Mystery Of Arafat:

The Mystery of Arafat Danny Rubinstein, 1998-04 When Yasser Arafat first appeared on the international stage following the 1967 Six Day War he was called a bloody terrorist When the Israeli army drove him from Beirut in 1984 he was dismissed as a broken marginalized figure When the grass roots Intifada broke out in the occupied territories in 1987 Arafat from his outpost in Tunis was able to portray himself as leader of the movement And when secret talks started between the Israelis and Palestinians in Oslo it was widely held that only Arafat could negotiate a lasting peace and independence for his people From guerrilla fighter to statesman to his present role as chief administrator over a fragile fledgling country Arafat has always remained just beyond the grasp of those who would define his nature or predict his next move Rubinstein approaches his subject as a detective might going back to Arafat s birth and shadowy youth in Egypt his life of ceaseless traveling the meanings behind his trademark kaffiyeh and three day beard his vows of personal poverty and his insistence on signing every check issued by the PLO Through anecdote analytic sifting and thoughtful reflection Rubinstein weaves a compelling portrait of Yasser Arafat one that will be of interest to all who follow events in the Middle East **Arafat's War** Efraim Karsh, 2007-12-01 A noted historian analyzes Yasser Arafat s role in destabilizing the Middle East in a book praised as eye opening and exhaustively researched New York Post Offering the first comprehensive account of the collapse of the most promising peace process between Israel and the Palestinians historian Efraim Karsh details Arafat s efforts since the historic Oslo Accords in building an extensive terrorist infrastructure his failure to disarm the extremist groups Hamas and Islamic Jihad and the Palestinian Authority s systematic efforts to indoctrinate hate and contempt for the Israeli people through rumor and religious zealotry Arafat has irrevocably altered the Middle East s political landscape and the ongoing Israeli Palestinian conflict will always be Arafat s war **Identity, Ideology and the Future of Jerusalem** D. Hulme, 2016-09-23 Using recalled personal history to examine the crucial place that Jerusalem has occupied in the identity and ideology core of fourteen key Palestinian and Jewish Israeli leaders in the Arab Zionist impasse this fascinating study explores the roles of identity and ideology in preventing or promoting a resolution between Israel and the Palestinians **The Rape of Palestine and the Struggle for Jerusalem** Lionel I. Casper, 2003 This detailed book begins with the period immediately following the death of the father of Zionism Theodore Herzl Rape of Palestine covers and explores fluctuations and changes in policy during the 20th Century and the consequences The Tears of Silence and the Holy Land of Hypocrisy , The Tears of Silence and the Holy Land of Hypocrisy is a journey through broken promises manipulated truths and the unbearable silence that falls between bombs It does not aim to take sides it aims to reveal what is forgotten the human soul beneath the slogans the tears behind the headlines the children who grow up learning the sound of drones before they learn their own names In a world where pain is politicized and suffering turned into spectacle this book dares to ask What is the cost of believing blindly Who profits when truth is silenced And what happens to a people any people when their grief is used their resistance reduced

and their humanity rewritten Drawing from raw testimony psychological depth and prophetic reflection the author offers a narrative that cuts through noise and demands to be felt This is not just about Palestine It is about power It is about language It is about the war that lives not only in the land but in the minds and hearts of those who are taught what to see and what not to feel From the ashes of Gaza to the silence of Arab palaces from the corridors of Western hypocrisy to the ancient texts turned into weapons this book holds a mirror to our modern world and it does not look away If you still believe peace is more than a word and justice more than a posture then you will hear your own questions in these pages Because silence is not empty It is full of stories waiting to be told

A Short History of the Gaza Strip Anne Irfan, 2025-10-28 From a leading scholar of Palestine Israel a brief essential history of the besieged strip of land revealing the long term roots of Israel's destruction of Gaza Since October 2023 Israel has carried out one of the most brutal military onslaughts in modern history on the Gaza Strip in response to the Hamas led attacks of October 7 But Gaza had long been in crisis even prior to the current violence now widely recognized as genocidal For seventy seven years the Palestinian people have endured displacement occupation collective punishment and ethnic cleansing with those in Gaza often bearing the brunt of it With remarkable clarity and compassion historian Anne Irfan tells the story of the Gaza Strip through six pivotal moments in its modern history beginning with Israel's expulsion of the Palestinian people upon its establishment in 1948 when Gaza absorbed more Palestinian refugees per head than anywhere else a demographic shift that became central to its identity As Irfan takes us through Israel's occupations of Gaza the Palestinian national struggle and formation of the PLO the first intifada the creation of the Palestinian Authority and the rise of Hamas she tackles widespread historical ignorance and untangles contradicting narratives Drawing on a decade of research Irfan weaves in the voices of everyday Palestinians from farmers who became refugees in Gaza to poets and activists who grew up in the Strip Featuring a foreword from Gazan writer and analyst Muhammad Shehadea *A Short History of the Gaza Strip* is an indispensable read for anyone seeking to understand Palestine and its impact on the world

Redefining security in the Middle East Tami Jacoby, Brent Sasley, 2018-07-30 This electronic version has been made available under a Creative Commons BY NC ND open access license For over five decades the Cold War security agenda was distinguished by the principal strategic balance that of a structure of bipolarity between the United States US and the Soviet Union USSR This book seeks to draw from current developments in critical security studies in order to establish a new framework of inquiry for security in the Middle East It

addresses the need to redefine security in the Middle East The focus is squarely on the Arab Israeli context in general and the Palestinian Israeli context in particular The character of Arab Israeli relations are measured by the Israeli foreign policy debate from the 1950s to the 1990s A dialogue between Islam and Islamism as a means to broaden the terrain on which conflict resolution and post bipolar security in the Middle East is to be understood is presented The Middle East peace process MEPP was an additional factor in problematizing the military strategic concept of security in the Middle East The shift in analysis from national security to human security reflects the transformations of the post Cold War era by combining military with non military concerns such as environmental damage social unrest economic mismanagement cultural conflict gender inequity and radical fundamentalism By way of contrast to realist international relations IR theory developing world theorists have proposed a different set of variables to explain the unique challenges facing developing states Finally the book examines the significance of ecopolitics in security agendas in the Middle East **Gideon's Spies** Gordon

Thomas,2010-04-01 THE SIXTH EDITION OF THE COMPELLING AND CONTROVERSIAL HISTORY OF ISRAEL S SECRET INTELLIGENCE AGENCY In the secret world of spies and covert operations no other intelligence service continues to be surrounded by myth and mystery or commands respect and fear like Israel s Mossad Formed in 1951 to ensure an embattled Israel s future the Mossad has been responsible for the most audacious and thrilling feats of espionage counterterrorism and assassination ever ventured Gideon s Spies draws from classified documents confidential sources and closed door interviews with Mossad agents informants and spymasters to reveal the organization s deepest secrets Revised and updated for 2012 this new edition includes the story of how Mossad assassinated the Hamas terror commander in Dubai in 2010 a look inside the modern Mossad training school the departure of long serving Mossad chief Meir Dagan and appointment of Tamir Pardo Mossad s failure to provide the intelligence for the infamous Gaza flotilla raid and the unresolved murder of a Mossad spy in London **The SAGE Encyclopedia of Terrorism, Second Edition** Gus Martin,2011-06-15

Six years after publication of the first edition of the best selling Encyclopedia of Terrorism much has changed on the national security scene Despite the dark promises of Osama bin Laden following the 9 11 attacks the United States has not experienced any major domestic terror incidents Al Qaeda itself is believed to be a severely crippled organization But while U S wars in Afghanistan and Iraq not to mention the arrival of the Obama administration a new balance of power within Congress and an increasingly fragile economic picture have significantly affected the national security picture the threat of economic chaos and massive loss of life due to terror attacks has not abated Indeed in July 2008 analysts pointed out that even a relatively small terrorist organization could present a dire threat with some experts arguing that a biological chemical or even nuclear attack on a major U S city is all but inevitable In this highly charged rapidly shifting environment we are pleased to present the The SAGE Encyclopedia of Terrorism Second Edition a thoroughly updated and expanded edition of the original highly regarded reference work Nearly 100 000 words of new material will be added along with fully updated original entries and expanded

coverage New introductory essays will explore the impact of terrorism on economics public health religion and even pop culture Ethical issues such as the role of torture in interrogations competing notions of security versus liberty and the debates over FISA legislation and Guantanamo Bay will also be covered Two dozen entries on significant recent events such as the London bombings Chechen attacks on Russian interests and the rescue of Ingrid Bettancourt and some 60 additional new entries will restore the work as an up to the minute natural first stop for researchers
