Migration In European History:

Migration in European History Klaus Bade, 2008-04-15 Since the fall of the Iron Curtain migration has become a major cause for concern in many European countries but migrations to from and within Europe are nothing new as Klaus Bade reminds us in this timely history A history of migration to from and within Europe over a range of eras countries and migration types Examines the driving forces and currents of migration their effects on the cultures of both migrants and host populations including migration policies Focuses on the nineteenth and twentieth centuries particularly the period from the Second World War to the present Illuminates concerns about migration in Europe today Acts as a corrective to the alarmist reactions of host populations in twenty first century Europe **European Migrants** Dirk Hoerder, Leslie Page Moch, 1996 Includes statistics **Migration in European History: Immigration history and the future of international migration** Colin Holmes, 1996 **European History** Denton Jaques Snider, 1908 **Europe's Population In The Interwar Years** Princeton University. Office of Population Research, Dudley Kirk, 1968 First Published in 1969 Routledge is an imprint of Taylor Francis an informa company **European Encounters** Rainer Ohliger, Karen Schönwälder, 2017-03-02 This book reminds us of Europe s multi faceted history of expulsions flight and labour migration and the extent to which European history since 1945 is a history of migration While immigration and ethnic plurality have often been divisive issues encounters between Europeans and newcomers have also played an important part in the development of a European identity The authors analyze questions of individual and collective identities political responses to migration and the way in which migrants and migratory movements have been represented both by migrants themselves and their respective host societies The book s distinctive multi disciplinary and international approach brings together experts from several fields including history sociology anthropology and political science European Encounters will serve as an invaluable tool for students of contemporary European history migration and ethnic identities **Migration in European History** Colin Holmes, 1996 **Conflicted Memories** Konrad Hugo Jarausch, Thomas Lindenberger, Annelie Ramsbrock, 2007 Despite the interest in general European history the European dimension is surprisingly absent from much of the writing of contemporary history In most countries the historiography on the 20th century is dominated by national perspectives This book focuses on the development of a shared conception of European history **European Immigrations** Marek Okólski, 2012-08-01 This volume of the latest research in European migration embraces a continent wide outlook on migration processes and accounts particularly from Southern and Eastern European perspectives This is accomplished by analyzing the long term transition that countries undergo from net emigration to net immigration as well as developments in their migrant inflows integration and policy The mix of authors representing several academic centers across Europe yet pursuing a common vision of European migration past present and future utilize new empirical evidence specially designed and collected **Europe between Migrations, Decolonization and Integration (1945-1992)** Giuliana Laschi, Valeria

Deplano, Alessandro Pes, 2020-03-20 This monograph addresses mobility and migrations as contributing phenomena in shaping contemporary Europe after 1945 in connection with decolonisation and the creation of the European Community The disappearing of the colonial empires caused a large movement of people former colonizers as well as formerly colonized people from the extra European countries to the Old continent while the European integration project encouraged the movement of the citizens within the Community The book retraces how in both cases migrations and mobility impacted the way national communities as well as the European one have been defining themselves and their real and imaginary boundaries

The History of the European Migration Regime Emmanuel Comte, 2017-08-23 After the Second World War the international migration regime in Europe took a course different from the global migration regime and the migration regimes in other regions of the world Cumbersome and arbitrary administrative practices prevailed in the late 1940s in most parts of Europe The gradual implementation of regulations for the free movement of people within the European Community European citizenship and the internal and external dimensions of the Schengen agreements profoundly transformed the European migration regime These instruments produced a regional regime in Europe with an unparalleled degree of intraregional openness and an unparalleled degree of closure towards migrants from outside Europe This book relies on national and international archives to explain how German strategies during the Cold War shaped the openness of that original regime This migration regime helped Germany to create a stable international order in Western Europe after the war conducive to German Reunification and supported German economic expansion The book embraces the whole period of development of this regime from 1947 through 1992 It deals with all types of migrants between and towards European countries unskilled labourers skilled professionals self employed workers and migrant workers family members examining both their access to economic activity and their social and political rights
