My Piece Of Happiness:

My Peace-Filled Day Rick Renner, 2023-05-02 Stop Wrestling With Life and Start Resting in Him Do you feel like you're on a merry-go-round of stress and anxiety that just won't stop? Do you feel like the circumstances around you shout so loudly that more than anything you are searching for peace and calm? Help is here! You can live in peace, fearless and free! In this journal renowned *Knowing the Mind* Yau Yan Wong, 2024-12-02 This book is about Yau Yan Wong's experiences as a teacher-researcher in practicing teaching and researching mindfulness practice in Thailand over the past 13 years. After learning from several Buddhist masters from different wisdom traditions, she introduced mindfulness practice to the students and teachers in an international school to nurture a healthier and more compassionate culture within the community. This book includes Wong's years of research findings on the benefits of mindfulness on child development, such as better focus, higher emotional intelligence, psychological resilience, and more. It also includes many short mindfulness practices and heuristics for teachers and parents to promote their emotional well-being and that of others in their daily lives. **My Happiness is My Sanity** Neffe, Shawonna Wynn, 2009 NEFFE A story that doesn't justify the streets but glorifies a destiny unfolding through time. As you read this book as you digest each portion of my poured-out soul, I need you to understand that these words are not just apart of me but apart of you. No matter who you are. No matter how old you are. No matter your race, religion, economical status, sexuality, gender, occupation, or IQ. I challenge you to journey through these pages of broken promises, revived hopes, and countless dreams without being able to relate. I dare you to continue over-looking the dysfunctional instabilities that society tends to disregard behind heavy coats of bull and expose them for the traumatizing burdens they weigh down to be. I encourage you to read my story and deny a need to call out the counterfeit, unveil the hypocrite, and assist with reconstructing the destruction of innocence. I warn you as this book is in your possession to wake up the worrier within and re-affirm that life is not about being perfect but being in position. I plead that you take heed and rise above the circumstances, trusting that there is a bigger promise awaiting your arrival as I testify to you. The truth. The whole truth. And nothing but. **Life Stories of Soviet Women** Melanie Ilic, 2013-08-15 This book provides a rich picture of what everyday life was like for women in Soviet times by presenting the life stories of eight women who were born in the interwar period. The life stories are told through interviews with the women who were well-educated and well-placed in Soviet society, often in elite positions and therefore well-able to observe and articulate the wider conditions for Soviet women besides their own personal circumstances. The interviews, which are edited and preceded by a full introduction setting the context, touch on a wide variety of issues: key events in Soviet history, religion, and nationalities policies, and women's everyday experiences of life in the Soviet Union, growing up and going to school, education, falling in love and getting married, giving birth and starting a family, housework and paid employment, travel, leisure, and culture, and remembering the past. **Panic Attacks** Paul Ianni, 2012-10-01 In *Panic Attacks: Why They Were Worth Experiencing*, author Paul Ianni talks about his life

and what has led to his panic attacks which began at age fifty He hopes that by sharing his experiences others might be able to better understand their own issues He believes that many people don't acknowledge the fact that they have panic attacks they just put on a brave face and ignore them At the height of his panic attacks he was desperate for a miracle cure but he soon discovered that there was no such thing A year after the first panic attack his life was back to normal and it was then that he realised his normal life had always been full of anxiety and fear Using techniques that had previously helped him overcome academic difficulties Paul was able to transform his life from panic and anxiety to peace and love He conquered a lifetime of self doubt and self defeating negativity learning to use his brain in a positive way to defeat his panic attacks These techniques are simple to use and achievable by anyone Combining them with what he has learned about new age thinking Panic Attacks share what enabled Paul to turn his life around and offers hope to those suffering under the same troubles
