauer and Kierkegaard he examines the links between love and grief love and nature and between love of others and loving oneself We love too few things in the world Milligan concludes adding that we need to be loved too to appreciate our own value and the worth of life itself

Love From Heaven Lorna Byrne, 2017-02-14 Bestselling author and mystic Lorna Byrne teaches us how to have more compassion for both ourselves and others and to see all the love around us in this powerful and moving book perfect for fans of Louise Hay and Doreen Virtue Lorna Byrne an Irish mystic has been seeing angels since she was a baby but she sees even more than that In *Love from Heaven* she reveals for the first time that she sees love as a physical force Lorna first became conscious that the angels were teaching her about love when she was five years old and today she can see how love manifests in each of us She sees that newborn babies are full of pure love and that many teenagers and adults seem surrounded at the heart level by a transparent but ironlike band which restricts that love We are all pure love but nine out of ten of us have locked away most of this love within ourselves This love remains there though indestructible and ready to be released if only we can learn to love ourselves first *Love from Heaven* will transform the way you think about love stir up the love within and make you more compassionate leading to a happier life for you and those around you

Civil Disobedience Tony Milligan, 2013-03-28 Civil disobedience is a form of protest with a special standing with regards to the law that sets it apart from political violence Such principled law breaking has been witnessed in recent years over climate change economic strife and the treatment of animals Civil disobedience is examined here in the context of contemporary political activism in the light of classic accounts by Thoreau Tolstoy and Gandhi to call for a broader attitude towards what civil disobedience involves The question of violence is discussed arguing that civil disobedience need only be aspirationally non violent and that although some protests do not clearly constitute law breaking they may render people liable to arrest For example while there may not be violence against persons there may be property damage as seen in raids upon animal laboratories Such forms of militancy raise ethical and legal questions Arguing for a less restrictive theory of civil disobedience the book will be a valuable resource for anyone studying social movements and issues of political philosophy social justice and global ethics

The Interaction Between Law and Love in the Pauline Writings Pandelani Paul, 2015-07-16 There are five chapters of this book The first chapter is the overview of the whole book and how the research was going to be conducted It also gives the summary of law and love in the books of Paul The interaction between law and love in Pauline writing has been an interesting topic where we have discovered that the law of God cannot be separated from his agape love which has followed mankind from creation and eventually leads him to eternity We discovered that the law of God reveals Gods character and that is his

love The law of God and his love are one and cannot be separated from each other God gives the law to prove to man that he loves him deeply and eternally The death of Jesus on the cross was the final crown of the proof of how much we mean to God and the length He can go to redeem us He gave his all for our redemption The plan of salvation is the perfect revelation of law and love in Pauline writings Chapter 1 and 2 looks at law and love and the theology and ethics of law and love The plan of salvation is laid bare and how the Jews missed the mark of spreading the Word to the whole world by holding to God as a Jewish God alone In chapter 3 we discover the difference between the ceremonial law and the Decalogue The ceremonial laws were pointing toward the coming of Jesus and so with his arrival they came to an end because they were pointing to his coming The Decalogue was there and it will continue till the end of time when Jesus will come the second time Chapter 4 is all about love and what it means to God and how he could not compromise his Decalogue and the meaning of redemption Chapter 5 is the blending of law and love in Pauline writings Keeping the law is not a problem when you love God and you know that God loves you its not difficult to keep the Decalogue because your love supercedes the law When you love someone its easy to follow or keep the law Gods Decalogue is a mirror and love is the crown of our redemption For God so loved the world that he gave His only begotten son to die for man because His law could not be changed Love will lift us up such that doing and keeping Gods law will not be a burden but a pleasure because through Christs death we realize how important we are to God

Love and Christian Ethics Frederick V. Simmons, Brian Sorrells, 2016 At the heart of Christian ethics is the biblical commandment to love God and to love one s neighbor as oneself But what is the meaning of love Scholars have wrestled with this question since the recording of the Christian gospels and in recent decades teachers and students of Christian ethics have engaged in vigorous debates about appropriate interpretations and implications of this critical norm In Love and Christian Ethics nearly two dozen leading experts analyze and assess the meaning of love from a wide range of perspectives Chapters are organized into three areas influential sources and exponents of Western Christian thought about the ethical significance of love perennial theoretical questions attending that consideration and the implications of Christian love for important social realities Contributors bring a richness of thought and experience to deliver unprecedentedly broad and rigorous analysis of this central tenet of Christian ethics and faith William Werpehowski provides an afterword on future trajectories for this research Love and Christian Ethics is sure to become a benchmark resource in the field **Love Is...** J.

R. Gattis, 2022-03-10 Love is is not your typical one Scripture and a short story type of devotional Love is is an in depth study of the Word of God to analyze the true meaning of love and all of its attributes By using the Bible as a lens the author navigates us through an investigation into the biblical qualities of love from the Old Testament the teachings of Jesus and Paul s famous love verses in Corinthians Each daily devotion is saturated with Scripture and strongly aims toward helping others live a victorious life Providing many wise discernments biblical references and relatable application for the reader Love is helps solidify each concept in their mind and ultimately their spirit Each devotion is completely designed to draw the

reader closer in their relationship with the Lord while addressing love from every angle including faith and hope With daily prayers and Scripture studies and questions for reflections at the end of each devotion the reader can connect to the study as they dive deeper into the depths of a biblically based love Love is is the first devotional book by J R Gattis and a portion of all proceeds will be donated through abidesinlove com to show love in action to aid the addicted homeless and incarcerated to help them draw closer to Jesus in their time of need *Love and Politics* Jeffery L. Nicholas,2021-06-07 In *Love and Politics* Jeffery L. Nicholas argues that Eros is the final rejection of an alienated life in which humans are prevented from developing their human powers Eros in contrast is an overflowing of acting into new realities and new beauties a world in which human beings extend their powers and senses Nicholas uniquely interprets Alasdair MacIntyre s Revolutionary Aristotelianism as a response to alienation defined as the divorce of fact from value However this account cannot address alienation in the form of the oppression of women or people of color Importantly it fails to acknowledge the domination of nature that blackens the heart of alienated life Alienation must be seen as a separation of the human from nature Nicholas turns to Aristotle first to uncover the way his philosophy embodies a divorce of human from nature then to reconstruct the essential elements of Aristotle s metaphysics to defend a philosophical anthropology based on Eros *Love and Politics* Persistent Human Desires as a Foundation for Liberation presents a critical theory that synthesizes MacIntyre s Revolutionary Aristotelianism Frankfurt School Critical Theory and Social Reproduction Theory It will be of great interest to political theorists and philosophers
