according to the Universal Theater of God's Kingdom Catherine Whittier Huber, Lynn C. McCallum, 2011-01-28 When our Father of Faith is tempted to sacrifice his sense of humor on the Altar of God's Demands God intervenes in a surprising way that really makes Abe laugh This is the same God whose hungry servant Elijah is fed by ravens way out on the ragged edge and towards whom Moses manages a sidewise glance while on the lookout for greener pastures Then along comes another tough act to follow the Wild Man of Judea appearing in the Galilee Theater and baptizing Jesus of Nazareth in the Jordan River of God's Transforming Power and Hope Then in the very next scene Jesus ben Dios the Number One Draft Choice in all of Baseball hops a trial ways bus to intensive training camp where he comes face to face with the temptations and adversities of the real world Fortunately Jesus has his Spring Training Manual handy for quick reference Jesus then launches his teaching and healing career in many forms as a dance instructor farmer chef and even as a flamboyant pyromaniac arsonist who comes not to bring peace to the world but to set it on fire For who can forget Marshal Jesus out along the Border of Sin and Forgiveness encountering the Ten Men yon Or the homefolks chant Dr Jesus he's our man If we can't use him nobody can Because when Anglo Catholic Father Jesus meets an average parishioner at the Holy Water Basin and asks her to bless him with it their engaging conversation prompts students of the bible and pillars of the church to take a second look in order to watch ordinary altar candles suddenly take on more beauty and meaning than they have ever imagined before So for those who have eyes to see Look The Tao of Jung David H. Rosen, 1997-09-01 This startling new interpretation of Jung's life and psychology is based on the insight that he was essentially a Taoist Drawing on Jung's own letters aphorisms and other writings David Rosen examines six crises in Jung's personal development from childhood revelations and youthful rebellions to his break with Freud and his later work with the I Ching Rosen discovers many parallels between Jung's natural world of the psyche and that of Taoist philosophy the integration of opposites the Great Mother as the origin of all things the I Ching and synchronicity the Way of Integrity and individuation and the need to release the ego and surrender to the Self or Tao As an increasing number of people turn to Eastern philosophy as a means of

handling the many stresses of an increasingly confounding world this illuminating introduction to both Taoism and Jungian thought provides a valuable spiritual resource for contemporary followers of the Path **Miracle in a Hay Field** Roger Burke, 2010-11-24 Born in 1926 Pastor Roger Burke has lived through the Great Depression World War II and numerous other joys and challenges Miracle in a Hayfield weaves together a lifetime of experiences and meaningful bible passages on relevant topics like family and marriage dealing with death and illness and faith in times of adversity Most of these stories were written weekly from July 11 2004 until May 28th 2006 from personal experience for the First Baptist Church bulletin Polk Nebraska The purpose for the stories was a kind of entre for the message of that day Other stories were written while I endured the pain of a pinched sciatic nerve as I waited from January 1 until February 11 2010 for spine surgery It is my sincere desire and prayer that the Lord Jesus will be honored through the stories and that you will find them a delightful and challenging resource for your inspiration and perhaps even a good laugh Stirring of Soul in the Workplace Alan Briskin, 1998-12-28 This deeply lyrical book offers perspective for those struggling to hear the quiet voice of the soul over the din of the contemporary workplace Alan Briskin shows how the modern organization has gradually increased its demands on us beginning with our bodies then our minds and now our souls But through the moving personal stories of people fighting to reclaim their souls he also sends a message that encourages individuals to keep their spiritual integrity and values alive In The Stirring of Soul In the Workplace Briskin weaves together lessons from history psychology and management theory with numerous real life examples to tell the story of how the modern workplace has evolved to value technology and productivity over soulfulness and relationship From the Industrial Revolution's marriage of mechanization and efficiency to the management theories of the early 20th century Briskin traces the emergence of the quest for efficiency and control in the workplace He questions the corporate concept of individual personality that asks us to check our emotions fantasies imaginations and souls at the door He describes the history of the soul as a dynamic force that continues to influence our behavior and shows how excluding it from our work life actually flattens our potential and dampens our creativity Rather than solve the conventional question organizations have been asking for years how can we change people Alan Briskin examines how organizations can better reflect personal and human values in the workplace For organizations that too often have sacrificed the well being of the individual for the goals of the organization the author suggests a more active way of taking up our work roles that can bring more of our experience and imagination into play He points out that meaning cannot come from corporate mission statements or reengineering programs Instead it needs to be nurtured through dialogue and reflection the courage to ask troubling questions and a willingness to face the consequences of our collective and individual actions When we learn to honor the contradictions uncertainties and interconnections inherent in the workplace the energies of the soul will begin to stir with revitalizing results *Memories, Dreams, Reflections* Carl G.
