Caribbean Without Borders Gabriel J. Jiménez Fuentes, Gabriel Mejía González, Marisol Joseph Haynes, 2015-09-04 One of the most salient issues in Caribbean studies is the region's linguistic and cultural fragmentation as a result of European colonization More than five centuries later the islands and American countries whose shores touch the Caribbean Sea still echo such maladies The title of this book is a call towards unity a unity that in the words of Barbadian poet historian and critic Kamau Brathwaite is submarine In the past nations borders were established based on the distance a cannon ball was able to cover when fired from land out to sea It is time to go beyond the cannon ball distances out into uncharted territories beyond the canon and thus beyond the cannon's range This book features a selection of essays presented at the fifth annual Caribbean Without Borders conference at the University of Puerto Rico Río Piedras It critically delves into the fields of linguistics history literature philosophy politics feminism cultural studies music film and art among many others as a means to re-visit re-view re-envision re-read re-interpret and thus re-create a Caribbean aesthetics that looks to submarine unity a unity that defies spatial temporal and social borders The book conveys the limitless nature of the Caribbean and its rich culture making it an appealing transdisciplinary source for a multidisciplinary academic audience

Race and Utopian Desire in American Literature and Society Patricia Ventura, Edward K. Chan, 2019-10-12 Bringing together a variety of scholarly voices this book argues for the necessity of understanding the important role literature plays in crystallizing the ideologies of the oppressed while exploring the necessarily racialized character of utopian thought in American culture and society Utopia in everyday usage designates an idealized fantasy place but within the interdisciplinary field of utopian studies the term often describes the worldviews of non-dominant groups when they challenge the ruling order In a time when white supremacy is reasserting itself in the US and around the world there is a growing need to understand the vital relationship between race and utopia as a resource for resistance Utopian literature opens up that relationship by envisioning and negotiating the prospect of a better future while acknowledging the brutal past The collection fills a critical gap in both literary studies which has largely ignored the issue of race and utopia and utopian studies which has said too little about race

Fictions of Land and Flesh Mark Rifkin, 2019-08-23 In *Fictions of Land and Flesh* Mark Rifkin explores the impasses that arise in seeking to connect Black and Indigenous movements turning to speculative fiction to understand those difficulties and envision productive ways of addressing them Against efforts to subsume varied forms of resistance into a single framework in the name of solidarity Rifkin argues that Black and Indigenous political struggles are oriented in distinct ways following their own lines of development and contestation Rifkin suggests how movement between the two can be approached as something of a speculative leap in which the terms and dynamics of one are disoriented in the encounter with the other Futurist fiction provides a compelling site for exploring such disjunctions Through analyses of works by Octavia Butler Walter Mosley Nalo Hopkinson Melissa Tantaquidgeon Zobel and others the book illustrates how ideas about
